BROOKLINE TOWN RECORDS.

FOR THE MUNICIPAL YEAR 1884-5.

ANNUAL MEETING, MARCH 17, 1884.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting : —

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Brookline qualified to vote as the law directs, to meet at the Town Hall on Monday, the seventeenth day of March current, at one of the clock in the afternoon, for the following purposes, to wit : —

First, To choose a Moderator.

Second, To choose the usual Town Officers for the ensuing year; also, to give in their votes, Yes or No, in answer to the question, Shall licenses be granted for the sale of intoxicating liquors in this town? on a separate ballot.

Third, To see if the Town will accept and allow the town way in extension of Sewall Avenue, and the way called by the Selectmen Stearns Street, as laid out by the Selectmen.

Fourth, To see if the Town will authorize and empower the Selectmen to sell the gravel-pit belonging to the Town, in Brighton (Ward 25, Boston).

Fifth, To see if the Town will accept the list of Jurors, as revised by the Selectmen, and posted according to law.

Sixth, To see if the Town will adopt a by-law prohibiting children and others from riding on the runners of sleighs, pungs, or any other vehicle, on any highway of the town.

Seventh, To hear and act upon the Reports of Town Officers and Committees.

Eighth, To see if the Town will appropriate one thousand dollars for the erection of tablets in the Town Hall, on which to record the names of the Soldiers and Sailors of the Town of Brookline, who lost their lives in the War of the Rebellion.

Ninth, To see what action the Town will take upon the claim of John C. Abbott, to be paid for land taken from his estate to widen Harvard Street, in 1871.

Tenth, To see if the Town will accept such Act as may be passed by the General Court, authorizing the Town to issue additional water bonds.

Eleventh, To see what action the Town will take for the establishment of a high service system for the water works, and to make the necessary appropriation therefor.

Twelfth, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the Town for the ensuing year, and especially to act upon all the appropriations asked for, or proposed by the Selectmen, or by any Town Officers or Committees.

Hereof fail not, and make due return of this warrant to the Selectmen with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this third day of March, in the year of our Lord one thousand eight hundred and eighty-four.

CHAS. H. DREW,	} Selectmen of the Town of Brookline.
JOHN K. ROGERS,	
C. F. SPAULDING,	
OLIVER WHYTE,	

NORFOLK, SS.

BROOKLINE, March 13, 1884.

In pursuance of the within warrant, I have notified and warned the inhabitants of the Town of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed copy of the same to be left at their last and usual place of abode; also, by posting the same in three or more public places four days at least before the day of said meeting.

W. Y. GROSS, Constable.

In pursuance of the foregoing warrant, the inhabitants of the Town of Brookline qualified to vote in elections met in the Town Hall, in said town, on Monday, the seventeenth day of March, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at one of the clock in the afternoon, by the Town Clerk, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants of the town.

The first article was then taken up, — “To choose a Moderator.”

Voted, That the polls be kept open twenty minutes.

The polls were then declared open for the reception of votes for Moderator, and were kept open twenty minutes, when they were declared closed. The Town Clerk then proceeded to sort and count the votes given in, and the

whole number so given in was one hundred and two, and were as follows:—

For Moderator, Charles H. Drew had thirty-six; Thomas H. Talbot had sixty-six, and was declared elected.

Mr. Talbot not being present, Mr. Francis Hunnewell stated that he was authorized by Mr. Talbot to say to the meeting that he would decline the office.

Voted, To accept Mr. Talbot's declination.

The polls were then declared open for the reception of votes for Moderator, and were kept open five minutes, when they were declared closed. The Town Clerk then proceeded to sort and count the votes given in, and the whole number given in was twenty-two, and were as follows:

For Moderator, Charles H. Drew had twenty-two, was declared elected, and took the chair.

The meeting was then called to order and prayer was offered by Rev. John B. Brackett, D.D.

The second article was then taken up, — “To choose the usual Town Officers for the ensuing year; also to give in their votes, Yes or No, in answer to the question, Shall licenses be granted for the sale of intoxicating liquors in this town? on a separate ballot.”

On motion of Mr. Alfred E. Kenrick it was —

Voted, That the meeting now proceed to choose by ballot the following Town Officers, all to be voted for on one ticket, viz:

A Town Clerk; Five Selectmen, who shall be Surveyors of Highways and a Board of Health; Seven Overseers of the Poor, two of whom shall be women; A Treasurer and Collector; three Assessors; three members of the School Committee for three years; one member of the School Committee for one year; four members of the Trustees of the Public Library for three years; two Trustees of Walnut Hills Cemetery for three years; one Commissioner of the Sinking Fund for three years; one Park Commissioner for three years; one member of the Water Board for three years; three Auditors; two Fence Viewers; four Constables.

Also, to vote Yes or No in answer to the question, Shall licenses be granted for the sale of intoxicating liquors in this town? on a separate ballot, to be deposited at the same time and in the same box.

The Moderator appointed the following persons to assist in sorting and counting the votes, viz: Alfred Eugene Kenrick, Nathaniel Conant, George H. Johnson, Peter A.

Hogan, — and they were sworn to the faithful discharge of that duty by the Town Clerk.

Voted, That the polls be kept open until twenty minutes past five of the clock in the afternoon.

The polls were then declared open for the reception of votes for the various Town Officers and they were kept open until twenty minutes past five of the clock in the afternoon, when, after due notice having been given by the Moderator, they were declared closed.

The Moderator and Town Clerk then proceeded, with the assistance of the tellers appointed, to sort and count the votes so given in and the whole number of votes so given in was seven hundred and seventy, (four of which were the votes of women for School Committee,) and the following persons having a plurality and all a majority were declared elected, viz :

Town Clerk.

Benjamin F. Baker. (Sworn by the Moderator.)

Selectmen, Surveyors of Highways and Board of Health.

Alfred D. Chandler, John K. Rogers, James B. Hand,
Francis W. Lawrence, Oliver Whyte.

Overseers of the Poor.

Alfred D. Chandler, John K. Rogers,
James B. Hand, Francis W. Lawrence, Oliver Whyte,
Mrs. Henrietta G. Codman, Mrs. Elizabeth Cabot.

Treasurer and Collector.

Moses Withington.

Assessors.

William Lincoln, J. Anson Guild, Rufus G. F. Candage.

School Committee for three years.

Albert Mason, Rev. Leonard K. Storrs, Rev. John B. Brackett.

School Committee for one year.

Michael Duffley.

Trustees of the Public Library for three years.

Charles H. Drew, William Aspinwall, Augustine Shurtleff,
Rev. Howard N. Brown.

Trustees of the Walnut Hills Cemetery for three years.

Charles S. Sargent, Willard A. Humphrey.

Commissioner of the Sinking Fund for three years.

Charles D. Head.

Park Commissioner for three years.

Francis W. Lawrence.

Member of the Water Board for three years.

William J. Griggs.

Auditors.

George H. Worthley, William E. Lincoln, Charles A. W. Spencer.

Fence Viewers.

William K. Melcher, Jonathan D. Long.

Constables.

Willard Y. Gross, (Sworn by the Moderator.)

Charles L. Palmer, (Sworn by the Moderator.)

Eben W. Reed, George F. Johnson.

On the question, "Shall licenses be granted for the sale of intoxicating liquors in this town?" the whole number of votes was six hundred and eighty-two.

Yes, Three hundred and thirty-five. (335.)

No, Three hundred and forty-seven. (347.)

In voting the check list was used, also a separate check list for the women voters, and no person was allowed to deposit their vote until their name was found on the list and checked.

On motion of Mr. Edward Atkinson it was —

Voted, That the Selectmen be requested to prepare a list of all the sewer assessments which have been made by the Town, and to report at the adjourned meeting,—

1st. What assessments have been paid, and what disposition was made of the money.

2d. What have been abated, if any.

3d. What have been lost by lapse of time in collection, if any.

4th. What are now due and unpaid, when levied, when liable to lapse if not collected.

5th. To call upon the Treasurer and Collector for a statement of all the proceedings which he has taken to collect unpaid sewer assessments or betterments, if any, and the present status of all pending cases; and also, what poll taxes there are uncollected for the last ten years; and that the said report be printed.

On motion of Capt. R. G. F. Candage it was —

Voted, That at this meeting no business be transacted except the declaration of the vote for Town Officers.

Voted, That when this meeting adjourn it be to meet on Wednesday, the twenty-sixth instant, at half-past seven of the clock in the evening.

Adjourned.

Attest: B. F. BAKER, Town Clerk.

In pursuance of the laws of this Commonwealth the Town Clerk forthwith made out his warrant and delivered it to Constable Willard Y. Gross, requiring him, within three days

from the date thereof, to summons all officers chosen and not qualified, to appear before the Town Clerk within seven days from the date of said warrant, to be qualified for their several offices; to be sworn where an oath is required, or to signify their refusal of said office; also, to signify their acceptance or refusal of the offices to which they have been chosen where an oath is not required.

Attest: B. F. BAKER, Town Clerk.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

Then personally appeared the persons below named and were sworn to the faithful discharge of the duties of their office at the time set against their names, or filed a certificate of having been sworn before a Justice of the Peace, or signified their acceptance or refusal of the office to which they had been chosen, viz:—

1884.

ADJOURNED ANNUAL MEETING, MARCH 26, 1884.

Pursuant to adjournment the inhabitants of the Town of Brookline qualified to vote in elections met in the Town Hall in said town, on Wednesday, the twenty-sixth day of March, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at half-past seven of the clock in the evening, by the Town Clerk.

A communication received from Mr. Charles H. Drew, in which he resigned the office of Moderator, was read by the Town Clerk. The Town Clerk then called upon the meeting to bring in their votes for a Moderator.

Voted, That the polls be kept open five minutes.

The polls were then declared open for the reception of votes for Moderator and were kept open five minutes, when they were declared closed. The Town Clerk then proceeded to sort and count the votes given in for Moderator, and the whole number so given in was thirty-two, and were as follows :—

For Moderator, Moses Williams had thirty-two, was declared elected and took the chair.

The meeting then proceeded to fill the vacancies in the list of officers caused by declinations or non-qualification. The polls were then declared open for the reception of votes for two Fence Viewers. The polls were kept open ten minutes, when they were declared closed. The Moderator and Town Clerk then proceeded to sort and count the votes given in, and the whole number so given in was nine and the following persons, having a majority, were declared elected, viz :

Fence Viewers.

Burton W. Neal, (Sworn by the Moderator,)

Willard Y. Gross. (Sworn by the Moderator.)

The check list was used in voting for Moderator and Fence Viewers, and no person was allowed to deposit his vote until his name was found and checked on the list. The meeting then nominated and chose the following officers, viz :

Surveyors of Lumber, and Measurers of Wood and Bark.

George H. Coolidge, (Declined.)
 Francis H. Bacon, (Sworn by the Moderator.)
 William K. Melcher,
 John E. Cousens,
 Charles D. Austin. (Sworn by the Moderator.)

Pound Keeper.

Eben W. Reed. (Sworn by the Moderator.)

Field Driver.

Eben W. Reed. (Sworn by the Moderator.)

Sealers of Leather.

Samuel A. Robinson, (March 29; Sworn by the Town Clerk.)
 Isaac D. White.

Sealers of Weights and Measures.

Willard Y. Gross. (Sworn by the Moderator.)

Cemetery Committee, Brookline Cemetery, Walnut Street.

Joseph D. Gutterson. (March 29; Accepted.)

Eighth Article taken up, — “To see if the Town will appropriate one thousand dollars for the erection of tablets in the Town Hall, on which to record the names of the Soldiers and Sailors of the Town of Brookline, who lost their lives in the War of the Rebellion.”

On motion of Col. Thomas H. Talbot it was —

Voted, That the Town appropriate the sum of one thousand (\$1,000) dollars for the erection of “Tablets” in the Town Hall, on which to record the names of the Soldiers and Sailors of the Town of Brookline, who lost their lives in the War of the Rebellion; and that E. C. Cabot, L. Frederick Rice, C. S. Storrow, C. C. Soule, and E. B. Richardson be a Committee to procure and erect the same.

Fifth Article taken up, — “To see if the Town will accept the list of Jurors, as revised by the Selectmen and posted according to law.”

The following list of Jurors was then presented, which had been revised by the Selectmen and posted according to law :

LIST OF JURORS FOR THE TOWN OF BROOKLINE FOR THE YEAR 1884.

Attest: B. F. BAKER, Town Clerk.

BROOKLINE, Mass., February 18, 1884.

Voted, To accept and allow the foregoing list.

Third Article taken up, — “ To see if the Town will accept and allow the town way in extension of Sewall Avenue, and the way called by the Selectmen, Stearns Street, as laid out by the Selectmen.”

The Selectmen presented the following report on laying out said ways :

The undersigned, Selectmen of Brookline, having given printed and written notices to Amos S. Young, G. H. Wright, William Stearns, Charles H. Stearns, and George Dexter, (being all the parties known to us to be interested in the subject-matter of the street or town way to be laid out),

of such intention to lay out a town way in extension of the town way known as Sewall Avenue, leading from St. Paul Street to Beacon Street, such notices requiring said persons to appear before us at the Town Hall, on Monday, the 28th day of January, 1884, at 4 o'clock in the afternoon, and having caused such notices to be actually served, according to law, upon all said persons, by a constable of this town, at least seven days before the day so appointed for the hearing; and having also given notice to them, and all other persons and corporations (if any) who may be interested in the subject-matter of said way, whose names are not known to us, by posting up copies of the printed and written notice in three public places in town, at least seven days before the day appointed for the hearing. Pursuant to such notice, we met at the time and place appointed for the hearing, and thence by adjournment to Monday, February 4th, 1884, and, after hearing the parties and their remarks and objections, and the route of the proposed street or town way having being viewed and examined by us, after fully considering the subject, do adjudge that it is necessary for the public convenience that a street or town way should be laid out and maintained as hereinafter described.

The southwesterly line commencing at a point situated upon the westerly side of St. Paul Street, 287.20 feet northerly from its intersection with the northerly line of Longwood Avenue, thence running

N. $84^{\circ} 10'$ W. 209.85 feet; thence

N. $81^{\circ} 53' 15''$ W. 102.75 feet; thence

N. $87^{\circ} 48' 2''$ W. 46.83 feet; thence

N. $19^{\circ} 16' 40''$ W. 305.38 feet, to Beacon Street.

The northeasterly line commencing at a point on the westerly side of St. Paul Street, 40.01 feet northerly from the beginning of the first above described line, and running on the same course, to wit:

N. $84^{\circ} 10'$ W. 210.05 feet; thence

N. $81^{\circ} 25' 50''$ W. 137.32 feet; thence

N. $19^{\circ} 16' 40''$ W. 274.55 feet, to Beacon Street, said last line being parallel with and 40 feet distant from the last described line forming the southwesterly side of the proposed way.

The location of said street or way is in accordance with a plan of the same, dated Jan. 29, 1884, made by A. H. French, Civil Engineer, approved by us, and such plan is adopted by us as a part of this accord.

And the owners of the land abutting upon said street or way, and of the fee of the land over which said street or way is laid out, in consideration of the town laying out the same, agree to waive all claims to land or grade damages.

There being no structures, buildings, trees, walls, fences, or hedges standing upon the land taken for said street or way, the same may be entered upon at once.

And said street or way as so laid out, located, and described, is hereby reported to the Town for acceptance, and when so accepted, allowed, and recorded, is to be known as a town way.

The part of the said laying out between St. Paul Street and the angle opposite the estate of Amos S. Young we have called Sewall Avenue, and the part between said angle and Beacon Street we have called Stearns Street.

The said plan and this record have this day been filed by us in the Town Clerk's Office.

CHAS. H. DREW, JOHN K. ROGERS, CHAS. F. SPAULDING, OLIVER WHYTE,	} Selectmen of the Town of Brookline.
---	---

BROOKLINE, February 25th, 1884.

BROOKLINE, MASS., February 25th, 1884.

Filed in the Office of the Town Clerk.

Attest: B. F. BAKER, Town Clerk.

Voted, That so much of said way as is called Stearns Street be named Charles Street.

Voted, To accept and allow the foregoing report.

Fourth Article taken up, — “To see if the Town will authorize and empower the Selectmen to sell the gravel-pit belonging to the Town, in Brighton (Ward 25, Boston).”

On motion of Mr. Alfred D. Chandler it was —

Voted, That the Selectmen are hereby authorized and instructed to sell at public or private sale the whole or a part of the town lot of land on Warren Street, in the Brighton District of Boston, if, in their judgment, a suitable price can be obtained therefor. The proceeds of such sale, after deducting the necessary expenses thereof, shall be paid into the Town Treasury, and be estimated as a portion of the receipts of the Town for the current year.

Sixth Article taken up, — “To see if the Town will adopt a by-law prohibiting children and others from riding on the runners of sleighs, pungs, or any other vehicle, on any highway of the town.”

Voted, That the Sixth Article be referred back to the Selectmen to report thereon at a future meeting, or an adjournment of this meeting.

Ninth Article taken up, — “To see what action the Town will take upon the claim of John C. Abbott, to be paid for land taken from his estate to widen Harvard Street in 1871.”

Voted, That the Ninth Article be indefinitely postponed.

Tenth Article taken up, — “To see if the Town will accept such Act as may be passed by the General Court, authorizing the Town to issue additional water bonds.”

Voted, That the Tenth Article be laid on the table.

Eleventh Article taken up, — “To see what action the Town will take for the establishment of a high service system for

the water works, and to make the necessary appropriation therefor."

Voted, That the Eleventh Article be laid on the table.

Seventh Article taken up, — "To hear and act upon the Reports of Town Officers and Committees."

On motion of Mr. Alfred D. Chandler it was —

Voted, That the Reports of Town Officers and Committees as printed and circulated among the citizens be accepted.

On motion of Mr. William T. R. Marvin it was —

Voted, That a special committee, to consist of the Selectmen and School Committee, be appointed to consider what plans should be adopted to enlarge the present school accommodations, with instructions to report at an early day such recommendations as may seem most expedient.

Voted, That the Treasurer be instructed to give the note of the Town, signed by the Treasurer and countersigned by a majority of the Selectmen, for the sum of five thousand dollars, payable to the Commissioners of the Sinking Fund, (who are hereby declared Trustees of the Edward Devotion School Fund,) bearing interest at the rate of four per cent per annum.

Twelfth Article taken up, — "To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the Town for the ensuing year, and especially to act upon all the appropriations asked for, or proposed by the Selectmen, or by any Town Officers or Committees."

Voted, That the Town hereby appropriates for the State and County taxes such sums as may be assessed this year upon the Town by the State and County.

On motion of Mr. Edward Atkinson it was —

Voted, That the Selectmen be instructed to consider the expediency of placing a stand pipe, with suitable platform and hydrant, upon the rear of the Town Hall, or elsewhere on the building, with a view to the protection of the roof and other parts of the building from fire, with power to put such apparatus in place if they see fit.

On motion of Mr. William T. R. Marvin it was —

Voted, That a sum not exceeding five thousand dollars be and the same is hereby appropriated towards the payment of the above note, and that the same, or so much thereof as shall be needed, be expended, under the direction of the School Committee, in the enlargement of the High School building.

Voted, That the bequest of Edward Devotion "towards building and maintaining a school as near the centre of the town as shall be agreed upon by the Town," having been invested in the High School building, the large hall in the same shall hereafter be called the "Edward Devotion Hall," in his honor.

Voted, That an amount not exceeding two hundred dollars be appropriated, to be expended, under the direction of the School Committee, in asphaltting the yard of the Pierce Primary School.

On motion of Mr. Edward Atkinson it was —

Voted, That the Selectmen be instructed to take advice in relation to improving the acoustic properties of the Town Hall.

Voted, That the Auditors be instructed to consider and report at the adjourned meeting, whether or not the water rates may not be collected by the Town Treasurer and Collector, in order that all receipts of money by the Town may be kept upon one and the same set of books.

On motion of Mr. Oliver Whyte it was —

Voted, That the Water Board be authorized to lay a six-inch water main in Sewall Avenue, from Kent Street to a point opposite the new street called Charles Street, a distance of 1,436 feet, at an estimated cost of \$1,800; provided the petitioners sign an agreement to pay to the Town five per cent per annum for five years from the completion thereof, on the estimated cost of laying the same, less such an amount as may be collected as water rates on said avenue, said payment to be made yearly in advance.

On motion of Mr. Alfred D. Chandler it was —

Voted, That the Treasurer be authorized to borrow, in anticipation of taxes for the present year, such sum or sums of money as may be needed from time to time, not exceeding altogether two hundred thousand dollars, paying therefor at the lowest market rate of interest, giving the note or notes of the Town therefor, to be signed by the Treasurer and countersigned by at least a majority of the Selectmen, and to be paid from the taxes to be raised the present year.

On motion of Capt. R. G. F. Candage it was —

Voted, That the sum of one thousand dollars be appropriated, to be expended by the Surveyors of the Highways in planting trees along the streets of the town, and that they be requested to consult with the Committee on Trees in the Public Streets.

On motion of Mr. Edward Atkinson it was —

Voted, That the Surveyors of Highways and Police, as conservators of the trees of the town, be instructed to protect the trees upon the highways against injury being inflicted by telephone or telegraph companies, or others, and to prosecute all persons who unlawfully injure them.

Voted, To adjourn to meet on Monday, the seventh day of April next, at half-past seven of the clock in the evening.

Adjourned.

Attest: B. F. BAKER, Town Clerk.

ADJOURNED ANNUAL MEETING, APRIL 7, 1884.

Pursuant to adjournment the inhabitants of the Town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Monday, the seventh day of April, in the year of our Lord one thousand eight hundred and eighty-four; and were called to order at half-past seven of the clock in the evening, by the Moderator, Moses Williams.

The Twelfth Article under consideration, — “To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing Articles, or as may be required to defray the expenses of the Town for the ensuing year, and especially to act upon all the appropriations asked for, or proposed by the Selectmen, or by any Town Officers or Committees.”

On motion of Mr. Thomas Parsons it was —

Voted, That the vote whereby the Town appropriated the sum of five thousand two hundred dollars for the support of the Library and Librarian's salary, be and hereby is reconsidered.

Voted, That the sum of five thousand five hundred dollars be appropriated for the support of the Library and Librarian's salary.

Twelfth Article laid on the table.

Second Article taken up, — “To choose the usual Town Officers for the ensuing year; also to give in their votes, Yes or No, in answer to the question, Shall licenses be granted for the sale of intoxicating liquors in this town? on a separate ballot.”

On motion of Capt. R. G. F. Candage it was —

Voted, That the vote whereby the Town voted to appoint five Surveyors of Lumber and Measurers of Wood and Bark be reconsidered.

Voted, That the number of Surveyors of Lumber and Measurers of Wood and Bark for the ensuing year be two, and that the two persons chosen and qualified are to act in that capacity.

Twelfth Article taken from the table.

On motion of Mr. Alfred D. Chandler it was —

Voted, That the vote whereby the Town voted to appropriate the sum of one thousand dollars for the purpose of planting trees along the streets of the town be and hereby is reconsidered.

Mr. Chandler stated that the Town could not appropriate for that purpose more than twenty-five cents for each ratable poll. It was then moved that the sum of five hundred dollars be appropriated for planting trees along the streets of the town. The motion being put, it was rejected.

On motion of Mr. Alfred D. Chandler it was —

Voted, That the money appropriated by the Town at this Annual Town Meeting, and at the adjournments thereof, for the various purposes specified, be assessed, after deducting the balance in the treasury and the estimated receipts for the ensuing town year, upon the polls and upon the estates personal and real of the resident and non-resident tax payers of the town, and be collected, as the town charges are usually assessed and collected.

On motion of Mr. Edward Atkinson it was —

Voted, That Charles S. Sargent, Charles H. Stearns, Thomas Aspinwall, Barthold Schlessinger, and Frederick Law Olmsted be a committee to consider the subject of planting trees in the streets, and report to the Town thereon with such recommendations for the action of the Town as may be lawful and advisable.

On motion of Mr. Alfred D. Chandler it was —

Voted, That this meeting do now adjourn for ten minutes, for the purpose of calling and organizing the Special Town Meeting, called to meet in this place at eight of the clock in the evening.

Adjourned.

Attest: B. F. BAKER, Town Clerk.

SPECIAL MEETING, APRIL 7, 1884.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Brookline, qualified to vote as the law directs, to meet at the Town Hall on Monday, the seventh day of April current, at eight of the clock in the evening, for the following purposes, to wit:

First, To choose a Moderator.

Second, To see if the Town will accept Chapter 105 of the Acts of 1884, entitled, "An Act to authorize the Town of Brookline to issue additional water scrip."

Third, To see what action the Town will take for the establishment of a high service system for the water works, and to make the necessary appropriation therefor.

Fourth, To see if the Town will authorize the Selectmen to settle suits and claims against the Town, and employ counsel in cases where they shall consider it to be necessary.

Fifth, To see what action the Town will take in relation to the revision of the Brookline Water Rates.

Sixth, To choose a Park Commissioner and Trustee of Walnut Hills Cemetery, to fill the unexpired terms, caused by the resignation of Theodore Lyman.

Hereof fail not, and make due return of this warrant to the Selectmen, with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this first day of April, in the year of our Lord eighteen hundred and eighty-four.

ALFRED D. CHANDLER,	} Selectmen of the Town of Brookline.
FRANCIS W. LAWRENCE,	
JAMES B. HAND,	
OLIVER WHYTE,	

NORFOLK, SS.

BROOKLINE, April 3d, 1884.

In pursuance of the within warrant, I have notified and warned the inhabitants of the Town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed copy of the same to be left at their last and usual place of abode; also, by posting copies of the same in three or more public places four days at least before the day of said meeting.

W. Y. GROSS, Constable.

In pursuance of the foregoing warrant the inhabitants of the Town of Brookline qualified to vote in elections met in the Town Hall in said town, on Monday, the seventh day of April, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at eight of the clock in the evening, by the Town Clerk, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants of the town.

First Article taken up,—“To choose a Moderator.”

Voted, That the Moderator be chosen by ballot.

Voted, That the polls be kept open three minutes.

The polls were then declared open for the reception of votes for Moderator, and they were kept open three minutes, when they were declared closed. The Town Clerk then proceeded to sort and count the votes given in, and the whole number so given in was nine, and were as follows:

For Moderator, Moses Williams had nine, was declared elected, and took the chair.

Second Article taken up,—“To see if the Town will accept Chapter 105 of the Acts of 1884, entitled, ‘An Act to authorize the Town of Brookline to issue additional water scrip.’”

On motion of Mr. Alfred D. Chandler it was —

Voted, That when we adjourn it be to meet in this place at the close of the adjourned Annual Meeting.

Adjourned.

Attest: B. F. BAKER, Town Clerk.

ADJOURNED ANNUAL MEETING, APRIL 7, 1884.

Pursuant to adjournment the inhabitants of the Town of Brookline qualified to vote in elections met in the Town Hall in said town, on Monday, the seventh day of April, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at half-past eight of the clock in the evening, by the Moderator, Moses Williams.

Seventh Article taken up,—“To hear and act upon the reports of Town Officers and Committees.”

The report of the Committee appointed June the 6th, 1883, to whom was referred the matter of improving the approaches to the railroad station and widening the Washington Street bridge, was taken up and considered. The matter was very fully considered and discussed, and the various methods examined into, and it was ascertained that the control of the change of the bridge and its approaches was in the hands of the County Commissioners.

On motion of Mr. George Griggs it was—

Voted, That it is the sense of this meeting that the railroad bridge at its crossing of the Boston & Albany Railroad should be widened by the proper authorities.

The Auditors, to whom was referred the matter of the collection of the water rates by the Town Treasurer and Collector, with instructions to report at the adjourned meeting, requested further time to examine the subject.

Voted, That the Auditors have further time.

The Selectmen, to whom was referred the matter of sewer assessments, and the collection of sewer assessments and poll taxes, requested further time.

Voted, That the Selectmen be allowed further time on Sewer Assessments and Collections, and the Collection of Poll Taxes, and that they be instructed to report, in print, and to have it circulated three days at least before the meeting at which it is to be acted upon.

On motion of Mr. Alfred D. Chandler it was —

Voted, That the Collector make a complete annual report to the Town as Collector, in addition to his report as Treasurer.

Voted, That this meeting be now dissolved.

Dissolved.

Attest: B. F. BAKER, Town Clerk.

ADJOURNED SPECIAL MEETING, APRIL 7, 1884.

Pursuant to adjournment the inhabitants of the Town of Brookline qualified to vote in elections, met in the Town Hall in said town, on Monday, the seventh day of April, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at ten of the clock in the evening, by the Moderator, Moses Williams.

Second Article taken up,—“To see if the Town will accept Chapter 105 of the Acts of 1884, entitled, ‘An Act to authorize the Town of Brookline to issue additional water scrip.’”

Voted, That when this meeting adjourns it be to meet in this place on Monday, the fourteenth instant, at half-past seven of the clock in the evening.

Voted, To adjourn.

Attest: B. F. BAKER, Town Clerk.

ADJOURNED SPECIAL MEETING, APRIL 14, 1884.

Pursuant to adjournment the inhabitants of the Town of Brookline, qualified to vote in elections, met in the Town Hall in said town on Monday, the fourteenth day of April, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at half-past seven of the clock in the evening, by the Moderator, Moses Williams.

The Second Article, which was under consideration at the close of the last meeting, was then taken up, to wit: "To see if the Town will accept Chapter 105 of the Acts of 1884, entitled, 'An Act to authorize the Town of Brookline to issue additional water scrip.'"

Voted, That the Second Article be laid on the table.

Fourth Article taken up,—"To see if the Town will authorize the Selectmen to settle suits and claims against the Town and employ counsel in cases where they shall consider it necessary."

Voted, That the Selectmen be authorized to settle any claim or suits against the Town which, in their opinion, cannot be successfully defended, where said suit or claim does not exceed the sum of five hundred dollars, after giving a public hearing on any claim above one hundred dollars, notice being given by advertisement in the local paper; and that the Selectmen be given authority to employ counsel in suits against the Town.

Fifth Article taken up,—"To see what action the Town will take in relation to the revision of the Brookline Water Rates."

Voted, That the subject-matter of this Article be referred to a special Committee, to be composed of the Water Board and two citizens to be appointed by the Moderator of this meeting, which Committee shall report in print at the next town meeting, or as soon thereafter as practicable, both on a revision of the Water Rates and on a revision of the Water Ordinances, Rules and Regulations.

The Moderator appointed James M. Codman and George H. Worthley, as the additional members of said committee.

Sixth Article taken up,—"To choose a Park Commissioner and a Trustee of Walnut Hills Cemetery to fill the unexpired terms caused by the resignation of Theodore Lyman.

Voted, That the Park Commissioner be chosen by ballot.

Voted, That the meeting proceed to the choice of a Park Commissioner, and that the polls be kept open two minutes.

The polls were then declared open for the reception of votes for a Park Commissioner to serve for one year, to fill the unexpired term caused by the resignation of Theodore Lyman. The polls were kept open two minutes, when they were declared closed. The Moderator and Town Clerk then proceeded to count the votes given in, and the whole number so given in was thirty-seven, and were as follows: Henry M. Whitney had thirty-seven, for Park Commissioner, and was declared elected to that office for the ensuing year. In voting the check-list was used, and no person was allowed to deposit his vote until his name was found on the list and checked.

The meeting then nominated and chose for Trustee of Walnut Hills Cemetery for the ensuing year, to fill the unexpired term caused by the resignation of Theodore Lyman, the Rev. Leonard K. Storrs.

Mr. George H. Worthley, for the Auditors, reported that in their opinion the Water Rates should be collected by the Town Collector, commencing January, 1885.

On motion of Mr. William Aspinwall it was —

Voted, That the report be recommitted, with instructions to report in print at the next town meeting.

Second Article taken from the table,—“To see if the Town will accept Chapter 105 of the Acts of 1884, entitled, ‘An Act to authorize the Town of Brookline to issue additional water scrip.’”

Mr. Henry M. Whitney moved that the Act be accepted by the Town, the acceptance of the Act to be decided by a two-thirds vote of the voters present and voting thereon. The Moderator appointed as tellers, Messrs. Henry M. Whitney and Charles C. Soule, who were sworn to the faithful discharge of their duty by the Town Clerk. The Act then being put upon its passage, the whole number of votes was one hundred and seventy-two, as follows, to wit: Yeas, one hundred and thirty-eight (138); Nays, thirty-four (34); and the Act was declared accepted.

Third Article taken up,—“To see what action the Town will take for the establishment of a high service system for the water works, and to make the necessary appropriation therefor.”

Mr. Henry M. Whitney moved,—

That the Treasurer of the Town be authorized to borrow, under the direction of the Selectmen, the sum of one hundred thousand dollars, for the purpose of establishing a high service system for the water works, and for the purpose of laying new water mains, and for the construction of said works by the Water Board, and to issue the bonds or certificates of indebtedness of the Town therefor, to be denominated Brookline Water Scrip, bearing interest at a rate not exceeding four and one-half per cent per annum, said Scrip to run for a period not exceeding thirty years, to be signed by the Treasurer, and countersigned by a majority at least of the Selectmen, and to be issued in conformity with the form of certificate of debt adopted by the Town for that purpose.

After a lengthy debate it was moved by Mr. Moorfield Storey that the matter be laid on the table.

The Moderator appointed Mr. Henry M. Whitney and Mr. Moorfield Storey to act as tellers. Mr. Storey was sworn to the faithful discharge of his duty by the Town Clerk. The motion was then put upon its passage and the whole number of votes was one hundred and thirty-four: Yeas, eighty-seven (87); Nays, forty-seven (47); and the motion was declared to be laid on the table.

Voted, That the meeting be now dissolved.

Dissolved.

Attest: B. F. BAKER, Town Clerk.

SPECIAL MEETING, JUNE 4, 1884.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Brookline qualified to vote as the law directs, to meet at the Town Hall on Wednesday, the fourth day of June next, at half-past seven of the clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, "To consider and act upon the charges of 'disgraceful management of the Town finances by the past Town Officers,' made by Alfred D. Chandler in the Town Meeting of January 14th, 1884, and repeated more specifically by him as Chairman of the Selectmen in the Town Meeting of April 14th, 1884" — on the petition of Thomas Parsons and others.

Third, "To see what action the Town will take on the subject of establishing additional water works to supply those persons and estates not supplied by the present works, although they are taxed for their erection, extension, and maintenance; to make the necessary appropriations therefor; and to issue the requisite water scrip, not exceeding the sum of one hundred thousand dollars" — on the petition of Thomas Parsons and others.

Fourth, "To act upon the subject of the water used by the Town" — on the petition of William Aspinwall and others.

Fifth, To see what action the Town will take on the petition of Thomas Aspinwall, trustee, for the re-payment to him of a certain tax.

Sixth, To see if the Town will make an appropriation to lay a brick or concrete sidewalk on the southerly side of Aspinwall Avenue, from Harvard Street to Toxteth Street — on the petition of W. F. Humphrey and others.

Seventh, "To act upon the subject of improving the public grounds and planting trees thereon, and of planting trees near the streets, for the purpose of shading the same" — on the petition of William Aspinwall and others.

Eighth, "To appropriate money for any object named in the warrant, and particularly for improving the public grounds, watering streets, and making sidewalks" — on the petition of William Aspinwall and others.

Ninth, "To act upon printing the records and reports of Town Meetings and Town Officers" — on the petition of William Aspinwall and others.

Tenth, "To act upon the accounts of the different boards, officers, and agents of the Town" — on the petition of William Aspinwall and others.

Eleventh, To see if the Town will authorize the Water Board to extend the water main in Irving Street a distance of about two hundred feet, at an estimated expense of two hundred and fifty dollars; also, to extend the water main in St. Paul Street about two hundred feet, at an estimated expense of two hundred and fifty dollars; the cost of the work to be paid from water receipts.

Twelfth, To see if the Town will adopt the following by-law: — "Whoever shall ride or attempt to ride, without the consent of the driver thereof, on the runner of a sleigh, pung or other vehicle, shall forfeit and pay into the Town Treasury, for each offence, a sum not less than one dollar, and not more than five dollars."

Thirteenth, To see if the Town will make an additional appropriation of four hundred dollars for concreting the yard of the Pierce Primary School.

Fourteenth, To see if the Town will make an additional appropriation of fifteen hundred dollars for sidewalks.

Fifteenth, To see if the Town will make an additional appropriation of eighteen hundred dollars for watering streets.

Sixteenth, To see if the Town will authorize the Selectmen to construct any lateral sewers deemed necessary, and to pay for their construction from the receipts for sewer assessments.

Seventeenth, To see whether the Town will accept and allow the sewer laid out by the Selectmen in a portion of Linden Place.

Eighteenth, To see whether the Town will accept and allow the sewer laid out by the Selectmen on the line of the brook between Harvard Street and Park Street.

Nineteenth, To hear and act upon the reports of Town Officers and Committees.

Twentieth, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all the appropriations asked for or proposed by the Selectmen, or by any Town Officers or Committees.

Hereof fail not, and make due return of this warrant to the Selectmen with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-eighth-day of May, in the year of our Lord one thousand eight hundred and eighty-four.

ALFRED D. CHANDLER, FRANCIS W. LAWRENCE, OLIVER WHYTE, JOHN K. ROGERS, JAMES B. HAND,	}	Selectmen of the Town of Brookline.
---	---	---

NORFOLK, SS.

BROOKLINE, May 31st, 1884.

In pursuance of the within warrant, I have notified and warned the inhabitants of the Town of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes within named, by causing a printed attested copy of the same to be left at their last and usual place of abode; also, by posting the same in three or more public places, and published in the Brookline Chronicle, a newspaper published in said town, four days at least before the day of said meeting.

W. Y. GROSS, Constable.

In pursuance of the foregoing warrant the inhabitants of the Town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Wednesday, the fourth day of June, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at half-past seven of the clock in the evening, by the Town Clerk, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants of the town.

First Article taken up, — “To choose a Moderator.”

The meeting then nominated and chose for Moderator, Moses Williams, and he took the chair.

Second Article taken up,—“ ‘To consider and act upon the charges of “disgraceful management of the town finances by the past town officers,” made by Alfred D. Chandler in the town meeting of January 14, 1884, and repeated more specifically by him as Chairman of the Selectmen in the town meeting of April 14, 1884’—on the petition of Thomas Parsons and others.”

Voted, That the second article be indefinitely postponed.

Eleventh Article taken up,—“ ‘To see if the Town will authorize the Water Board to extend the water main in Irving Street a distance of about two hundred feet, at an estimated expense of two hundred and fifty dollars; also to extend the water main in St. Paul Street about two hundred feet, at an estimated expense of two hundred and fifty dollars; the cost of the work to be paid from water receipts.”

Voted, That the Water Board be authorized to extend the six-inch water main in Irving Street a distance of two hundred feet, and that the sum of two hundred and fifty dollars be appropriated therefor, to be paid from the water receipts in the Treasury.

Voted, That the Water Board be authorized to extend the six-inch water main in St. Paul Street a distance of two hundred feet, and that the sum of two hundred and fifty dollars be appropriated therefor, to be paid from water receipts in the Treasury.

Third Article taken up,—“ ‘To see what action the Town will take on the subject of establishing additional water works to supply those persons and estates not supplied by the present works, although they are taxed for their erection, extension, and maintenance; to make the necessary appropriation therefor; and to issue the requisite water scrip, not exceeding the sum of one hundred thousand dollars’—on the petition of Thomas Parsons and others.”

On motion of Mr. William Aspinwall it was —

Voted, For the purpose of establishing additional water works to supply those persons and estates not supplied or not adequately supplied by the present works, although they are taxed for their erection, extension, and maintenance, in accordance with the plan reported by the Water Board in the Annual Report of 1883, there be appropriated one hundred thousand dollars in conformity with the Act, entitled, “An Act to authorize the Town of Brookline to issue additional water scrip,” being Chapter 105 of the Acts of 1884, which was duly accepted by the Town, April 14th, 1884; and the Town of Brookline, through its Treasurer, hereby issue scrip or certificate of debt, to be denominated on the face thereof, Brookline

Water Scrip, to the amount of one hundred thousand dollars, bearing interest at the rate of not more than five per centum per annum, payable semi-annually at some bank in Massachusetts, with coupons for said interest attached. Said scrip or certificate of debt shall be sealed with the seal of the Town; shall be signed by the Treasurer and countersigned by a majority, at least, of the Selectmen. The coupons shall be signed by the Treasurer alone. Said scrip shall be made payable at a period not less than five nor more than thirty years from the date thereof. The form of the scrip or certificate of debt shall be substantially as follows:

United States of America.

COMMONWEALTH OF MASSACHUSETTS.

BROOKLINE WATER SCRIP.

The Town of Brookline, for value received, promises to pay..... or bearer (or order), at the office of its Treasurer,.....dollars on the.....day of.....A.D. with interest at the rate of..... per centum per annum, payable semi-annually, on the first day of.....andin each year, at the.....Bank in.....upon the delivery of the proper coupon hereto attached.

In witness whereof, the Town of Brookline has caused its corporate seal to be hereto affixed by its Treasurer, and has caused these presents to be signed by said Treasurer and to be countersigned by a majority, at least, of its Selectmen, this.....day.....A.D.....

.....	} Selectmen of Brookline.	[SEAL.]
.....		
.....		
.....		
.....		

.....Treasurer of Brookline.

The Moderator appointed as tellers, Henry M. Whitney and Moorfield Storey, and they were sworn to the faithful discharge of their duties by the Town Clerk. The motion then being put upon its passage, the whole number of votes was one hundred and eighty-nine, as follows, to wit: Yeas, one hundred and thirty-two (132); Nays, fifty-seven (57); and the motion was declared passed in the affirmative.

On motion of Mr. Edward Atkinson it was —

Voted, That the Water Board be empowered to enter into contracts for the construction of the high water service according to the plan submitted by them, provided they can contract for the construction and completion of the service within the appropriation of one hundred thousand dollars; but, in case the Water Board are fully satisfied that the whole cost will not exceed their estimate already furnished the Town, they may do such portion of the work by day labor as they may deem for the best interests of the Town.

Voted, To adjourn to meet in this place on Wednesday, the eleventh instant, at half-past seven of the clock in the evening.

Adjourned. Attest: B. F. BAKER, Town Clerk.

ADJOURNED SPECIAL MEETING, JUNE 11, 1884.

Pursuant to adjournment the inhabitants of the Town of Brookline qualified to vote in elections, met in the Town Hall in said town, on Wednesday, the eleventh day of June, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at half-past seven of the clock in the evening, by the Moderator, Moses Williams. The records of the last meeting were read and approved.

Eighteenth Article taken up, — “To see whether the Town will accept and allow the sewer laid out by the Selectmen on the line of the brook between Harvard Street and Park Street.”

The Selectmen presented the following report, to wit :

The undersigned, Selectmen of the Town of Brookline, having given printed and written notices to Eliza J. Chandler, Estate of Martin L. Hall, D. W. Russell, New England Mutual Life Insurance Company, Catherine R. Hall, Peter W. Pierce, John Gibbs, A. G. Mathews, Charles H. Draper, Charles H. Draper, Trustee, Alonzo Bowman, Lois P. Richards, H. & J. E. Cousens, William Dearborn, Anna Rausch, James Patterson, William Finney, Charles W. Lewis, Mary M. Burdett, H. S. Burdett, Trustee, Jacob P. Palmer, Frederick Abbott, being all parties known to us to be interested in the subject-matter of the sewer to be laid out, that we intend to lay out a sewer commencing on the easterly side of Park Street at a point situated 91.50 feet northerly from the stone monument at the northeasterly corner of Washington Street and Park Street, and running by the course of the brook, and connecting with the sewer in Harvard Street, such notices requiring such persons to appear before us, at the Town Hall, on Monday, the 12th day of May, 1884, at 4.15 of the clock in the afternoon; and having caused such notices to be actually served according to law upon all such persons by a constable of this town, at least seven days before the day so appointed for the hearing, and having also given notice to them, and all other persons (if any) who may be interested in the subject-matter of said sewer, whose names are not known to us, or who have no place of abode in the town, or who have no tenant or authorized agent known to us, by posting up a copy of the written and printed notice in three public places in the town, at least seven days before the time appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and thence by adjournment to Wednesday, the 14th day of May, and thence by adjournment to the 27th day of May, and, after hearing the parties, and their remarks and objections, and the route of the sewer

having been viewed and examined by us, do adjudge that it is necessary for the public convenience, and the public health, that a sewer should be laid out and maintained by the Town, as hereinafter described by its axis line, viz :

Commencing on the easterly side of Park Street, at a point situated 91.50 feet northerly from the stone monument at the northeasterly corner of Washington Street and Park Street, and running southeasterly by the general course of the brook, two hundred and eighty-five and $\frac{37}{100}$ (285.37) feet; thence curving to the left with a radius of 573.69 feet, about 89.7 feet; thence by a tangent 365 feet; thence curving to the left with a radius of 681.35 feet, about 127.20 feet; thence curving to the left with a radius of 175 feet, about 97.80 feet; thence by a tangent 100 feet; thence curving to the left with a radius of 287.94 feet, about 114.50 feet; thence by a tangent about 378.40 feet, to Harvard Street, at a point 50 feet northerly from School Street, and taking land as hereinafter described :

From the estate of Martin L. Hall, a parcel of land bounded westerly by Park Street, easterly by land of Frederick Abbott, northerly by a line 7 1-2 feet from the axis line, and southerly by a line 7 1-2 feet from the axis line, and land of Daniel W. Russell, about 4,502 square feet.

From the estate of Daniel W. Russell, a parcel of land bounded westerly and northerly by land of the estate of Martin L. Hall, easterly by land of the New England Mutual Life Insurance Company, and southerly by a line 7 1-2 feet from the axis line, about 574 square feet.

From the estate of Frederick Abbott, a parcel of land bounded westerly by land of the estate of Martin L. Hall, northerly by a line 7 1-2 feet from the axis line, easterly by land of Horatio S. Burdett, Trustee, southerly by land of the New England Mutual Life Insurance Company, about 1,232 square feet.

From the estate of the New England Mutual Life Insurance Company, a parcel of land bounded westerly by land of Daniel W. Russell, northerly by land of Frederick Abbott, easterly by land of Eliza J. Chandler, and southerly by a line 7 1-2 feet from the axis line, about 1,287 square feet.

From the estate of Horatio S. Burdett, Trustee, a parcel of land bounded westerly by land of Frederick Abbott, northerly by a line 7 1-2 feet from the axis line, easterly by land of Jacob P. Palmer, southerly by land of Eliza J. Chandler and New England Mutual Life Insurance Company, about 689 square feet.

From the estate of Jacob P. Palmer, a parcel of land bounded westerly by land of Horatio S. Burdett, Trustee, northerly by a line 7 1-2 feet from the axis line, easterly by land of Mary M. Burdett, and southerly by land of Eliza J. Chandler, about 550 square feet.

From the estate of Eliza J. Chandler, a parcel of land bounded westerly by land of the New England Mutual Life Insurance Company, northerly by land of Horatio S. Burdett, Trustee, Jacob P. Palmer, Mary M. Burdett, and Charles W. Lewis, easterly by land of Charles W. Lewis, and southerly by a line 7 1-2 feet from the axis line, about 2,658 square feet.

From the estate of Mary M. Burdett, a parcel of land bounded westerly by land of Jacob P. Palmer, northerly by a line 7 1-2 feet from the axis line, easterly by land of Charles W. Lewis, and southerly by land of Eliza J. Chandler, about 1,418 square feet.

From the estate of Charles W. Lewis, a parcel of land bounded westerly by land of Mary M. Burdett, northerly by a line 7 1-2 feet from the axis line, easterly by land of Catherine R. Hall, southerly by a line 7 1-2 feet from the axis line, and land of Eliza J. Chandler, about

1,652 square feet.

From the estate of Catherine R. Hall, a parcel of land bounded easterly by land of William Finney, southerly by land of Alonzo Bowman, Charles H. Draper, Charles H. Draper, Trustee, A. G. Mathews, John Gibbs, Peter W. Pierce, and a line 7 1-2 feet from the axis line, and westerly by land of Charles W. Lewis, northerly by land of Charles W. Lewis and a line 7 1-2 feet from the axis line, about

2,217 square feet.

From the estate of Peter W. Pierce, a parcel of land bounded westerly and northerly by land of Catherine R. Hall, easterly by land of John Gibbs, southerly by a line 7 1-2 feet from the axis line, about

229 square feet.

From the estate of John Gibbs, a parcel of land bounded westerly by land of Peter W. Pierce, northerly by land of Catherine R. Hall, easterly by land of A. G. Mathews, and southerly by a line 7 1-2 feet from the axis line, about

372 square feet.

From the estate of A. G. Mathews, a parcel of land bounded westerly by land of John Gibbs, northerly by land of Catherine R. Hall, easterly by land of Charles H. Draper, Trustee, and southerly by a line 7 1-2 feet from the axis line, about

200 square feet.

From the estate of Charles H. Draper, a parcel of land bounded westerly by land of Charles H. Draper, Trustee, northerly by land of Catherine R. Hall, easterly by land of Alonzo Bowman, and southerly by a line 7 1-2 feet from the axis line, about

600 square feet.

From the estate of Charles H. Draper, Trustee, a parcel of land bounded westerly by land of A. G. Mathews, northerly by land of Catherine R. Hall, easterly by land of Charles H. Draper, and southerly by a line 7 1-2 feet from the axis line, about

458 square feet.

From the estate of Alonzo Bowman, a parcel of land bounded westerly by land of Charles H. Draper, southerly by land of Catherine R. Hall, easterly by land of William Finney, and southerly by a line 7 1-2 feet from the axis line, about

733 square feet.

From the estate of William Finney, a parcel of land bounded northerly and southerly by a line 7 1-2 feet from the axis line, easterly by land of James Patterson, and westerly by land of Catherine R. Hall, about

794 square feet.

From the estate of James Patterson, a parcel of land bounded westerly by land of William Finney, northerly by a line 7 1-2 feet from the axis line, easterly by land of Anna Rausch, southerly by land of Lois P. Richards, about

378 square feet.

From the estate of Lois P. Richards, a parcel of land bounded westerly by land of William Finney, northerly by land of William Finney, James Patterson, Anna Rausch, and Horace and John E. Cousens, easterly by land of aforesaid Horace and John E. Cousens, and southerly by a line 7 1-2 feet from the axis line, about

839 square feet.

From the estate of Anna Rausch, a parcel of land bounded westerly by land of James Patterson, northerly by a line 7 1-2 feet from the axis line, easterly by land of Horace and John E. Cousens, and southerly by land of Lois P. Richards, about

284 square feet.

From the estate of Horace and John E. Cousens, a parcel of land bounded westerly by land of Anna Rausch, northerly by a line 7 1-2 feet from the axis line, easterly by land of William Dearborn, southerly by land of Lois P. Richards, and other land of the aforesaid Horace and John E. Cousens, about 246 square feet.

From the estate of William Dearborn, a parcel of land bounded westerly and southerly by land of Horace and John E. Cousens, northerly by a line 7 1-2 feet from the axis line, and easterly by Harvard street, about 273 square feet.

From the estate of Horace and John E. Cousens, a parcel of land bounded northerly by other land of aforesaid Horace and John E. Cousens and William Dearborn, easterly by Harvard Street, southerly by a line 7 1-2 feet from the axis line, and westerly by land of Lois P. Richards, about 1,224 square feet.

The location of said sewer is in accordance with a plan and profile of the same drawn by Alexis H. French, Civil Engineer, dated May 12th, 1884, approved by us this 27th day of May, 1884, and such plan and profile are adopted by us as a part of this record.

We have estimated the damages sustained by the owners of lands, rights, and interests, caused by the laying out and construction of said sewer, whether by taking property or by injuring property in any manner whatsoever, and do estimate and determine the amounts to be paid to said parties as follows:—

Horace and John E. Cousens (Harvard and School Streets) .	\$367 20
William Dearborn	81 90
William Finney	71 25
James Patterson	59 77
Anna Rausch	50 00
Lois P. Richards	142 00
Horace and John E. Cousens (Harvard Place)	49 94
Frederick Abbott	1 00

And the other aforesaid owners of the land in which said sewer is laid out, in consideration of the Selectmen laying out, and the Town accepting such laying out before July 1, 1884, and constructing and maintaining said sewer, and that the Town shall make suitable provision to carry off in the said sewer the surface water that may fall upon or drain from their several estates, and shall, upon completion of said sewer, put the grounds used in making said sewer in as good order as found by the Town, and shall replace fences and walls removed to carry on the work, waive all claim or demand upon the Town for the easement thus taken by the Town in land owned by them.

Reserving to each of the said persons the right to use the strip of land taken from him for all purposes not inconsistent with the use of said land for the construction and maintenance of said sewer.

And said sewer, as so laid out, located and described, is hereby reported to the Town for acceptance; and, when so accepted, allowed, and recorded, is to be known as a public drain or common sewer.

The said plan and this record have this day been filed by us in the office of the Town Clerk.

The estimated cost of building this sewer is \$21,000 00
 The land and other damages we estimate at 823 06

ALFRED D. CHANDLER,	} Selectmen of the Town of Brookline.
FRANCIS W. LAWRENCE,	
JOHN K. ROGERS,	
JAMES B. HAND,	
OLIVER WHYTE,	

BROOKLINE, May 27, 1884.

BROOKLINE, Mass, May 27th, 1884.

Filed in the Office of the Town Clerk.

Attest: B. F. BAKER, Town Clerk.

Voted, That the sewer on the line of the brook between Harvard Street and Park Street, as laid out by the Selectmen May 27, 1884, be accepted and allowed.

Voted, That the sum of twenty-one thousand eight hundred and twenty-four dollars be appropriated for the construction of the sewer on the line of the brook between Harvard Street and Park Street, as laid out by the Selectmen May 27, 1884.

Voted, That the Town Treasurer be authorized to borrow, when so directed to do by the Selectmen, the sum of twenty-one thousand eight hundred and twenty-four dollars, bearing interest at a rate not exceeding five per centum per annum, for not more than one year, to pay for the construction of the sewer on the line of the brook between Harvard Street and Park Street, as laid out by the Selectmen May 27, 1884, giving therefor the note or notes of the Town, signed by the Treasurer and countersigned by a majority at least of the Selectmen, which note or notes are to be paid from the taxes of the year 1885, and are hereby expressly made payable therefrom.

The following is the release of the right of way given by certain abutters on the line of the brook between Harvard Street and Park Street, to the Town of Brookline, May 20, 1884: —

Whereas, we, the undersigned, are the owners respectively of estates abutting upon the brook between Park Street and Harvard Street, in Brookline, in the County of Norfolk, in the Commonwealth of Massachusetts, and are desirous that a sewer should be made upon, or near to, the line of said brook, so as to conform to a plan and profile of such proposed sewer made by Alexis H. French, dated May 12th, 1884, and to be deposited in the office of the Town Clerk of Brookline.

Now, therefore, know all men by these presents, that we, the undersigned, in consideration of the premises, and of one dollar to us paid by the Town of Brookline, the receipt whereof is hereby acknowledged, and for other good and valuable considerations, do hereby authorize the Town of Brookline to make the said sewer at its expense in accordance with the said plan and profile; and we do hereby give, grant, sell, and convey unto the said Town of Brookline and its assigns a right of way in and over so much of a certain strip of land in the said town of Brookline, as we respectively own, bounded and described, as follows, by its center or axis line: —

Commencing on the easterly side of Park Street at a point situated 91.50 feet northerly from the stone monument at the northeasterly corner of Washington Street and Park Street, taking a parallel width of seven and one-half feet on each side of the axis line, and running southeasterly by a tangent in the general course of the brook 285.37 feet. Thence curving to the left with a radius of 573.69 abt. 89.7 feet. Thence by a tangent about 365.0 feet. Thence curving to the left with a radius of 681.35 feet about 127.20 feet. Thence curving to the left with a radius of 175 feet about 97.80 feet. Thence by a tangent about 100 feet. Thence curving to the left with a radius of 287.94 feet about 114.50 feet. Thence by a tangent about 378.40 feet to Harvard Street at a point situated 50 feet northerly from School Street,—for a more particular description of which reference is made to the above-mentioned plan of Alexis H. French.

Hereby giving and granting to the said Town, its officials, and assigns, the right at all times to enter upon and to pass and repass over our respective portions of the said strip of land, the same to use for the construction and maintenance of a common sewer.

And for the aboved-named considerations, we do hereby for ourselves, our heirs, our executors, administrators, and assigns, covenant and agree to make no claim or demand whatever upon the Town of Brookline for damages, costs, expenses, or compensation for, or on account of, or in any way growing out of the laying out and making of the said sewer in the said strip of land, if the Selectmen of the said Town shall lay out, and the said Town shall accept the said laying out before July 1, 1884, and shall make a sewer therein, as shown in the above-mentioned plan and profile, provided that suitable provision shall be made and maintained by the said Town at its expense to carry off in the proposed sewer the surface water that may fall upon or drain from our several estates; and provided also, that the Town upon completion of said sewer shall, at its expense, put the grounds used in making the said sewer in as good order as found by the Town, and shall replace fences and walls removed to carry on the work.

To have and to hold the said easement and privilege to the said Town of Brookline, its successors and assigns, to its and their own use and behoof forever.

In testimony whereof, we have hereunto set our hands and seals this twentieth day of May, in the year eighteen hundred and eighty-four.

ALFRED D. CHANDLER, Justice of the Peace.

DEDHAM, July 21, 1884.

Received and entered with Norfolk deeds, lib. 558, fol. 527.

Attest: J. H. BURDAKIN, Register.

Seventeenth Article taken up,—“To see whether the Town will accept and allow the sewer laid out by the Selectmen in a portion of Linden Place.”

The Selectmen presented the following report:

The undersigned, Selectmen of the Town of Brookline, having given written and printed notices to Robert Bishop, Daniel Doane, the estate of William A. Wellman, Michael Murphy, The Aspinwall Land Company, Joseph F. Paul, the estate of Asa Goodnow, being all the parties known to us to be interested in the subject-matter of the sewer to be laid out, that we intend to lay out a sewer in Linden Place, such notices requiring such persons to appear before us at the Town Hall, on Monday, the 12th day of May, 1884, at 3.45 of the clock in the afternoon, and having caused such notices to be actually served, according to law, upon all such persons, by a constable of this town, at least seven days before the day so appointed for the hearing; and having also giving notice to them, and all other persons (if any) who may be interested in the subject-matter of said sewer whose names are not known to us, or who have no place of abode in the town, or who have no tenant or authorized agent known to us, by posting up a copy of the written and printed notices in three public places in the town, at least seven days before the time appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and thence by adjournment to Wednesday, the 14th day of May, and thence by adjournment to the 27th day of May, and, after hearing the parties and their remarks and objections, and the route of the sewer having been viewed and examined by us, do adjudge that it is necessary for the public convenience and the public health that a sewer should be laid out and maintained by the Town as hereinafter described by its axis line, viz:

Commencing at the centre of the man-hole at the southerly end of the Toxteth Street sewer, and running S. 2° 51' E. about 176.25 feet: thence

S. $77^{\circ} 36'$ E. about 87.62 feet; thence S. $10^{\circ} 31'$ E. about 100 feet; taking from the proprietors of Linden Place, a parallel width of three feet on each side of the axis line, excepting for a distance of about 13 feet next the man-hole aforesaid, for which distance the axis line lies within the location of Toxteth Street, about 2124 square feet.

Commencing at the center of the man-hole at the southerly end of the Toxteth Street sewer, and running S. $76^{\circ} 54'$ W. about 115.10 feet, taking from the proprietors of Linden Place a parallel width of three feet on each side of the axis line, excepting for a distance of about 12 feet next the man-hole aforesaid, for which distance the axis line lies within the location of Toxteth Street, about 618 square feet.

The location of said sewer is in accordance with a plan of the same drawn by Alexis H. French, Civil Engineer, dated May 12, 1884, approved by us this 27th day of May, 1884, and such plan is adopted by us as a part of this record.

We have estimated the damages sustained by the owners of lands, rights, and interests, caused by the laying out and construction of said sewer, whether by taking property or by injuring property in any manner whatsoever, and do estimate and determine the amount to be paid to the said parties, as follows:

The owners of the fee of Linden Place..... \$5 00

And said sewer, as so laid out, located, and described, is hereby reported to the town for acceptance, and when so accepted, allowed, and recorded, is to be known as a public drain or common sewer.

The said plan and this record have been this day filed by us in the office of the Town Clerk.

The estimated cost of building this sewer is..... \$900 00

The land damages we estimate at..... 5 00

ALFRED D. CHANDLER,	} Selectmen of the Town of Brookline.
FRANCIS W. LAWRENCE,	
JOHN K. ROGERS,	
JAMES B. HAND,	
OLIVER WHYTE,	

BROOKLINE, May 27th, 1884.

BROOKLINE, Mass., May 27th, 1884.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, Town Clerk of Brookline.

Voted, That the sewer in a portion of Linden Place, as laid out by the Selectmen May 27, 1884, be accepted and allowed, and that the same be paid for from money in the Treasury received from sewer assessments.

Sixteenth Article taken up, — “To see if the Town will authorize the Selectmen to construct any lateral sewers deemed necessary, and to pay for their construction from the receipts for sewer assessments.”

On motion of Mr. A. D. Chandler it was —

Voted, That the Selectmen be authorized to construct such lateral sewers as they may consider to be necessary, and pay for the same from money in the Treasury received from sewer assessments; first giving a hearing to all abutters on the line of the proposed sewer.

Fifth Article taken up, — “To see what action the Town will take on the petition of Thomas Aspinwall, trustee, for the repayment to him of a certain tax.”

On motion of Captain R. G. F. Candage it was —

Voted, That the Treasurer be and hereby is instructed to refund to Thomas Aspinwall, trustee, \$73.80, the amount of a tax assessed upon a real estate mortgage held by him in the year 1882, and paid by him in ignorance that the law recently passed exempted said mortgage from taxation.

Twelfth Article taken up, — “To see if the Town will adopt the following by-law: ‘Whoever shall ride or attempt to ride, without the consent of the driver thereof, on the runner of a sleigh, pung, or other vehicle, shall forfeit and pay into the Town Treasury, for each offence, a sum not less than one dollar, and not more than five dollars.’”

Voted, That the Twelfth Article be indefinitely postponed.

Thirteenth Article taken up, — “To see if the Town will make an additional appropriation of four hundred dollars for concreting the yard of the Pierce Primary School.”

Voted, That the Thirteenth Article be laid on the table.

Fourteenth Article taken up, — “To see if the Town will make an additional appropriation of fifteen hundred dollars for sidewalks.”

On motion of Mr. A. D. Chandler it was —

Voted, That the sum of fifteen hundred dollars be appropriated for sidewalks, and that of that sum not exceeding two hundred dollars be expended in extending the existing sidewalk on Goddard Avenue to the entrance of the avenue of Mr. A. W. Goddard.

Voted, That the Town Treasurer be authorized to borrow the sum of fifteen hundred dollars bearing interest at a rate not exceeding five per centum per annum for not more than one year, to pay for sidewalks; giving therefor the note or notes of the Town, signed by the Treasurer and countersigned by a majority, at least, of the Selectmen, which note or notes are to be paid from the taxes of the year 1885, and are hereby expressly made payable therefrom.

Sixth Article taken up, — “To see if the Town will make an appropriation to lay a brick or concrete sidewalk on the southerly side of Aspinwall Avenue, from Harvard Street to Toxteth Street, on the petition of W. F. Humphrey and others.”

Mr. William Aspinwall moved that there be appropriated two thousand dollars for the purpose of laying a brick or concrete sidewalk on the southerly side of Aspinwall Avenue, from Harvard Street to Toxteth Street. The motion being put upon its passage, it was decided in the negative.

Fifteenth Article taken up, — “To see if the Town will make an additional appropriation of eighteen hundred dollars for watering streets.”

On motion of Mr. A. D. Chandler it was —

Voted, That the sum of eighteen hundred dollars be appropriated for watering streets.

Voted, That the Town Treasurer be authorized to borrow the sum of eighteen hundred dollars, or so much thereof as may be necessary for watering streets, bearing interest at a rate not exceeding five per centum per annum for not more than one year, to pay for watering streets, giving therefor the note or notes of the Town, signed by the Treasurer and countersigned by a majority, at least, of the Selectmen, which note or notes are to be paid from the taxes of the year 1885, and are hereby expressly made payable therefrom.

Voted, To adjourn to meet in this place on Monday next, the sixteenth instant, at half-past seven of the clock in the evening, and that the Town Clerk cause notices of future meetings to be distributed among the inhabitants of the town in the same manner as the original notices of Town meetings are given.

Adjourned.

Attest: B. F. BAKER, Town Clerk.

ADJOURNED SPECIAL MEETING, JUNE 16, 1884.

Pursuant to adjournment the inhabitants of the town of Brookline qualified to vote in elections, met in the Town Hall in said town, on Monday, the sixteenth day of June, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at half-past seven of the clock in the evening, by the Moderator, Moses Williams.

Fourth Article taken up, — “To act upon the subject of the water used by the Town’—on the petition of William Aspinwall and others.”

On motion of Mr. George H. Worthley it was —

Voted, That the different departments of the Town which consume water shall be charged for the same on the Treasurer's books at present rates, the same to be credited to water rates.

Third Article taken up,—“ ‘ To see what action the Town will take on the subject of establishing additional water works to supply those persons and estates not supplied by the present works, although they are taxed for their erection, extension, and maintenance ; to make the necessary appropriations therefor ; and to issue the requisite water scrip, not exceeding the sum of one hundred thousand dollars ’—on the petition of Thomas Parsons and others.”

On motion of Hon. Albert Mason it was —

Voted, That the Treasurer in the sale of any Brookline Water Scrip, issued under vote of the fourth instant, be required to advertise the same by such circulars or notices as shall be prescribed by the Selectmen, and no bids for said scrip shall be accepted till the same shall have been submitted to the Selectmen, and approved by vote of the board, or in writing by a majority of said board.

Mr. A. D. Chandler moved —

That the Water Board obtain such surveys, plans, profiles, estimates, and detailed information, together with such agreements to convey or release, as in its opinion are for the best interests of the Town, for the purpose of establishing a high service system, and, so far as necessary, of extending the low service system, employing therefor such expert or such professional assistance as may be required, and report fully thereon in print, with plans and detailed estimates, at or before the next annual town meeting.

The motion being put upon its passage, it was declared rejected. The vote being doubted it was then taken by a rising vote. The Moderator appointed Messrs. Paul West and James H. Bowditch to act as tellers, and they were sworn to the faithful discharge of their duties by the Town Clerk. The motion was then put upon its passage, and the whole number of votes was ninety-nine, as follows, to-wit: Yeas, forty-seven (47) ; nays, fifty-two (52) ; and the motion was declared rejected.

On motion of Mr. Paul West it was by unanimous consent —

Voted, unanimously, That the word “ five ” be stricken out of the original vote passed on the fourth instant, for the purpose of establishing additional water works to supply those persons and estates not supplied or not adequately supplied by the present works, and the word “ one ” be inserted in place thereof, so that it will read as follows, to wit :

Voted, For the purpose of establishing additional water works to supply those persons and estates not supplied or not adequately supplied by the present works, although they are taxed for their erection, extension, and maintenance, in accordance with the plan reported by the Water Board in the Annual Report of 1883, there be appropriated one hundred thousand dollars in conformity with the Act, entitled, "An Act to authorize the Town of Brookline to issue additional water scrip," being Chapter 105 of the Acts of 1884, which was duly accepted by the Town, April 14th, 1884; and the Town of Brookline, through its Treasurer, hereby issue scrip or certificate of debt, to be denominated on the face thereof, Brookline Water Scrip, to the amount of one hundred thousand dollars, bearing interest at the rate of not more than five per centum per annum, payable semi-annually at some bank in Massachusetts, with coupons for said interest attached. Said scrip or certificate of debt shall be sealed with the seal of the Town; shall be signed by the Treasurer and countersigned by a majority, at least, of the Selectmen. The coupons shall be signed by the Treasurer alone. Said scrip shall be made payable at a period not less than one nor more than thirty years from the date thereof. The form of the scrip or certificate of debt shall be substantially as follows:

United States of America.

COMMONWEALTH OF MASSACHUSETTS.

BROOKLINE WATER SCRIP.

The Town of Brookline, for value received, promises to pay or bearer (or order), at the office of its Treasurer, dollars on the day of A. D. with interest at the rate of per centum per annum, payable semi-annually, on the first day of and in each year, at the Bank in upon the delivery of the proper coupon hereto attached.

In witness whereof, the Town of Brookline has caused its corporate seal to be hereto affixed by its Treasurer, and has caused these presents to be signed by said Treasurer and to be countersigned by a majority, at least, of its Selectmen, this.....day.....A. D.....

.....	} Selectmen of Brookline.	[SEAL.]
.....		
.....		
.....		
.....		

.....Treasurer of Brookline.

Passed unanimously.

Nineteenth Article taken up, — "To hear and act upon the reports of Town Officers and Committees."

On motion of Mr. A. D. Chandler it was —

Voted, That the report of the Selectmen, made under the Nineteenth Article in the warrant, be accepted, and that the subject-matter therein be referred to the Selectmen, with full powers to adjust the accounts of the Collector.

Seventh Article taken up,—“ ‘To act upon the subject of improving the public grounds and planting trees thereon, and of planting trees near the streets for the purpose of shading the same’—on the petition of William Aspinwall and others.”

On motion of Mr. William Aspinwall it was —

Voted, That this meeting be now dissolved.

Dissolved.

Attest : B. F. BAKER, Town Clerk.

OFFICE OF THE SELECTMEN,

BROOKLINE, MASS., July 5, 1884.

MR. BENJAMIN F. BAKER, Town Clerk of Brookline.

Dear Sir,—This is to inform you that Moses Withington, of Brookline, resigned his position as Treasurer and Collector on the first day of the present month of July, and that on the second day thereof the Selectmen duly appointed, under their hands in writing, George H. Worthley of Brookline to be the Treasurer and the Collector of the Town, and caused notice thereof to be served that day on the said Worthley, by leaving an original appointment at the last and usual place of abode of the said Worthley.

Respectfully yours,

ALFRED D. CHANDLER,

Chairman of the Selectmen of Brookline.

OFFICE OF THE SELECTMEN,

BROOKLINE, MASS., July 2, 1884.

TO MR. GEORGE H. WORTHLEY, Brookline.

Dear Sir,—Moses Withington having on the first day of July, instant, resigned the office of Treasurer and Collector of the Town of Brookline, the Selectmen of said Town have on this second day of July appointed you as Treasurer and Collector pro tempore of said Town, conditional upon your furnishing a bond in the sum of fifty thousand dollars, with sureties satisfactory to the Selectmen, within ten days from this date.

Your salary as said Treasurer and Collector will commence with August first, proximo.

ALFRED D. CHANDLER,
FRANCIS W. LAWRENCE,
JAMES B. HAND,
OLIVER WHYTE,

} Selectmen
of the Town of
Brookline.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

BROOKLINE, July 5th, 1884.

Personally appeared George H. Worthley, and was duly sworn to the faithful performance of the duties of the office of Treasurer and Collector of the Town of Brookline, as above appointed.

Before me,

B. F. BAKER, Clerk of the Town of Brookline.

GENERAL ELECTION, NOVEMBER 4, 1884.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Brookline, qualified to vote as the law directs, to meet at the Town Hall, in said town, on Tuesday, the fourth day of November next, at seven and one-half of the clock in the forenoon, at which time and place the polls will be opened and kept open until thirty minutes past four of the clock in the afternoon, during which time they will be required to give in their votes for the following National, State, and County Officers, to wit:

Fourteen Electors of President and Vice-President of the United States; one Member of the Congress of the United States for the Ninth Congressional District; Governor of the Commonwealth; Lieutenant-Governor; Councillor for the Second Councillor District; Secretary of the Commonwealth; Treasurer and Receiver-General; Auditor of Accounts; Attorney-General; Senator for the Second Norfolk Senatorial District; a Representative to the General Court for the Second Norfolk Representative District; one County Commissioner;—all to be voted for on one ticket.

Hereof fail not, and make due return of this warrant to the Selectmen, with your doings thereon, four days, at least, before the day of said meeting.

Given under our hands at Brookline aforesaid, this twentieth day of October, in the year of our Lord one thousand eight hundred and eighty four.

ALFRED D. CHANDLER,	} Selectmen of the Town of Brookline.
FRANCIS W. LAWRENCE,	
JOHN K. ROGERS,	
JAMES B. HAND,	
OLIVER WHYTE,	

NORFOLK, SS.

BROOKLINE, October 30th, 1884.

In pursuance of the within warrant, I have notified and warned the inhabitants of the Town of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes within named, by causing a printed attested copy of the same to be left at their last and usual place of abode; also, by posting the same in three or more public places in said town four days at least before the said day of meeting.

W. Y. GROSS, Constable of Brookline.

In pursuance of the foregoing warrant the inhabitants of the Town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Tuesday, the fourth day

of November, in the year of our Lord one thousand eight hundred and eighty-four, it being the Tuesday next after the first Monday in said month, and were called to order at half-past seven of the clock in the morning, by Alfred D. Chandler, Esq., Chairman of the Board of Selectmen. The Town Clerk then read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants.

In pursuance of the laws of the Commonwealth the ballot-box to be used at elections was then opened in public and shown to be empty, and was examined by the Selectmen and Town Clerk, and the same was found to be empty. The register of the box was then set at zero, closed and locked, and the key of the lower part was taken possession of by Mr. Alfred D. Chandler, Chairman of the Selectmen, and the key of the upper part by Mr. Benjamin F. Baker, the Town Clerk. The polls were then declared open for the reception of ballots, and were kept open until thirty minutes past four of the clock in the afternoon, when, after due notice being given that they were about to be closed, they were declared closed.

During the voting Mr. Alfred D. Chandler, Chairman of the Selectmen, and Mr. Francis W. Lawrence, one of the Board of Selectmen, took charge of the ballot-box, and Mr. Benjamin F. Baker, Town Clerk, and Mr. Oliver Whyte, one of the Board of Selectmen, took charge of the check-list. The Board of Selectmen and Town Clerk had charge of the election; and during the voting the ballot-box was, by unanimous consent, opened twice, to take out the ballots on account of their being crowded so that they could not pass through the rollers into the box, and for the purpose of counting the votes. Each time was by vote of the Board, and was as follows: Once at fifteen minutes before ten of the clock in the forenoon, when the register stood at 530; once at two of the clock in the afternoon, when the register stood at 1,076; and again at the closing of the polls, when the register stood at 1,410. During the voting the box failed to take in the ballot fourteen (14) times, by reason of the rollers not taking hold of or nipping the end of the ticket.

The names on the list of voters who had voted and been checked were then counted up, and were found to number 1,396, which was found to agree with the register after deducting the fourteen (14) times that the box failed to take in the ticket, but registered the number of the same.

The Selectmen and Town Clerk then proceeded to canvass the votes so given in, and the whole number given in was one thousand three hundred and ninety-six, which were sorted, counted, and recorded, and declaration thereof made in open town meeting as required by law, and were for the following National, State, and County officers, viz: —

For Electors at Large.

One thousand three hundred and seventy :

Mark Hopkins, of Williamstown, had six hundred and thirteen.

Thomas Talbot, of Billerica, had six hundred and thirteen.

District Number Eleven.

Eli A. Hubbard, of Hatfield, had six hundred and thirteen.
Festus C. Carrier, of Fitchburg, had six hundred and seventy.
William O. Crocker, of Montague, had fifty-one.
Benjamin Snow, of Fitchburg, had thirty-six.

District Number Twelve.

William S. Shurtleff, of Springfield, had six hundred and thirteen.
Elisha B. Maynard, of Springfield, had six hundred and seventy.
William M. E. Mellen, of Chicopee, had fifty-one.
John Blackmer, of Springfield, had thirty-six.

Representative to Congress for the Ninth Congressional District.

One thousand three hundred and ninety-two:

Frederick D. Ely, of Dedham, had five hundred and thirty-eight.
Henry E. Fales, of Milford, had one hundred and sixty.
Henry Lemon, Jr., of Newton, had thirty-nine.
Edmund M. Stowe, of Hudson, had thirteen.
Theodore Lyman, of Brookline, had six hundred and forty-two.

For Governor.

One thousand three hundred and eighty-six :

George D. Robinson, of Chicopee, had seven hundred and sixty-six.

William C. Endicott, of Salem, had five hundred and forty-nine.

Matthew McCafferty, of Worcester, had fifty-one.

Julius H. Seelye, of Amherst, had twenty.

For Lieutenant-Governor.

One thousand three hundred and eighty-six :

Oliver Ames, of Easton, had seven hundred and seventy-seven.

James S. Grinnell, of Greenfield, had five hundred and thirty-two.

Albert R. Rice, of Springfield, had fifty-one.

Henry H. Faxon, of Quincy, had twenty-six.

For Councillor for the Second Councillor District.

One thousand three hundred and eighty-six :

Warren E. Locke, of Norwood, had nine hundred and seventy-nine.

Augustus B. Endicott, of Dedham, had three hundred and thirty-eight.

Edward Hamilton, of Boston, had forty-eight.

Merit P. Alderman, of Hyde Park, had twenty.

Thomas Rice, of Shrewsbury, had one.

For Secretary of the Commonwealth.

One thousand three hundred and ninety-two :

Henry B. Peirce, of Abington, had nine hundred and ninety-two.

Jeremiah Crowley, of Lowell, had three hundred and thirty.

John P. Sweeney, of Lawrence, had fifty-one.

George Kempton, of Sharon, had nineteen.

For Treasurer and Receiver-General.

One thousand three hundred and ninety-one :

Daniel Gleason, of Medford, had nine hundred and sixty-eight.

John McCormack, of Brookline, had one hundred and fifty-two.

Benjamin F. Baker, of Brookline, had five hundred and eighty-four.

Clement K. Fay, of Brookline, had six hundred and eleven, and was declared elected to the next General Court, from the Second Norfolk District.

In voting the check-list was used, and no person was allowed to deposit his vote until his name was found on the list and checked.

The business of the meeting being accomplished, the returns were filled in, signed by the Selectmen and countersigned by the Town Clerk, and were sealed up in open town meeting as required by law, and were delivered to the Town Clerk to forward to their several places of destination.

The votes cast and the list of voters which had been used at the polls were then sealed up and endorsed by the Selectmen, and delivered into the custody of the Town Clerk, in conformity with the laws in such cases made and provided.

The meeting was then declared dissolved, by Alfred D. Chandler, Esq., Chairman of the Board of Selectmen.

Dissolved.

Attest: B. F. BAKER, Town Clerk.

SPECIAL MEETING, DECEMBER 3, 1884.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Brookline, qualified to vote as the law directs, to meet at the Town Hall in said town, on Wednesday, the third day of December next, at seven and one-half of the clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To hear and act upon the Report of the Committee on a revision of the Water Rates and Water Ordinances, Rules and Regulations.

Third, To see what action the Town will take on the request of John F. Hartt, that the Town will refund to him the sum of one hundred and fifty-one dollars and four cents claimed by him to have been paid to the Town in excess on the estimated cost of laying a water-main to his estate on Goddard Avenue.

Fourth, To see if the Town will authorize the Water Board to extend the water-main in Sewall Place, and a new street adjacent thereto, at an estimated cost of one thousand dollars; also, to extend the water-main in Irving Street a distance of five hundred feet, at an estimated cost of six hundred and twenty-five dollars.

Fifth, To see if the Town will authorize the Selectmen to employ an architect and make experiments to improve the acoustic properties of the upper Town Hall.

Sixth, To see if the Town will modify the vote passed at the adjourned special meeting of the town, held April 14, 1884, relating to the settlement of suits and claims against the Town.

Seventh, To see if the Town will authorize the Water Board to lay water-mains through certain new streets on the estate of the Aspinwall Land Company for a distance of 3778 feet, to be paid for out of the appropriation already made for high service.

Eighth, To hear and act upon the reports of Town Officers and Committees.

Ninth, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant to the Selectmen with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-sixth day of November, in the year one thousand eight hundred and eighty-four.

ALFRED D. CHANDLER,	} Selectmen of the Town of Brookline.
FRANCIS W. LAWRENCE,	
OLIVER WHYTE,	
JOHN K. ROGERS,	
JAMES B. HAND,	

NORFOLK, SS.

BROOKLINE, Nov. 29th, 1884.

In pursuance of the within warrant, I have notified and warned the inhabitants of the Town of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes within named, by causing a printed copy of the same to be left at their last and usual place of abode; also, by posting the same in three or more public places in said Brookline four days at least before the day of said meeting.

W. Y. GROSS, Constable.

In pursuance of the foregoing warrant the inhabitants of the Town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Wednesday, the third day of December, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at half-past seven of the clock in the evening, by the Town Clerk, who proceeded to read the warrant calling said meeting, and the return thereon of the officer who served the notices of the same upon the inhabitants of the town.

First Article taken up, — “To choose a Moderator.”

The meeting nominated and chose for Moderator, Rufus G. F. Candage, and he took the chair.

Third Article taken up, — “To see what action the Town will take on the request of John F. Hartt, that the Town will refund to him the sum of one hundred and fifty-one dollars and four cents claimed by him to have been paid to the Town in excess on the estimated cost of laying a water-main to his estate on Goddard Avenue.”

Mr. A. D. Chandler moved —

That the Town Treasurer be authorized and instructed to refund the sum of \$151.04 to Mr. John F. Hartt, being the amount overpaid to the Town by Mr. Hartt on the cost of extending the water-main in Goddard Avenue to his estate, and that the sum of \$151.04 be appropriated for this purpose, to be paid from any unexpended balances in the Treasury, except for Park or Water Supply.

The motion being put to the meeting it was rejected.

Second Article taken up, — “To hear and act upon the report of the Committee on a revision of the Water Rates and Water Ordinances, Rules and Regulations.”

On motion of Hon. William Aspinwall it was —

Voted. That the report on the Water Rates and Water Ordinances be re-committed to the Committee with instructions to report in print at an

adjourned meeting the water rates charged in the cities of Boston, Newton and Waltham, and also to report upon the expediency of adopting the following provisions :

1st. To charge for private dwelling houses valued by the Assessors at the last preceding tax valuation at one thousand dollars or less, exclusive of the land, the same water rates as those of the existing schedule, and on all houses valued as aforesaid at more than one thousand dollars, the water rates be fixed by the new schedule.

2d. To abolish the limit of charges for water rates now placed at twenty-five dollars.

3d. To require each water taker to pay the same rates for all fixtures exceeding one, as is now charged for the first fixture.

4th. To report in detail the cases in which water takers pay for more than one fixture of a kind, and the cases in which the limit of twenty-five dollars is applied, and the amount of water rates which would be chargeable beyond such limit if the limit were abolished.

Voted, That the sum of one hundred dollars be appropriated for the use of the Committee, to be paid from the appropriation for contingencies or any unexpended balances in the Treasury.

Fourth Article taken up, — “To see if the Town will authorize the Water Board to extend the water-main in Sewall Place, and a new street adjacent thereto, at an estimated cost of one thousand dollars ; also, to extend the water-main in Irving Street a distance of five hundred feet, at an estimated cost of six hundred and twenty-five dollars.”

On motion of Mr. Oliver Whyte it was —

Voted, That the Water Board be authorized to lay a water-main in Sewall Place, and in an unnamed street adjoining, at an expense not exceeding one thousand dollars ; also, to extend the main in Irving Street about five hundred feet, at an estimated expense of six hundred and twenty-five dollars.

Fifth Article taken up, — “To see if the Town will authorize the Selectmen to employ an architect and make experiments to improve the acoustic properties of the upper Town Hall.”

Voted, That the Selectmen be authorized to employ an architect to make experiments on the acoustic properties of the upper Town Hall, and that the sum of seven hundred and fifty dollars be appropriated therefor, to be paid from any unexpended balances in the Treasury.

Sixth Article taken up, — “To see if the Town will modify the vote passed at the adjourned special meeting of the Town, held April 14, 1884, relating to the settlement of suits and claims against the Town.”

Voted, That in a case where action has already been commenced the Selectmen be authorized to settle the case if not exceeding the sum of one thousand dollars, if, in their opinion, it cannot be successfully defended.

Seventh Article taken up, — “To see if the Town will authorize the Water Board to lay water-mains through certain new streets on the estate of the Aspinwall Land Company for a distance of 3778 feet, to be paid for out of the appropriation already made for high service.”

Voted, That the Water Board be authorized to lay water-mains through such streets on the estate of the Aspinwall Land Company as they may deem expedient, for a distance not exceeding 3778 feet, the same to be paid for from the appropriation made for constructing the high service.

Eighth Article taken up, — “To hear and act upon the reports of Town Officers and Committees.”

The report of the Special Committee on additional school accommodations, appointed at the last annual town meeting, which had been printed and distributed among the inhabitants, and in which they recommended the enlargement of the Lawrence School by the addition of two rooms, and a new school building near the Ward School, was taken up.

On motion of Mr. Alfred D. Chandler it was —

Voted, That the Special Committee appointed by the Town at its annual meeting, 1884, to consider what plans should be adopted to enlarge the present school accommodations, be authorized and instructed to make contracts for the enlargement of the Lawrence School by the addition of two rooms, at an expense, including furnishing, not to exceed eight thousand dollars, to be paid from the taxes of the year next ensuing, and that the sum of eight thousand dollars be appropriated therefor; and the same is hereby expressly made payable from the taxes of the year 1885.

Voted, That the Special Committee on additional school accommodation, consisting of the Selectmen and School Committee, are instructed to consider whether the erection of a new school building for the grammar classes, now in the Ward School, is expedient, where the same should be located, and of what size and material it should be constructed, or what other provision therefor is expedient; also, how and where provision should be made for primary classes in the vicinity of the present Ward and Lincoln schools; and that said Committee be authorized to procure plans and estimates therefor, and instructed to report at the annual meeting.

Voted, That when this meeting adjourn it be to meet in this place on Wednesday, the seventeenth instant, at half-past seven of the clock in the evening.

Adjourned.

Attest: B. F. BAKER, Town Clerk.

ADJOURNED SPECIAL MEETING, DEC. 17, 1884.

Pursuant to adjournment the inhabitants of the Town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Wednesday, the seventeenth day of December, in the year of our Lord one thousand eight hundred and eighty-four, and were called to order at seven and a half of the clock in the evening, by the Moderator, Rufus G. F. Candage.

The Second Article in the warrant taken up, — “To hear and act upon the report of the Committee on a revision of the Water Rates and Water Ordinances, Rules and Regulations.”

Mr. Oliver Whyte, Chairman of the Committee on a revision of the Water Rates and Water Ordinances, Rules and Regulations, presented the report of the Committee, which had been printed and distributed among the inhabitants, and moved the adoption of that portion of the report which related to the Water Ordinances, Rules and Regulations.

On motion of Mr. William Aspinwall it was —

Voted, That the Water Ordinances be taken up and considered section by section.

The Water Ordinances were then taken up, examined, considered and adopted, section by section, as follows, to wit: —

WATER ORDINANCES.

SECTION 1. The Brookline Water Board shall consist of three inhabitants of said town, and at each annual town meeting one member of the Board shall be chosen to hold office until the annual meeting in the third year after the meeting at which he shall have been chosen. In case of a vacancy by death, resignation, removal from town, or other cause, the vacancy shall be filled at the next town meeting after the occurrence of such vacancy.

SECT. 2. The Water Board shall, at the first meeting after their election in each year, choose from their number a Chairman. Two members shall be a quorum for the exercise of the powers and performance of the duties

of the Water Board. The Board may appoint and remove, at their discretion, a Clerk, who shall also be Water Registrar, and such servants or agents as may be necessary, and may prescribe their duties. They may fix the salaries of such Clerk and Registrar, and such servants and agents, subject to the instructions and control of the Town. The Board shall in no case make any contract or agreement beyond the appropriation for the purpose made by the Town.

SECT. 3. The Water Board, thus constituted, shall have the exclusive and entire charge, superintendence and oversight of all lands, structures, works, and apparatus designed and provided for obtaining and supplying pure water for the uses of the town. They shall have the exclusive control and management of the uses, repairs and extensions of such works and structures, whether newly determined upon or otherwise, unless the Town shall make other provision in extensions of the works.

SECT. 4. The Water Board shall have control and jurisdiction over all sources of supply possessed by the Town, and of all lands appurtenant thereto, owned or lawfully controlled by the Town; and they may exercise all rights as to entry upon and passage over private premises which now are or may become vested in the town, belonging or relating to the management of the water works and supply of water.

SECT. 5. The Water Board shall use diligent care for the protection and security of all sources of water from which a supply is in any part obtained, so that the purity thereof may not be impaired.

SECT. 6. The Water Board shall, as often as once in each calendar month, meet and examine all bills and claims incurred by them in the prosecution of their duty; and all claims approved shall be certified by them; and they shall draw warrants upon the Town Treasurer for the payment of the same. The Water Board shall keep a full record of their proceedings, and they shall at the annual town meeting make a report in detail to the Town of their official acts and doings for the year preceding, with estimates of expenditures for the year succeeding, and such suggestions and recommendations as may seem to them for the benefit of the town.

SECT. 7. The Water Board shall, in consultation with the Engineers of the Fire Department, make all proper arrangements for the sufficient supply of water for use at fires, and for affording the same in the most efficient and suitable manner. They shall, in consultation with the Selectmen, arrange for such supply of water as may be required for operating any public fountains and ornamental public water works, for flushing and cleansing public sewers and drains, for sprinkling streets, and for any other use clearly distinct from that of ordinary water takers.

SECT. 8. The Water Board shall have exclusive charge of the supply of water, may make all necessary arrangements therefor, and such regulations as may be judicious, not inconsistent with those established by the Town.

SECT. 9. The Water Board shall cause to be made out and delivered to the Town Treasurer and Collector, on or before the first day of January of each year, and at such other periods during every year as there is occasion therefor, all bills for water becoming due at such times, and also

shall cause to be sent to each person owing a bill, a postal card, stating the amount due, notifying such person to call at the office of the Treasurer and Collector and pay the same. They shall also arrange that their Registrar shall be in his office at stated hours, to be agreed upon with the Treasurer and Collector, during the periods when the bills are payable, for the purpose of adjusting any claims which may be made for rebate, etc.

SECT. 10. No member of the Water Board, and no person officially acting under their appointment, shall directly or indirectly, be personally interested in any contract, bargain or sale of property or material connected with the water supply, wherein either the Water Board or any Committee thereof shall be a party. Nor shall the Water Board, or any officer appointed under their authority, demand or receive any fee or reward for service to any person in connection with his duty.

SECT. 11. If any person shall turn on or turn off the water in any of the public water-pipes or reservoirs without the license of the Water Board, he shall be liable to a penalty of not less than \$3, nor more than \$20, upon conviction thereof before a trial justice or court having jurisdiction of offences arising under town by-laws.

On motion of Mr. James M. Codman it was —

Voted, That the Rules and Regulations be taken up, and considered as a whole.

The following Rules and Regulations were then taken up, considered, examined, and passed, as follows, to wit: —

RULES AND REGULATIONS.

The following regulations shall be considered as part of the contract with every water taker. Whenever any of them is violated, the water shall be cut off; and it will not be let on again except by order of the Water Board, and on payment of \$1.00.

1. Application for the use of water must be made in writing at the office of the Water Board, and must state fully and truly the uses to which it is to be applied. Should any taker desire to use the water for any purpose not stated in his application he must make request to the Water Board for permission to use it for such other purpose. No water shall be supplied by takers to persons not entitled to its use.

2. All persons taking water shall keep in order the service-pipe within their premises, and be liable for all damage resulting from their failure to do so.

3. They shall prevent all voluntary waste of water, and shall not allow water to run through their fixtures to prevent freezing. There shall be no concealment of the purposes for which it is used.

4. No alteration shall be made in any pipes or fixtures inserted by the Town, except by persons authorized by the Water Board, who shall be allowed to enter the premises to examine the apparatus, the quantity of water used and manner of its use, and to ascertain whether there is any improper waste; provided, however, that no dwelling house shall be thus

entered, except on presentation of a special order, designating the house and its occupant, signed by the Superintendent, authorizing such entry. Said order shall be left with the occupant.

5. The Town reserves to itself the right, whenever it deems it necessary to repair the works, to shut off the water, in whole or in part, and to stop the supply for other than domestic purposes, in cases not requiring a complete stoppage.

6. Owners shall be responsible for water supplied to there premises. When water shall be supplied to more than one taker through a single service, the bill for the whole supply furnished through such service will be made either to the owner of the estate or to some one tenant who shall agree to be responsible therefor. In case of non-payment, the water may be shut off, notwithstanding one or more takers may have paid their proportion to such owner or tenant.

Voted, To adopt the foregoing Rules and Regulations.

On motion of Mr. Oliver Whyte the schedule of Water Rates reported by the Committee was then taken up and considered.

On motion of Mr. William Aspinwall it was —

Voted, That the limit of twenty-five dollars fixed by the water rates adopted by the Town, February the first, 1876, in the following words, to wit: "No charge for a private family, exclusive of Hose, Fountain, or Stable, shall exceed \$25.00," be, and hereby is repealed.

On motion of Mr. John Panter it was —

Voted, That the subject be indefinitely postponed.

Mr. A. W. Goddard moved —

That the vote passed by the Town at the town meeting held on the third instant, refusing to refund to Mr. John F. Hartt the sum of \$151.04, being the amount overpaid by Mr. Hartt in extending the water-main in Goddard Avenue, be reconsidered.

On motion of Mr. Nathaniel Lyford it was —

Voted, That the matter be indefinitely postponed.

Voted, That this meeting be now dissolved.

Dissolved.

Attest: B. F. BAKER, Town Clerk.

SPECIAL MEETING, JANUARY 2, 1885.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Brookline, qualified to vote as the law directs, to meet at the Town Hall, on Friday, the second day of January next, at half-past seven of the clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To see whether the Town will accept and allow White Place as a town way, as laid out by the Selectmen.

Third, To see what action the Town will take on printing the records of the Town.

Fourth, To hear and act upon the reports of Town Officers and Committees.

Fifth, To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant to the Selectmen, with your doings thereon, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-sixth day of December, in the year of our Lord one thousand eight hundred and eighty-four.

ALFRED D. CHANDLER,	} Selectmen of the Town of Brookline.
FRANCIS W. LAWRENCE,	
JOHN K. ROGERS,	
JAMES B. HAND,	
OLIVER WHYTE,	

NORFOLK, SS.

BROOKLINE, December 29, 1884.

In the pursuance of the within warrant, I have notified and warned the inhabitants of the Town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes within named, by causing a printed copy of the same to be left at their last and usual place of abode; also, by posting the same in three or more public places in said Brookline four days at least before the day of said meeting.

W. Y. GROSS, Constable.

In pursuance of the foregoing warrant the inhabitants of the Town of Brookline, qualified to vote in elections, met in the Town Hall in said town, on Friday, the second day of January, in the year of our Lord one thousand eight hundred and eighty-five, and were called to order at half-past seven of the clock

in the evening, by the Town Clerk, who proceeded to read the warrant calling said meeting, and the return thereon of the officer who served the notices of the same upon the inhabitants of the town.

First Article taken up, — “To choose a Moderator.”

The meeting then nominated and chose for Moderator Moses Williams, and he took the chair.

Second Article taken up, — “To see whether the Town will accept and allow White Place as a town way, as laid out by the Selectmen.”

The Selectmen presented the following report on the laying out of said way, to wit:—

The undersigned, Selectmen of Brookline, having given printed and written notices to Kenrick Brothers, James M. Seamans, James A. Dupee, John R. Tuscher, Rose Hicks, Mary Cummings, Patrick Hogan, Ellen Stitt, Jeremiah Shea, Paul Kelly, Patrick W. Bowen, Patrick McAvoy, Michael Whalon, Robert Stanfield, Patrick W. Bowen, John Sheehan, Adam Halfenstine, John S. Edgar, John H. Cabot, Julia Canty, Alexander Morrow, James Brennan, William Bigham, James King, Joshua H. Putnam, John Panter, and Jeremiah Hayes, (being all the parties known to us to be interested in the subject-matter of the street or town way to be laid out,) of our intention to lay out the private way known by the name of White Place as a public town way, such notices requiring such persons to appear before us at the Town Hall, on Friday, the 26th day of December, at four o'clock in the afternoon, and having caused such notices to be actually served, according to law, upon all such persons by a constable of this town, at least seven days before the day so appointed for the hearing, and having given notice to them, and all other persons and corporations (if any) who may be interested in the subject-matter of said way, whose names are not known to us, by posting up copies of the printed and written notice in three public places in the town, at least seven days before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and all parties and interests which had appeared having been heard in relation thereto, and the route of the proposed street or town way having been viewed and examined by us, after fully considering the subject, do adjudge that it is necessary for the public convenience that a street or town way should be laid out and maintained by the Town, as hereinafter described by its southerly line, viz: Commencing at the intersection of the westerly side of Washington Street and the northerly line of the location of the Boston and Albany Railroad, and running westerly by said northerly line of the location of said railroad about 17.70 feet: thence running westerly by a curve to the right, with a radius of 1133.28 feet, 17.83 feet; thence running westerly by a deflection to the right 75.42 feet, to an angle: thence running westerly by a deflection to the left 567.20 feet, to the end of said place, which is to have a parallel width of 25 feet, excepting as hereinafter described. The northerly line

of said place at its intersection with Washington Street will be 26 feet distant from the location of the Boston and Albany Railroad, measured at right angles with the same.

From said intersection the northerly line of said place runs westerly by a line parallel with and 26 feet distant from the location of the Boston and Albany Railroad; thence westerly 20 feet to a point in the northerly line of said place 25 feet distant from the previously described southerly line.

Taking of Mr. John Panter a parcel of land bounded easterly by Washington Street, 8 feet; southerly by White Place, 16 feet; northerly by the northerly line of White Place, as above described, 12.7 feet, containing 45 square feet, more or less.

And said street, or town way, as so laid out, located and described, is hereby reported to the Town for acceptance, and when so accepted, allowed, and recorded, is to be known as a town way.

The location of said street, or way, is in accordance with a plan of the same, dated December 26th, 1884, made by A. H. French, civil engineer, approved by us, and such plan is adopted by us as a part of this record.

And we have given the owners of the land, through which said street or way is laid out, fifteen days from the date of the acceptance of this report by the Town, in which to remove structures, buildings, walls, fences, hedges, or trees, standing on said land.

And said street, or way, as so laid out, located and described, is hereby reported to the Town for acceptance, and when so accepted, allowed, and recorded, is to be known as a town way.

The said plan, profile, and this record have this day been filed by us in the Town Clerk's office.

The estimated cost of building this street, or town way, is \$12,000.00.

ALFRED D. CHANDLER, FRANCIS W. LAWRENCE, JOHN K. ROGERS, JAMES B. HAND, OLIVER WHYTE,	} Selectmen of the Town of Brookline.
---	---

BROOKLINE, December 26th, 1884.

BROOKLINE, Mass., December 26th, 1884.

Filed in the office of the Town Clerk.

Attest: B. F. BAKER, Town Clerk.

On motion of Mr. Alfred D. Chandler it was —

Voted, To accept and allow White Place as a town way, as laid out by the Selectmen.

Fifth Article taken up, — “To raise and appropriate such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.”

On motion of Mr. Edward Atkinson it was —

Voted, That the sum of twelve thousand dollars be appropriated for the purpose of defraying the cost of constructing White Place as accepted and laid out, and that the Treasurer be authorized to borrow said sum under the direction of the Selectmen.

Third Article taken up, — “ To see what action the Town will take on printing the records of the town.”

On motion of Mr. Alfred D. Chandler it was —

Voted, That the Selectmen and Town Clerk be a Committee to report, in print, at the next annual town meeting, the cost of copying, indexing, and printing the Town Records from 1838 to the present time.

Voted, That this meeting be now dissolved.

Dissolved.

Attest: B. F. BAKER, Town Clerk.

REPORT OF THE SELECTMEN.

The Selectmen of Brookline have the honor to submit the following report for the fiscal year ending January 31, 1885 :—

The town has entered an era of exceptional growth and prosperity. It furnishes to the world more striking proof than ever of the success of town government in New England. Its requirements are greater, its expenditures larger, and its standards higher than those of any other town, and of many cities. It has made, and will make, mistakes, but it is now so strong in its position that nothing but neglect can harm it.

Boston remained a town until it had over 43,000 inhabitants. In 1822 it became a city. Its debt was then \$100,000 ; its expenses that year, \$249,170.

For fifteen years, with a population ranging between 6,650 and 9,000, the average annual expenses of Brookline have been about \$475,000, or \$1,300 a day. Its debt is \$1,281,650.

These two municipalities exemplify the adaptability of our town form of government to communities large in population, and large in expenditures of money.

More town meetings were held in Brookline a century ago than are held now ; * yet the volume of business transacted now is about one hundred and fifty times as great as then.

FINANCES.

When, in 1872, the town's taxable property was marked up from \$20,879,700 to \$29,413,914, — nearly forty-one per cent, — the maximum valuation was reached. In the next seven years the taxable property fell in the assessors'

* Number of town meetings, and adjournments, held in Brookline from 1780 to 1784, inclusive, 51. Number of town meetings, and adjournments, held in Brookline from 1880 to 1884, inclusive, 42.

estimate nearly seven millions, an average shrinkage of about one million dollars a year, till, in 1879, it dropped to \$22,493,800.

These years, from 1871 to 1879, mark the period of most violent fluctuations reported in the prudential affairs of the town. Our valuation then rose and fell by the millions as never before; our annual expenditures were one year trebled; our debt was increased nearly six hundred per cent; annexation disturbed the town; water, sewers, roads, and a new town hall, made unexampled demands upon the town's borrowing capacity. In five years, from 1870 to 1875, the interest account increased over one thousand per cent.

Although the annexation question necessarily hastened the change from rural to suburban Brookline, yet the town's action in this era of large expenditures was but in keeping with the times. Within twenty years the town and county municipalities of this country have exercised their borrowing power to a vast extent, — a power almost latent till developed by the exigencies and example of the government in the civil war.

There seemed to be but little restraint upon this power. De Tocqueville noticed this. He wrote: —

"They are independent in all that concerns themselves; and among the inhabitants of New England I believe that not a man is to be found who would acknowledge that the State has any right to interfere in their local interests. The towns of New England buy and sell, prosecute, and are indicted, augment or diminish their rates, without the slightest opposition on the part of the administrative authority of the State."*

The above was written in 1835. In 1875 the State of Massachusetts did intervene. It was announced in the Massachusetts House of Representatives that municipal indebtedness "was increasing more than four fold as fast as valuation;" that there was in Massachusetts a "formidable amount of municipal liability;" that there was a "prodigality of expenditure;" and that this was "fraught with many dangers," and was "one of our gravest public perils." It was further said that "during the present session officers of towns and cities in applying for authority to fund their

* Democracy in America. Reeve's translation, — ch. v., p. 67.

debts in bonds, payable at remote periods, have in their conferences with the Judiciary Committee, deplored past improvidence and thrown the blame on their *predecessors*. What we need is some measure which will *compel predecessors to do their duty and save successors from such embarrassments*." Cambridge and Somerville among the cities, and Brookline and Beverly among the towns of Massachusetts were specially instanced before the House as cases of excess in expenditures. It was said that the average rate of taxation for the towns and cities of the Commonwealth was \$15.51 on a thousand; and the following specific mention of Brookline was made:—

"Another town, adjoining Boston, has this session obtained from the Legislature power to fund a debt in bonds payable in twenty years.* Its debt has reached \$1,346,958, but its rate of taxation has (except in two or three years) been as low as \$10 on \$1000, generally much under that sum, and never exceeding \$11 and a fraction, while if it had taxed itself the average rate in the Commonwealth, it would not to-day have a dollar of indebtedness. But it has been setting to poorer towns the bad example of borrowing money for expenses which ought, in most cases, to have been met by the tax bills of the year."†

As a consequence the Legislature passed the Municipal Indebtedness Act of 1875, now Chapter 29 of the Public Statutes, limiting the indebtedness of a city or town to three per cent on the last preceding valuation for the assessment of taxes of the taxable property therein, and not including the water debt and sinking fund. This has had a salutary effect throughout the State. The practice of making loans on long time has since met with less favor in towns. To further encourage shorter loans and reduce the interest account, the Legislature enacted Chapter 133 of the Acts of 1882, by which towns may provide for annual proportional payments, and avoid the creation of the "complicated make-shifts" called sinking funds.‡

This interposition by the State, together with the greater inducements Brookline offers as a place of residence since

* Brookline Sewer Bonds. Acts of 1875, Chapter 134.

† See speech of Hon. Edward L. Pierce in the Massachusetts House of Representatives. Printed in full in Boston Journal, April 27, 1875.

‡ See Report of the Committee in Quincy — Mr. Charles Francis Adams, Jr., Chairman — on "the best course to pursue to insure the more speedy and certain extinguishment" of the town debt. Quincy Town Report, 1879, pp. 89-101.

the introduction of water and sewers, enables the town, by a judicious management of its monetary affairs, to maintain a career of great prosperity.

The shrinkage in valuation which, in seven years, ending in 1879, was nearly seven millions dollars; has since been followed by a gain of \$4,152,700 (exclusive of corporation and bank stocks), but still leaving a deficiency of \$2,767,414 to attain the assessed valuation of the town in 1872. The debt has meanwhile been reduced from \$1,468,350, in 1878, to \$1,281,650, in 1885. The interest account has dropped from an annual payment of \$105,000, in 1875, to \$81,769.99 in 1884. The town's recent accessions to its valuation are not based upon the method of "marking up," as in 1872, but upon solid acquisitions in the form of a large and increasing number of superior buildings, with corresponding additions to the personal estates of the town. Our present steady, healthy growth, after the vicissitudes of the last decade, is the more gratifying when we bear in mind the condition of the times. The check put by the State on municipal indebtedness; the unusual prominence given to the discussion of municipal finance; the experience gained; the public endorsement of the policy that directs expenditures to give the greatest good to the greatest number, and to secure the largest and quickest return for the outlay, put us in a position where, by attention, we may easily maintain the lead among the towns of the Commonwealth.

A quicker perception and a keener appreciation of the fiscal operations of the town during the past quarter of a century, with their bearing upon the present, may be obtained by the graphic method of presentation. In the first table here given, the debt of the town is shown for each year, from 1860 to 1885. By this method the marked contrast between the debt of the town — it is a common instance — during the great civil war and its debt in time of profound peace, is clearly shown. In proportion to the valuation, the debt of late has been about seven times as great as during the war. Then the debt was only about $\frac{1}{140}$ part of the valuation, now it is about $\frac{1}{20}$ part of the valuation. By this table, taxpayers may see at a glance what a debt the town is *now*

carrying, and judge how absolutely essential it is to keep in mind the past in attempting to direct the present finances of the town.

Table No. 1.

THE TOWN DEBT.

Scale, \$500,000 to an Inch.

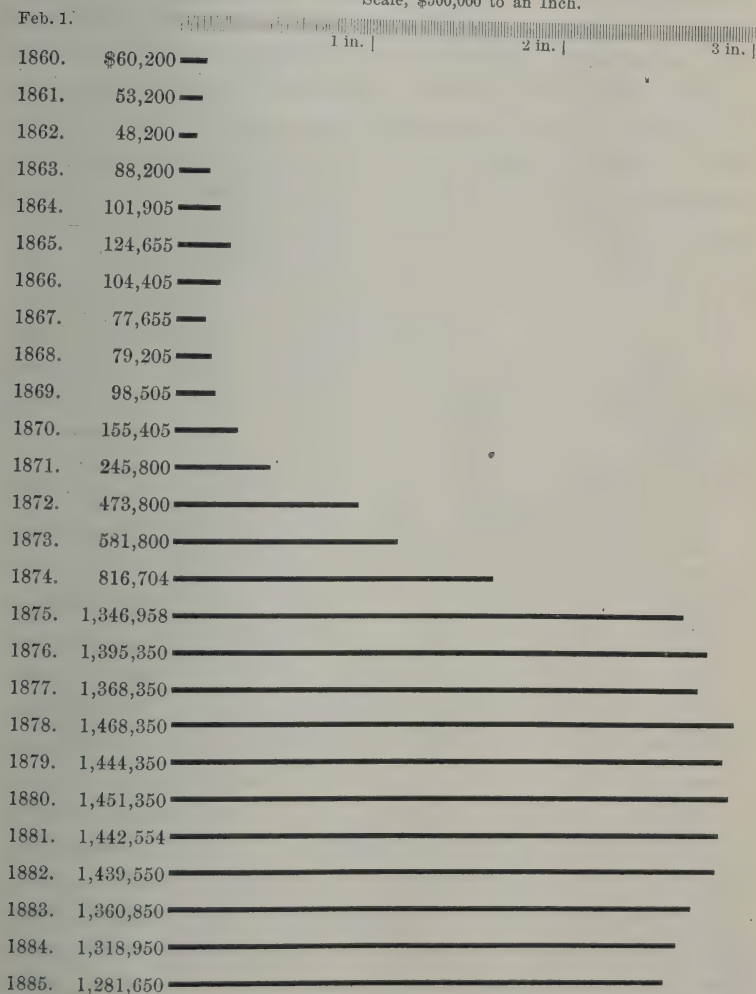

Table number two, given below, shows the date of maturity of the various outstanding town loans, some of which continue to run till the end of the century, with no power to call them in for payment, or for renewal at lower rates of interest. \$400,000 is outstanding at 7 per cent, \$185,650 at $6\frac{1}{2}$ per cent, \$315,000 at 6 per cent. Of the rest, \$281,000 is out at 5, $4\frac{1}{2}$, and 4 per cent, and \$100,000 at $3\frac{6.5}{100}$ per cent.

This debt is mainly for water, sewers, town hall, highways, and public grounds. But a part of it is made up of a number of small sums of money, which should have been paid when the debt was incurred or within the shortest possible time thereafter; such as \$200, borrowed in 1874 for 12 years at $6\frac{1}{2}$ per cent, to pay for "a plan of land around reservoir;" and \$250, borrowed at the same time for 12 years at $6\frac{1}{2}$ per cent, to pay for "Mrs. Maloney's claim."

Table No. 2.

TOWN DEBT MATURES.

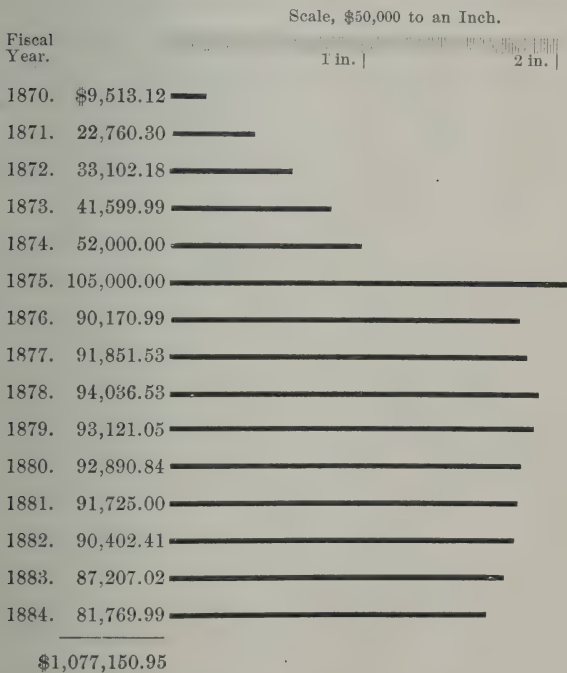

Fiscal Year.	
1885	66,600
1886	54,850
1887	10,000
1888	10,000
1889	54,200
1890	135,000
1891	10,000
1892	100,000
1893	34,000
1894	115,000
1895	10,000
1896	90,000
1897	550,000
1898
1899	42,000
	<hr/>
	\$1,281,650

For years the town's heaviest annual appropriation has been its interest account. Few are aware that since 1870 our tax-payers have been taxed for and paid over a million dollars for interest alone, and that nearly

seven hundred thousand dollars more of interest remains to be paid on the present outstanding debt. In all a liability of nearly one million seven hundred thousand was incurred for interest on the debt created since 1870 only. The table given below shows the interest account for the past fifteen years. From 1870 to 1875 it increased over one thousand per cent; since then it has fallen off a little.

Table No. 3.

INTEREST ON TOWN DEBT.

The difference in the interest account between a long and a short loan is shown by taking the following as an illustration:—

\$100,000 at 4% for 30 years	Interest, \$120,000
100,000 at 4% for 10 years, payable \$10,000 each year.	“ 22,000
Saving in interest by the latter method	\$98,000

It was to encourage towns to reduce their interest account by the adoption of the latter method above shown, as well as to avoid a sinking fund, that the Legislature enacted Chapter 133 of the Acts of 1882, by which loans may be paid in equal annual payments. This method apportions the loan over a reasonable number of years, and enables a town without difficulty to approach nearer to the "pay-as-you-go" policy. Brookline has already manifested its approval of this method by the unanimous vote passed at the adjourned special town meeting of June 16, 1884, (*ante* pp. 45, 46).*

It has been said that "freedom from debt does not necessarily indicate a flourishing condition, unless the asset column shows the possession of such property of a public character as is ordinarily required for municipal purposes."† With the returns now obtained it should also be said that in the past ten years there has been a commendable and successful effort by towns to pay off their debts.

There are 347 cities and towns in the State; the number now having no indebtedness has increased nearly one hundred per cent in the last decade. By the Tax Commissioners' report of 1875 the number of towns having no debt was 48; by their report of 1885 the number of towns having no debt had increased to 93. Brookline is one of the 17 municipalities of Massachusetts having a debt of between 4 and 5 per cent of their respective valuations.

* The Town Clerk's record does not state what led to the passage of this vote. At that meeting the Chairman of the Selectmen explained to the town the operation of Chapter 133 of the Acts of 1882, to enable towns to make debts payable in equal annual installments, and the town unanimously voted to modify its previous vote authorizing a loan of \$100,000, so that the Treasurer and Selectmen could make the loan payable in annual installments from one year upwards, at their discretion.

† Tax Commissioners' Report, 1877, p. 19; 1878, p. 15.

Table number four, given below, shows the fluctuations in the assessed valuation of the town during the past twenty-five years. The table differs somewhat from the stereotyped figures published for many years by the Assessors in their table at the end of the town reports, and is made to conform to the Assessors' "condensed statements" heretofore published from year to year.

Table No. 4.

ASSESSORS' VALUATION.

Assessors' Valuat'n May 1.	Scale, \$10,000,000 to an Inch.		
	1 in.	2 in.	3 in.

The problem now before the town, is how to keep down its rate of taxation with its outstanding debt, and yet meet the demand for necessary improvements. Nothing is more essential for the town's success than a *low rate of taxation*. It is cheaper and better to defer improvements and keep the rate of taxation down, than to drive people away by improvements and a high rate. Improvements to a reasonable extent each year can be made consistently with a low rate of taxation. So-called "improvements" on too great a scale will hurt the town, and prevent the very growth they are designed to advance. Brookline now has a system of water works and a system of sewers, both of which can and should be judiciously extended as needs require. Beyond these, our improvements should be in moderation. Being a wealthy town is the very reason why its taxpayers should enjoy a low rate of taxation, and not, as some claim, carry a great debt and pay heavily for it. This problem can only be solved by the earnest co-operation of taxpayers and town officers, in scrutinizing every appropriation made.

The situation of Brookline, its reputation, and its unrivalled attractions, give the town an immense advantage. No municipality in the State has such an opportunity. The key to the town's future success lies in the good sense with which its finances may be managed.

In the Assessor's Report, at the end of this volume, will be found a more detailed statement of the material growth of the town.

TREASURER AND COLLECTOR.

Moses Withington, the veteran Treasurer and Collector of Brookline, resigned these offices July 1, 1884, "the impaired state of his health compelling him to ask to be relieved of the duties of the position as Treasurer and Collector, which he had so long occupied, and for which he was deeply grateful to his fellow-townsmen." Mr. Withington was first elected Treasurer in 1849, and was in his thirty-sixth year of service at the time of his resignation. No other town officer is known to have served so long in Brookline, except Stephen Sharp, Esq., who was town clerk for thirty-eight

years, from 1776 to 1813, inclusive. Mr. Withington always maintained his reputation for honesty. His reëlection from year to year was a matter of course. During his long term of service he received and accounted for nearly nine millions of dollars of the town's money. The expenditures during his first year of service — 1849 — appear to have been \$10,977.41; these increased until the year 1875, when the maximum for any single year was attained, of \$985,605.65. His salary for the first year as Treasurer was \$30, and as Collector \$176.44. This was increased from time to time till in 1883 it was made \$3,000 a year for both offices.

To fill the vacancy made by Mr. Withington's resignation, the Selectmen, under the power given them by section 90 of chapter 27 of the Public Statutes, appointed Mr. George H. Worthley, Treasurer and Collector, July 2, 1884, who was sworn and gave bond for \$50,000 with sureties. The Selectmen appointed Mr. Worthley to hold these offices because he had twice been chosen by the people as the first auditor of the town, and was then holding that position, and also because of Mr. Worthley's strong qualifications. It was under his supervision that the special vote of the town of March 27, 1883, "to open a set of books by double entry" was carried out. His selection has proved very satisfactory. The town vote at the last annual meeting authorized borrowing \$200,000 in anticipation of taxes; largely through Mr. Worthley's management we were enabled to get along by borrowing only \$110,000, obtained at the lowest rates of the day, thus saving the interest on \$90,000; and but for the inadvisability of drawing wholly on the sinking fund—in the condition it then was—for the payment of the \$49,000 note, which fell due last July, there would have been saved the interest on about \$120,000.* Further management has avoided the necessity of borrowing any money under the various appropriations made at the special town meetings of the year. Credit is due to Mr. Worthley for the ability shown in placing the new high service water loan of \$100,000 at the unprecedented rate of $3\frac{65}{100}$ per centum per annum, the entire loan being taken at a premium. The prestige of this is of great importance to the town.

* pp. 86, 87.

It is thought that the saving in interest alone during the year equals the salary of the Treasurer and Collector. Although appointed July 2d, Mr. Worthley's salary did not begin until August 1, 1884, Mr. Withington receiving pay until that date.

APPROPRIATIONS.

During the year the Selectmen have drawn 1,049 orders against the several appropriations made by the town. The following table gives the appropriations recommended for the ensuing year, with the corresponding amounts appropriated and expended last year. The table places the heaviest appropriations at the head, the lightest at the foot. The table is divided into an ordinary and an exceptional list; ordinary appropriations being for the usual municipal expenditures; exceptional appropriations applying to extras or improvements.

ORDINARY APPROPRIATIONS.

OBJECT OF APPROPRIATIONS.	Appropriation recommended, for 1885-6.	Appropriation, 1884-5.	Expended, 1884-5.
1. Interest on Town Debt, including water receipts, less sum needed for maintenance of water works. (See p. 85)	\$77,500 00	\$79,500 00	\$81,769 99
2. Sinking Fund. Old debt \$59,000; new debt \$3,500. (See p. 86)...	62,500 00	61,000 00	61,000 00
3. Schools	42,500 00	41,000 00	40,547 55
4. State Tax. (See pp. 87-88).....		31,260 00	31,260 00
5. Highways, (including removing snow) and receipts	20,000 00	20,000 00	20,066 63
6. Police, and no fees. (See pp. 89-92)	20,000 00	18,000 00	19,666 15
7. Lighting Streets.....	19,000 00	18,500 00	16,775 72
8. County Tax. (See p. 89)		15,269 10	15,269 10
9. Water Works, maintenance of, to be paid from water receipts....	11,300 00	9,500 00	9,486 08
10. Fire Department.....	9,800 00	10,300 00	10,348 82
11. Contingencies	8,000 00	8,000 00	7,240 79
12. Watering Streets	8,000 00	6,000 00	6,000 00
13. Water Works, extension of	6,825 00	2,200 00	2,488 13
14. Poor, support of, and receipts....	6,000 00	6,000 00	6,706 24
15. Library and Librarian's salary	5,500 00	5,500 00	5,500 00
16. Sidewalks. (See p. 101)	4,000 00	4,000 00	4,000 00
17. Assessors, (and making up Tax List)	3,000 00	3,250 00	3,250 00
18. Treasurer and Collector.....	3,000 00	3,000 00	2,625 00
19. Town Hall, care of, and salary of janitor	2,600 00	2,800 00	2,772 02
20. Free text books, and school supplies for pupils in the public schools ..	2,500 00	2,500 00	2,473 12
21. Sewers, care of.....	2,500 00	1,500 00	1,706 93

OBJECT OF APPROPRIATIONS.	Appropriation recommended, for 1885-6.	Appropriation, 1884-5.	Expended, 1884-5.
22. Health Department	\$2,350 00	\$2,000 00	\$1,810 63
23. Repairs of Town Buildings.....	2,000 00	2,000 00	1,808 17
24. Selectmen, salaries of.....	2,000 00	2,000 00	2,000 00
25. Abatement of Taxes	2,000 00	2,000 00	2,102 18
26. Superintendent of Streets	1,500 00	1,500 00	1,500 00
27. Town Clerk.....	1,000 00	1,000 00	1,000 00
28. Overseers of the Poor, salaries of.	1,000 00	1,000 00	1,000 00
29. Muddy River Improvement.....	1,000 00	888 50	663 65
30. State Aid.....	900 00	900 00	800 00
31. Clerk of Selectmen and Overseers of Poor	750 00	750 00	750 00
32. Lamp-Posts, new	750 00	750 00	453 51
33. Interior Repairs, Schools.....	750 00	750 00	750 00
34. Bath Houses.....	500 00	500 00	499 51
35. Evening Schools.....	500 00	500 00	384 85
36. Soldiers disabled, and families of deceased soldiers	500 00	500 00	307 73
37. Decoration Day	300 00	300 00	300 00
38. Treasurer of Sinking Fund Comm'rs	275 00	275 00	275 00
39. Industrial School	250 00	250 00	250 00
40. Cemetery, Walnut Street.....	200 00	200 00	172 83
41. Ringing Bell	175 00	175 00	150 00
42. Auditors	150 00	150 00	150 00
43. Clerk of Trustees Walnut Hills Cemetery	150 00	150 00	150 00

EXCEPTIONAL APPROPRIATIONS.

1. High Service Water Works. Bonds issued*		100,000 00	13,172 49
2. Sewer on line of brook between Harvard and Park Streets. Voted in 1884. The money to be paid from taxes of 1885. (Reappropriation)	21,824 00	21,824 00	19,729 60
3. White Place. Laid out and accepted as a town way Jan. 2, 1885. The money to be borrowed. (Reappropriation)	12,000 00	12,000 00	
4. Lawrence School, enlargement of. Voted in 1884. The money to be paid from taxes of 1885. (Reappropriation).....	8,000 00	8,000 00	
5. Watering Streets. Additional appropriation. Voted in 1884. The money to be paid from taxes of 1885. (Reappropriation).....	1,800 00	1,800 00	1,673 16
6. Sidewalks. Additional appropriation. Voted in 1884. The money to be paid from taxes of 1885. (Reappropriation)	1,500 00	1,500 00	1,500 00
7. Town Hall Acoustics. (Reappr'n)..	429 91	750 00	320 09
8. Memorial Tablets (Reappropriation)	348 03	1,000 00	651 97

12. Printing Town Records			
13. Town Map.....			
14. Assessors' Plaus			
15. Superintendent of Sewers.....			
16. Chemical Engine House			

*By Act of 1882, ch. 133, the Assessors shall, without further vote of the town, assess \$10,000 of this each year until the debt is extinguished.

INTEREST.

At the head of the list stands the interest charge, which has for years been the heaviest regular appropriation. Few have considered its importance and its bearing on the town finances. The appropriation has usually been passed with as little discussion as that for the State tax or for the County tax. The interest account must, of course, be met by the town, but had this received the attention given to minor matters the result would have been a lower rate of taxation than we now have.*

The interest charge for the present year is made up as follows:—

Debt.		Interest.	
\$400,000, at 7	per cent	\$28,000	00
169,050	6½ "	10,988	25
16,600	6½ " for 6 mos. only	539	50
315,000	6 "	18,900	00
192,000	5 "	9,600	00
49,000	4½ "	2,205	00
40,000	4 "	1,600	00
100,000	3½ "	3,650	00
\$ 1,281,650		\$75,482 75	

Add for temporary loans in anticipation of taxes of 1885.

(estimated)† 2,017 25

Total interest for 1885-6 \$77,500 00

Deducting surplus available from water rates (estimated) 6,700 00

Amount of interest to be raised by taxation . . . \$70,800 00

The sum required for interest last year was \$81,769.99. There was paid in 1884-5 \$114,000 of the funded debt bearing interest at 6½ per cent. There has been added to the

* In some cases the amount to be paid for interest exceeds the principal; in the following for instance:—

	Rate per ct.	Time.	Due.	Interest.	Principal and Interest.	Excess of Int't over Principal.
Water Bonds:						
\$400,000	7	24 y.	1898.	\$672,000	\$1,072,000	\$272,000
75,000	6	20 y.	1895.	90,000	165,000	15,000
Town Hall Bonds:						
\$100,000	6	20 y.	1891.	120,000	220,000	20,000
50,000	6	20 y.	1892.	60,000	110,000	10,000
Play Ground Bonds:						
\$90,000	6	25 y.	1896.	135,000	225,000	45,000

† Last year this sum was \$1,971.98.

debt this year \$100,000, bearing interest at $3\frac{6.5}{100}$ per cent. The item \$6,700 is deducted from the \$77,500, because the estimated receipts from water rates this year are \$18,000, out of which are to come \$11,300 (as estimated by the Water Board), for the maintenance of the water works; the balance, \$6,700, is income to go towards the payment of the interest on the water debt.

SINKING FUND.

The sum needed for the sinking fund this year is \$59,000, as the annual contribution for the ultimate retirement of the old debt, that is, the debt created prior to 1883. Since that year two accessions have been made to the town's funded debt: (1) The public park loan of \$40,000, at 4 per cent, for $8\frac{1}{2}$ years. (2) The new high service water loan of \$100,000, at $3\frac{6.5}{100}$ per cent, for ten years, \$10,000 payable each year.

It appears by section 12 of the Park Act (Chap. 185, Acts of 1875) that a sinking fund must be established for the redemption of the park loan, and that "all sums received for betterments shall be paid into said sinking fund." No betterments have as yet been assessed by the Park Commissioners, hence no contribution from that source to the sinking fund of the park loan has been made. Last year \$2,000 was appropriated by the town toward a sinking fund for the park loan, but that sum was insufficient; it should have been \$3,500, provided no income be received from betterments. Pending the uncertainty of these betterments, it is recommended that \$3,500 be this year appropriated toward the sinking fund of the public park loan, this being in addition to the \$59,000 required, as above stated, for the sinking fund of the old debt.

The practice of the Sinking Fund Commissioners has been to treat the sinking fund as an entirety,* and not to separate the fund so that it could be applied to any specific debt — the water debt, for instance. It is difficult, perhaps out of the question, to separate the sinking fund now in its appli-

* Acts of 1875, Chapter 134.

cation to the several loans of the old debt. Yet each separate debt should have its own sinking fund.* The want of such a separation appeared last July, when a \$49,000 note of the town, given July 16, 1873, fell due, and the Sinking Fund Commissioners could not pay it without such a disturbance of their securities as might have entailed a loss; consequently, the note was paid out of money borrowed in anticipation of taxes, except \$15,000, which the Sinking Fund Commissioners were enabled to furnish in cash, they afterwards adjusting the entire account.

The \$2,000 appropriated last year toward the park loan sinking fund, and the \$3,500 recommended this year for the same purpose, should be held separate and apart by the Sinking Fund Commissioners for the ultimate payment of the park loan. The importance of this is the more apparent when it is borne in mind that, with the development of the Riverdale Park, the park loan may become a large one.

No sinking-fund appropriation is required for the new \$100,000 water loan; because, being payable in \$10,000 annual instalments, the statutes do not require it; the proportional annual payments being better than a sinking fund.

The following table shows the appropriations made by the town in past years for the sinking fund:—

SINKING FUND APPROPRIATIONS.

Fiscal Year.	Amount Appropriated.
1872	\$7,000 00
1873	10,500 00
1874	24,500 00
1875	60,000 00
1876	55,000 00
1877	58,600 00
1878	58,600 00
1879	58,600 00
1880	60,807 25
1881	63,200 00
1882	59,000 00
1883	59,000 00
1884	61,000 00
	<u>\$635,807 25</u>

STATE TAX.

Brookline's contribution to the State tax exceeds that of any other town in the State; it is larger than that of Barnstable, Dukes, and Nantucket Counties combined; it is

* In some municipalities there are separate Sinking Fund Commissioners for separate debts.

more than that of all Hampshire County, with its twenty-three towns; more than that of all Franklin County, with its twenty-six towns; and more than that of either one of the following fifteen cities: Waltham, Northampton, Brockton, Malden, Gloucester, Holyoke, Fitchburg, Somerville, Haverhill, Taunton, Chelsea, Lawrence, Newburyport, Lynn and Salem.

The average annual State tax adds about one dollar to our rate of taxation, or is about $\frac{1}{11}$ part of our entire tax, at the present rate.

These facts justify a deeper interest on the part of Brookline in the State tax than has heretofore been given, — an interest for the protection of which we must look largely to our Senator and Representative.

The fact that the amount of State tax is usually unknown at the time of the annual March meetings throughout the State, the sum not being fixed by the Legislature till near the close of its session, makes it impossible for the Selectmen to recommend any specific appropriation, the form of the vote covering this and the County tax being that printed on page 21 of this volume.

Below is a table showing the State tax since 1870, with Brookline's proportion: —

STATE TAX.

Year.	Governor.	Amount.	Brookline's Proportion.
1870	Clafin	\$2,500,000	\$27,125 00
1871	Clafin	2,500,000	27,125 00
1872	Washburn	2,000,000	24,260 00
1873	Washburn	2,250,000	27,292 50
1874	Talbot	2,000,000	24,260 00
1875	Gaston	2,000,000	24,260 00
1876	Rice	1,800,000	28,458 00
1877	Rice	1,500,000	23,715 00

1882	Long	2,000,000	31,620 00
1883	Butler	1,500,000	23,445 00
1884	Robinson	2,000,000	31,260 00
		<u>\$26,550,000</u>	<u>\$363,965 50</u>

COUNTY TAX.

The County tax, as a rule, is also unknown at the time of the annual town meeting. Brookline paid last year more than one-fourth of the entire tax for Norfolk County, although there are twenty-five towns in the county. This town, therefore, has by far the deepest interest in watching the county expenses.

The tax for the entire County in 1884 was \$55,000, of which Brookline's proportion was \$15,269.10. The tax for the County this year is expected to be about \$60,000; Brookline's proportion of this will probably be about \$16,700, or an advance of about \$1,450 over the County tax of last year.

COUNTY TAX.

Year.	Amount.	Brookline's Proportion.

	<u>\$1,064,950</u>	<u>\$279,266 30</u>

POLICE.

The police have performed their duties promptly and efficiently. A detailed statement of the work of that department will be found in the full report of the Chief of Police hereinafter printed.

The difference of opinion prevailing in the community as to the amount of the appropriation for police in a town like

Brookline is shared by the Selectmen. The Board believes that the police should be well paid, and only the best qualified men employed; but the Board are not all of the same opinion as to the number of police necessary.

On the one hand it is urged that a town situated as Brookline is, close to a large city, and exposed to depredations from without as well as from within, and having, as assessed, about \$11,000,000 of personal property, should make liberal provision for protection by police.

On the other hand, it is said that Brookline is no nearer to Boston than is Cambridge, or Somerville, or Chelsea, or some other municipalities, and is no more nor so much exposed to the lawless as these places, and that of the \$11,000,000 personal property, as assessed, probably not \$1,000,000 of it is within the town limits, the rest being money in banks, or stocks, bonds, securities, and property elsewhere, though taxed here.

The following information is submitted: —

STREET LAMPS.

Since the last annual report there have been 20 new lamps, — 7 of gas and 13 of kerosene, — placed as follows: —

For gas burning: 1 on Vernon Street, 4 on Sewall Avenue, and 2 on Linden Place. For kerosene burning: 2 on Boylston Street, 4 on Dudley Street, 3 on Sewall Place, 1 on Thayer Place, 1 on Kerrigan Place, 1 on Cottage Street, and 1 on Harvard Place. There has also been altered from a kerosene to a gas-burner, 1 lamp on St. Paul Street.

A large number of lanterns now in use are worn out, and will have to be replaced with new ones the coming season; there will also be a call for quite a number of new posts and lamps throughout the town, and an appropriation of \$750 will be needed to meet the expense.

ELECTRIC LIGHTS.

The following application to light the streets of Brookline with electric lights was received by the Selectmen, Feb. 13, 1884 :—

To the Selectmen of the Town of Brookline :—

The undersigned, for himself and his associates, hereby makes application to light the streets of the Town of Brookline with electric lights upon the terms hereinafter set forth.

From the report of the Selectmen for the year ending January 31, 1884, it appears that the streets of the town were then lighted by 432 gas lamps and 92 kerosene lamps, for which an appropriation of eighteen thousand two hundred and fifty dollars (\$18,250) was made.

The undersigned proposes to displace 400 gas lamps and 40 kerosene lamps with not less than 108 nor more than 114 electric arc-lamps, to be distributed throughout the town substantially as designated on a map filed herewith. It is agreed that these electric lamps shall be first-class in every respect, and shall give a constant, steady, and brilliant illumination. By their use the town will be vastly better lighted than at present, and will be lighted constantly; the proposition being to run them *every night in the year* (instead of upon designated nights only, as is now the case with the gas and oil lamps) *from dusk to daylight*.

We will undertake and agree to furnish this illumination upon a five-years' contract for the lump sum of sixteen thousand seven hundred and fifty dollars (\$16,750) per year, this sum to include the expense of the plant, poles, structures, wires, lamps, and everything else necessary to the operation and maintenance of the same—the town to be at no expense whatever (in addition to the sum above-named) for construction, maintenance, repairs, or otherwise.

The 32 gas-lamps and 52 oil-lamps which it will not be convenient or economical to displace with electric lights, we will duplicate with naphtha and oil-lamps for the lump sum of two thousand four hundred fifty-two and $\frac{80}{100}$ dollars (\$2,452.80) per year, if desired; or, if the town prefer, will leave these lights to be supplied by the town itself.

If this proposition is approved at the next annual town meeting, and the Selectmen authorized to make the contract, a corporation will be immediately organized, under the laws of Massachusetts, for the purpose of assuming and carrying out the contract, and will undertake and agree to install the plant and begin the lighting at the expiration of the present contract for gas and oil-lamps, viz: May 1st, 1885.

Such number of gas and oil-lamps as may have been added to the number not to be displaced by electric lights since the date of the Selectmen's report referred to, will, if duplicated by us, be charged for *pro rata*, upon the basis of \$2,452.80 per annum for the eighty-four lamps already mentioned.

H. W. BURGETT.

BROOKLINE, February 10th, 1885.

SEWERS.

The principal accession to the sewers of the town during the year is that along the line of the brook from Park Street to Harvard Street, and thence under Harvard Street and Aspinwall Avenue to its junction with the Brook Street sewer. The sanitation of this valley had long demanded a sewer there, but the diverse interests involved delayed action until last year. Many practical difficulties embarrassed the contractor, Mr. Pike, in making this large sewer, but they were all overcome, the work being completed soon after winter set in. The location of this sewer and its acceptance by the town as laid out by the Selectmen, with releases of abutters, will be found on pages 35 to 41 of this volume. The estimated cost of this sewer was \$21,824.00. By some happy incongruity the actual cost to date has been only \$19,729.60, a difference of \$2,094.40. Following, however, the suggestion of Mr. French, the engineer, the Selectmen recommend that the original sum, \$21,824.00, be reappropriated, as in the table on page 84, because the lateness of the season when the work was done prevented the restoration of the grounds and fences disturbed, and because of a pending claim by some abutters who are not content with their award.

The other sewers laid during the year were in Harvard Avenue, from Harvard to Park Street; in Linden Place, from Toxteth Street westerly, and from Toxteth Street southerly; in Boylston Street, from Kerrigan Place westerly; and in Carlton Street, from Beacon Street northerly. These sewers were all paid for out of the receipts from sewer assessments. The details as to size, material, length, etc., will be found in Mr. French's report on sewers, hereinafter printed.

A petition was presented to the Board for a sewer in Longwood Avenue, from Longwood Station to Harvard Street, and a hearing was given January 26, 1885, at which there did not appear sufficient demand for the sewer to justify immediate action. The petition was referred to the next Board.

On January 28, 1885, a hearing was given on the petition of property-owners on Aspinwall Hill for a sewer. There was shown to be a growing need for an extension of the sewer system of the town on to this hill. The Selectmen have caused notices to be served on land-owners of their intention to lay out a sewer for this purpose through Cypress Street, Davis Avenue, Gorham Avenue, Tappan Street, and Gardner and Sullivan Roads, and the hearing is set down for February 23, 1885, too late for further mention in this report.

The necessity for a Superintendent of Sewers has become such that true economy now demands the recognition by the town of provision for such an officer.

WASHINGTON STREET RAILROAD BRIDGE.

For many years the attention of the town has been directed to the necessity of widening the bridge over the railroad near the Brookline station. Repeated petitions were sent to the County Commissioners in favor of this widening, and the town passed a number of votes in its favor. Many public hearings were given by the County Commissioners, but the difficulties were such that no action resulted. The purchase by the Boston & Albany Railroad of the New York & New England's branch road under this bridge removed one of the greatest obstacles to the widening.

Under the power vested in the Selectmen by section 129 of chapter 112 of the Public Statutes, the Board began proceedings to effect the widening. The first step was to have the height of the bridge settled. This was determined by a petition, dated March 21, 1884, to the Railroad Commissioners, to fix the height. There was a public hearing on this, April 4, 1884, and the Commissioners on that day made a decree that the bridge should be 14 feet 6 inches above the rails, which is substantially its present height. The next step was to obtain the consent of abutters, and get releases. These were obtained, including the Boston & Albany Railroad. The next step was to petition the County Commissioners to widen the bridge. This was done, and a hearing

assigned for July 28, 1884. Subsequent hearings were held from time to time at the Town Hall in Brookline, or at the County Commissioners' rooms in Dedham. It became necessary to lay out White Place as a town way in connection with the contemplated widening of the bridge; the Selectmen laid it out as such, and the town accepted it, January 2, 1885. The County Commissioners finally entered their decree, on February 18, 1885, in favor of widening the bridge to the full width, as asked for by the Selectmen. Copies of the decree and plans are on file with the Town Clerk. The next step is the appointment of a Special Commission by the Superior Court, to determine who shall do the work of the widening, and how the expense shall be apportioned. One of the Railroad Commissioners is by law a member of such Special Commission. The Railroad Commissioners have already fixed the height of the bridge. The plans to be carried out are substantially those suggested by Mr. Frederick Law Olmsted, acting in the joint interest of the town and the railroad. The estimated expense of the bridge widening, to be apportioned, including raising the grade where necessary of White Place, is \$62,000.

WHITE PLACE.

As the widening of the bridge just mentioned would close the present tunnel entrance and exit of White Place under the bridge, the Selectmen laid out White Place as a town way, to justify raising its grade up on to the bridge, and to relieve the town and county from the heavy damages to result by widening the bridge without first providing for White Place. Releases were obtained from those whose estates would be affected by the change of grade, on condition that their buildings and lands should, where necessary, be raised at public expense to conform to new grades, and that betterments, if assessed, should be assumed by the town. The estimated expense of completing White Place is \$12,000, the cost of raising the grade of which has always been included as part of the estimated expense of widening the bridge. For the laying out of White Place, as accepted by the town January 2, 1885, see *ante* pp. 63, 64.

BEACON STREET.

A petition of citizens, dated April 22, 1884, to have Beacon Street widened, was presented by them to the County Commissioners, who gave a hearing September 11, 1884, at the Town Hall, in Brookline. Various widths were suggested, from 70 to 200 feet. Opposition was shown to the measure. The Commissioners were informed of the town debt, of numerous matters calling for large outlays in more important directions, and were asked to postpone the matter and not again consider it, unless the town manifested its approval of such a scheme. No further action on this has since been taken by the Commissioners.

SEWALL AVENUE.

Sewall Avenue may be described as in three parts: first, that portion, about 1,000 feet in length, between Kent Street and St. Paul Street, which was widened by the Messrs. Stearns, and then accepted by the town in 1882 as a town way; second, that portion, about 400 feet in length, between St. Paul Street and Charles Street, which was also widened by the Messrs. Stearns, and then accepted by the town in 1884 as a town way; third, that portion, about 600 feet in length, between Charles Street and Harvard Street, which the Messrs. Stearns have not yet widened.

On April 22, 1884, a petition, dated March 1, 1884, was sent to the Selectmen, asking the Board to lay out the third part of Sewall Avenue, above mentioned, as a town way 40 feet wide. The petition was not signed by the Messrs. Stearns — the principal land owners there — who were known to be opposed to it, and the Selectmen laid the petition on the table.

Subsequently a petition, dated August 20, 1884, was filed with the County Commissioners, asking them to lay out that part of Sewall Avenue, on the ground that the "Selectmen have unreasonably neglected to lay out said way." Public hearings were held on this petition, at Brookline and at Dedham, and on February 17, 1885, the County Commissioners entered their decree dismissing the petition.

KENT STREET AND HARRISON PLACE EXTENSIONS.

On the 11th of October, 1878, the town by a vote of more than two to one, and after a full consideration of the question, voted against the extension of Kent Street to Harvard Square through Harrison Place. The vote stood, —

Yeas	80
Nays	188
<hr/>	
Whole number of votes	268

On the 1st of January, 1884, this question was again brought up, by two petitions to the last Board of Selectmen, who referred them both to the next Board. The next Board of Selectmen, that is, the present Board, took up these petitions, and on March 24, 1884, after consideration of the subject, laid them on the table, in consequence of the then pending bridge question, the large outlays of money required for town expenditures, the heavy town debt, and the strong vote of the town against this very measure, given, as above stated, in 1878.

On the 4th of August, 1884, a petition in support of this measure was signed by citizens and subsequently presented to the County Commissioners, asking them to lay out a highway over the route in question. The petitioners did not appeal from the Selectmen to the County Commissioners on the ground that the Selectmen had “unreasonably neglected” to act on the petitions then pending before them, but the petitioners asked the County Commissioners to take original jurisdiction over the matter, under the power given them by statute,* as if no petitions for the same thing were already before the Selectmen.

Hearings on this were given by the County Commissioners at Brookline and at Dedham, at which the Selectmen maintained that, because of the petitions which were then pending before them, the County Commissioners could not take jurisdiction of the matter, under the settled rule that where different tribunals have concurrent jurisdiction, the one before which proceedings are first had, and whose jurisdiction first attaches, cannot be ousted of its jurisdiction by

* Public Statutes, chap. 49, §1.

proceedings before another tribunal in relation to the same subject.† The confusion and litigation to follow, should two tribunals attempt to act on this, would be injurious to both private and public interests. The Selectmen might lay out the way one width; the Commissioners another. The Selectmen might award damages for a certain sum, and the Commissioners do very differently. The Selectmen might choose to enforce the betterment law; the Commissioners could not enforce it at all.‡ With such a conflict, whose authority would the abutter recognize?

No decision has been given by the County Commissioners on this question. Meanwhile, as the Commissioners have concluded to widen the bridge, the Selectmen have proceeded to exercise their jurisdiction acquired by the Kent Street extension petitions pending before them, and have caused a plan to be made of all that section of the town between the village and Longwood, and this plan is now in the hands of Mr. Frederick Law Olmsted, to give suggestions not only for a way between Washington Street and Kent Street, but for other ways in that section.

ESSEX STREET EXTENSION.

A petition having been presented to the Selectmen for the extension of Essex Street to Beacon Street, a hearing was given thereon, April 16, 1884. Such an extension would naturally cross "Hall's" pond, where the deepest sounding is 43 feet. However desirable this extension may be, its great cost has always been an insuperable objection. The petition was ultimately laid on the table to enable the petitioners to furnish more information as to the expense. One object in asking for this extension was to enable the horse cars running to Cottage Farm station to reach Beacon Street and Coolidge's Corner. The opening of the Longwood Avenue horse-car route now relieves that want.

CHARLES STREET.

The short street between Beacon Street and Sewall Avenue was laid out by the Selectmen of last year, and reported for acceptance, under the name of Stearns Street, at the annual town meeting of 1884, with the extension of Sewall Avenue from St. Paul Street. This street was made, at private expense, by the Messrs. Stearns, and offered to the town without charge. The town accepted it, March 26, 1884, and voted, that "so much of said way as is called Stearns Street be named Charles Street." (*Ante*, pp. 17, 18, 19.)

CYPRESS STREET RAILROAD BRIDGE.

The necessity of bridging the Newton Highlands Branch of the Boston & Albany Railroad at Cypress Street becomes more imperative with the large increase in travel over that street, and the expected building operations to be affected by the change of grade required by the bridge.

SIDEWALKS.

At the annual meeting of March 22, 1869, the town adopted §§ 7 and 8 of Chapter 45 of the General Statutes* relating to sidewalks. Under these sections the Selectmen "may establish and grade sidewalks in such streets as in their judgment the public convenience may require, and may assess the abutters on such sidewalks one-half the expense of the same, the residue being paid by such town. All assessments so made shall be a lien upon the abutting lands in the same manner as taxes are a lien upon real estate."

At the special meeting of May 1, 1873, the sixth article in the warrant was as follows:—

Sixth, To see if the town will authorize the Selectmen to make any different arrangements about the expense of making and grading sidewalks.

Under this article it was —

Voted, That it is inexpedient in future for the Selectmen to assess any part of the expense of making and grading sidewalks upon the abutters, except in cases where the abutters are interested more than the public in having the sidewalks.

At the special meeting of February 11, 1879, the town voted to adopt the Act relating to the apportionment of side-

* Now §§ 20, 21, Chapter 50, of the Public Statutes.

walk assessments* by which assessments made for sidewalks may be apportioned over three years, as assessments for sewers may be.

It does not appear that the town has ever adopted the provisions of the Acts of 1872, Chapter 303, and of 1874, Chapter 107, now §§ 22 to 24 of Chapter 50 of the Public Statutes, relating to edgestones, and the use of brick, flat stones and concrete, in making sidewalks.

The matter of sidewalks is by statute vested solely in the discretion of the Selectmen, and the present Board beg to suggest to succeeding Boards that the time has come in Brookline when the law enabling one-half the expense of a sidewalk to be assessed upon the abutters should hereafter be enforced.

PUBLIC GROUNDS.

The town authorized and instructed the Selectmen to sell the land on Warren Street, in the Brighton district, bought by the town for a gravel pit, "if, in their judgment, a suitable price could be obtained therefor." (*Ante*, p. 19.) The lot has not been sold, and the Selectmen recommend that the vote of last year be passed again.

The fence round the Cypress Street play-ground was removed during the year, being decayed and broken in many places. A new fence is not needed for the present at least.

The wooden fence by the High and Grammar schools on School and Prospect Streets should be removed, and a stone wall be substituted like the one in front of the Public Library lot.

FIRE DEPARTMENT.

The report of the Fire Engineers hereinafter given shows the details of the work of that department, which is in satisfactory condition. The men and horses of the fire department continue to be employed in watering the streets in certain districts of the town. The appropriation for this department also includes the expense of boarding the horses of the mounted police service.

A suitable building is needed for the chemical engine. Two plans are submitted: first, to buy land and erect a

* Acts of 1878, Chapter 249.

building; second, to lease one-half of the club stable building in Longwood. The first plan seems to be the better. The details will be found in the report of the Fire Engineers, hereinafter printed.

GUIDE-POSTS.

By chapter 53, §§ 1 to 5, of the Public Statutes, towns shall erect and maintain "guide-posts on the highways and other ways within the town, at such places as are necessary or convenient for the direction of travellers." The posts must be "not less than eight feet in height, near the upper end of which shall be placed a board or boards, and upon each board shall be plainly and legibly painted or otherwise marked the name of the next town or place to which each of such roads leads, and of such other town or place of note as the selectmen or road commissioners may think proper, together with the distance or number of miles to the same; and also the figure of a hand, with the forefinger thereof pointing towards the towns or places to which said roads lead; but the inhabitants of a town may, at their annual meeting, agree upon some suitable substitute for such guide-posts." A penalty of five dollars annually is imposed on the town for every such guide-post which it so neglects or refuses to maintain; and the town shall forfeit five dollars for every month during which it neglects or refuses to determine the several places at which guide-posts shall be erected and maintained; and the report of the Selectmen that a guide-post is necessary and convenient estops the town from alleging the contrary.

The punishment for breaking down, injuring, removing or destroying a mile-stone, mile-board or guide-board erected upon a highway or public way, or for defacing or altering the inscription on any such board, is imprisonment in the jail not exceeding six months, or a fine not exceeding fifty dollars.*

The only guide-post in Brookline reported to conform with the above statute requirements, was one in the most remote part of the town, at the junction of Grove and South Streets, pointing, "To Dedham Court House 5 miles," and this was

* Public Statutes, chap. 203, § 76.

an error. Twenty-two other guide-posts were reported as maintained, but in no instance did they give "the distance or number of miles" to the place indicated, and some were so dilapidated as to be as useless as unsightly.

The great and increasing travel both for pleasure and business in all directions through Brookline over roads labyrinthine to a stranger has led the Selectmen to cause the following new guide-boards to be made, in conformity with law, which are herewith reported as in their opinion such as the town ought to erect and maintain. Additions and improvements to the guide-board system of the town should be continued by the next board of Selectmen. The Selectmen by statute "shall severally forfeit ten dollars" for each neglect or refusal to report these matters fully to the town.

HORSE CARS.

Last autumn the Metropolitan Horse Railroad Company opened its Huntington Avenue line of horse cars, thus giving, with its Tremont Street route, a five-minute line of cars between Brookline village and Boston.

Permission having been given to the same horse railroad company, by the Boston authorities, to locate its tracks in Longwood Avenue, from Huntington Avenue to the Brookline line at Muddy River, application was made to the Selectmen for a location in Brookline in continuation of this route from the Boston line to Coolidge's Corner, over Longwood Avenue and Harvard Street in Brookline. The Selectmen gave two public hearings upon the petition for this location, October 27 and 31, 1884. An Act of the Legislature in 1866* had already given the highest official endorsement of this route for horse cars. After a full consideration the location asked for by the company was granted by the Selectmen, November 3, 1884, with certain restrictions, as follows:—

Voted, That the petition of the Metropolitan Horse Railroad Company for authority to continue its double-track street railway location from the boundary line between Boston and Brookline, over Longwood Avenue to the location known as Coolidge's Corner in Brookline, with all suitable curves and connections, be granted as far as the junction of Harvard

*Acts of 1866, chapter 240.

Street and Beacon Street on its southerly side, according to a plan drawn by Arthur Hodges, civil engineer, dated October 10, 1884, with the above limitation as to distance, which plan is to be filed with the Town Clerk of Brookline, but subject to the following restrictions, to wit:—The said company shall complete and have ready for use a single track, with necessary turnouts from the town line on Longwood Avenue bridge to the junction of Harvard and Beacon Streets, on or before December 1, 1884; and the car service shall begin on or before that date, and shall be thereafter maintained. Passenger cars of the most approved pattern and in the best condition only shall be used. Cars shall be run to and from the Coolidge's Corner terminus at least once in every fifteen minutes during usual running hours. The turnouts and paving shall be laid in such place and in such manner as the Surveyor of Highways for that district and the Superintendent of Streets of Brookline may direct, and subject to such further restrictions as the Board of Selectmen shall from time to time impose.

On Monday, December 1, 1884, the horse cars were running on this route, and have since been maintained. The route bisects an important and growing part of the town lying midway between the main line of the Boston & Albany Railroad and the Newton Highlands branch.

CLAIMS AND SUITS.

The few suits in which the town has been involved during the year are not of serious import. The first is by the town, to recover property taken from the engine house on the night of April 21, 1882; so far, this case has been successfully maintained for the town; it is unfinished. A second and third case have both been amicably adjusted, without expense to the town beyond attorneys' fees. A fourth,—a sidewalk accident case,—may be tried at the next April term of Court, at Dedham. A claim by the town for the support of an insane woman has been adjusted in part by a cash payment, and in part by a mortgage on real estate owned by the woman's husband. The report, hereinafter printed, of Messrs. M. & C. A. Williams, who have acted as attorneys for the town, gives a more detailed statement of these matters.

Messrs. Horace and John E. Cousens have presented a claim for an increase in the award of damages allowed them on the construction of the sewer passing through their estate on the corner of Harvard and School Street. Mrs. Sarah Foley, of Boston, has asked for compensation for alleged injuries from falling on the sidewalk on High Street.

ASSESSORS' DEPARTMENT.

The Assessors have never had the proper requisites for the real estate division of their work. They have been obliged to depend too often upon tradition, or estimates, or other uncertain means of determining the area of estates. Consequently the town has lost thousands of dollars in taxes to which it was justly entitled. On the other hand, taxes to no inconsiderable extent have been assessed without right upon land owners who were as ignorant as the Assessors of the contents of their estates. The continuation of such a state of things in the Assessors' Department is manifestly absurd and unjust. It can be corrected by having plans which will show the exact shape and area of every lot or estate in the town. Such plans have been in preparation during the past year, and will be brought before the town at the annual meeting, in time to be of service by the first of May next.*

TOWN MAP.

The earliest town map known is the well preserved one hanging in the town library, dated 1728. There is another in the office of the Secretary of the Commonwealth, dated 1794. Later plans are dated 1844, 1855, and 1871. The many changes in the town since 1871 necessitate a new map. Such a one has been prepared, and will be brought before the town at the annual meeting. A reduction of this plan, with special information upon it, has been bound under the cover of this volume. It is intended that this map shall be kept up from year to year, and be continued annually in the town report.

TOWN RECORDS.

The Selectmen have caused the Town Clerk's records of the town meetings held during the past year to be printed as a part of this town report. These printed records are of great convenience and utility to officials and to citizens. Their preservation in this form is of importance in the event of accident to the originals. This practice now commenced of printing the town records should be continued annually.

* A block of land between some of the principal streets, near the Town Hall, was taken to test the Assessors' published tax-list with the new plans, and it was found that land owners there had been overtaxed for 9,764 sq. ft., and had not been taxed at all for 64,802 sq. ft.

PUBLIC BATHS.

The bath-house was opened to the public on June 1st, and, with a few exceptions, continued to be used at stated hours each day until October 1st. The number of baths taken during that time was 7,690, or an average of about 63 per day. The baths have been for men and boys only.

Mr. Charles L. Palmer was chosen Superintendent, and he reports that no accidents have occurred during the year. Some repairs will be needed this season, otherwise the property is in good condition.

LICENSES.

By a vote of 347 to 335 the town at the last annual meeting voted against granting licenses for the sale of intoxicating liquors in Brookline. This action of the town relieved the Selectmen from much of the perplexity attending the liquor question. Both open and secret infractions of the law will, however, occur. The results of the efforts of officials to punish offenders will be found in the details of the report of the Chief of Police.

Licenses were granted to Jacob Morlock, as an innholder, and to Thomas J. Cusick, Jeremiah Guilfoyle, and Patrick M. Kelleher, as common victuallers. Elijah S. Holmes was licensed to keep a billiard room. Ellen Hill and Elizabeth McKeenan were licensed to keep employment offices. Eight persons were licensed as dealers in second-hand metals, rags and junk.

MISCELLANEOUS.

In March, 1884, the Selectmen gave a hearing on the establishment of uniform rates of fare for public carriages, and on May 7th rates were adopted and published.

The contract for making concrete sidewalks was awarded to Mr. C. W. Lynam.

Proposals were advertised for watering streets, and the contracts awarded to the lowest bidders.

The proposals for street lighting of the Brookline Gas-Light Company and of Edward S. Ritchie & Sons, were accepted.

Shepard Robbins & Son, of Boston, were awarded the contract for coal for the town buildings, at \$5.55 per ton.

A hearing was given for the widening of Washington Street on the south side of the railroad near the bridge, and the laying out of a town way, from Washington Street to Pearl Street. The decree of the County Commissioners widening the bridge now covers the first part of this, and the other is included in the territory now submitted to Mr. Olmsted for suggestions.

Various locations were granted to the New England Telephone and Telegraph Company, which is to introduce a new and improved style of pole, subject to the approval of the Selectmen.

JAMES B. HAND.

CHARLES D. LINCOLN, *Clerk.*

MICHAEL DRISCOLL, *Superintendent of Streets.*

REPORT OF THE SURVEYORS OF HIGHWAYS.

The Surveyors of Highways have the honor to submit the following report :—

The Selectmen assigned to each Surveyor the limits and divisions of the highways and town ways (not private ways) to be kept in repair by him, as follows :—

DISTRICT NO. 1, MR. LAWRENCE.

Beacon Street from Boston Line to Pleasant Street, Pleasant Street, Green Street, Longwood Avenue, Sewall Avenue, Charles Street, St. Paul Street (north of Longwood avenue), Kent, Colchester, Carlton, Ivy, Essex, Mountfort, Prescott, Monmouth and St. Mary's Streets, and Monmouth Court.

DISTRICT NO. 2, MR. ROGERS.

Beacon Street from Pleasant to Washington Street, Winchester, Park, Marion, Vernon, Harvard, School, Prospect, Pierce, Holden, Alton, St. Paul (south of Longwood Avenue), Francis, Toxteth, Perry and Brook Streets, and Summit, Harvard and Aspinwall Avenues.

DISTRICT NO. 3, MR. WHYTE.

Washington Street from Boylston Street to Brighton Line, Gardner Road, Beacon Street from Washington Street to Brighton Line, Cypress Street from Boylston Street to Washington Street, Boylston Street from Cypress Street to Newton Line, Tappan and Thayer Streets, Thayer Place, and Davis, Gorham, Fisher, Chestnut Hill and Englewood Avenues.

DISTRICT NO. 4, MR. HAND.

Boylston Street from Cypress Street to Washington Street, Walnut Street from Cypress Street to Washington Street, Washington Street from Boylston Street to Boston Line, High, Irving, Flora, Juniper, Pearl and Emerald Streets, Edge Hill Road, and Brookline, Pond, Morss and Walter Avenues.

DISTRICT NO. 5, MR. CHANDLER.

Walnut Street from Cypress Street to Boylston Street, Cypress Street from Boylston Street to Chestnut Street, Sewall, Chestnut, Warren, Dudley, Heath, Pound, Hammond, Grove, South, Newton, Clyde, Cottage, Lagrange, Rockwood, and Avon Streets, Goddard Avenue and Allendale Road.

The following is a list of the streets and places, public and private, in Brookline, brought up to date, errors in previous lists being here corrected :—

LIST OF STREETS.

NAMES.	Length.	Width.	Public or Private.	When made Public.	LOCATION.
Acron Place,	200 ft	40 ft	Private.		Easterly from Harvey Street.
Ackers Avenue,	760	35	Private.		Southerly from Chestnut Hill Avenue.
Allandale Road,	2,366	50	Public.	1881	Easterly from Grove Street.
Alton Place,	772	40	Public.	1870	Harvard Street to St. Paul Street.
Andem Place,	367	20	Private.		Northeasterly from Harvard Square.
Ann Street,	155	40	Private.		St. Paul Street to Still Street.
Aspinwall Avenue,	2,707	50	Public.	1857	Harvard Street to Brookline Avenue.
Auburn Street,	865	30	Private.		Harvard Street to Park Street.
Avon Street,	1,582	40	Public.	1869	Goddard Avenue southerly to Boston line.
Babcock Street,	2,970	60	Private.		Harvard Street to Brighton Avenue.
Beacon Street,	11,875	50	Public.	1850 & 1851	St. Mary's Street, at Boston line, westerly to Boston [line. Newton Street southerly to Allandale Road.
Boston Street,			Private.		Washington Street westerly to Boston line.
Boylston Street,	13,800	55 to 66	Public.	1833	Aspinwall Avenue easterly to B. & A. R. R.
Brook Street,	1,788	40	Public.	1878	Brook Street to Aspinwall Avenue near R. R.
— Street,	242	40	Public.	1878	Washington Street northeasterly to Boston line.
Brookline Avenue,	1,375	60	Public.	1868	Pleasant Street to Powell Street.
Browne Street,	800	40	Private.		
Carlton Street,	1,476	40	Public.	1858	Colchester Street to Ivy Street.
Catlin Street,	1,210	35	Private.		Boylston Street, opposite Reservoir, northwesterly.
Charles Street,	295	40	Public.	1884	Sewall Avenue to Beacon Street.
Chatham Street,	890	40	Private.		Kent Street to Hawes Street.

Williams Street,	681	40	Public.	1885 1874	Hammond Street to Winchester Street.
Winchester Street,	3,238	50	Public.	1858	Beacon Street to Boston line.

NOTE.—The date of the laying out of many of the earlier ways is uncertain, and is marked thus (?) in the table.

On the map of Brookline at the beginning of this volume the five Surveyors' Districts are represented in colors. The need of such a map has long been felt. It enables citizens to see at a glance who is responsible as Surveyor for any particular highway or town-way, and to know at once whom to notify or apply to when necessary. The map is also of assistance to the Surveyors, Police, Superintendent of Streets, and other officers.

Mr. Michael Driscoll, who was appointed Superintendent of Streets, has performed his duties to the entire satisfaction of the Board. His report gives in full the details of his department. The wear and tear of our streets is great. We provide for a large amount of travel besides our own. The use of crushed stone in repairing ways is found to be better and more economical than gravel where the surface of roads is subjected to such usage as in Brookline. A portable stone crusher, bought last year, has been used to advantage.

The demand for an extension of the street-watering system was met last year by an extra appropriation of \$1,800, making in all \$7,800. The sum needed this year will be \$8,000 if the present system is to be maintained, or at the rate of \$50 a day during the watering season. For the repairs of highways \$20,000, and receipts, are recommended, which includes the cost of removing snow from sidewalks, and the receipts from sidewalk assessments or contributions.

GEORGE K. SABINE, M. D., *Agent.*

REPORT OF THE BOARD OF HEALTH.

The Board of Health have the honor to submit the following report:—

The Board reappointed George K. Sabine, M. D., its agent, under the statute, at a salary of \$200 a year.

Dr. Sabine has compiled the following statistical information, which is herewith incorporated into the report of the Board. The whole shows that the sanitary condition of the town has been exceptionally good during the past year.

There have been reported during the year ending Dec. 31, 1884, thirty-eight cases of scarlet fever, nineteen of diphtheria, and twelve of typhoid fever, occurring as follows:—

	Scarlet Fever.	Diphtheria.	Typhoid Fever.
January	5	0	0
February	7	1	0
March	4	3	1
April	5	0	0
May	6	1	0
June	2	0	0
July	2	1	1
August	0	7	1
September	1	4	3
October	1	0	5
November	4	2	0
December	1	0	1
	<hr/> 38	<hr/> 19	<hr/> 12

The following table shows the number of cases of scarlet fever and diphtheria reported during the last eight years, and the number of typhoid fever cases during the last three:—

	Scarlet Fever.	Diphtheria.	Typhoid Fever.
1877	46	29	0
1878	15	19	0
1879	16	12	0
1880	17	25	0
1881	5	26	0
1882	12	7	4
1883	24	7	23
1884	38	19	12

The cases of typhoid fever occurred as follows : —

Washington Street, corner of Prospect Street	1
High Street	2
Pearl Street, near Emerald Street	1
Beacon Street, near Harvard	1
Washington Street, corner Brookline Avenue	3
Houlihan Avenue	1
Davis Avenue	1
Walter Avenue	1
Flora Street	1

The number of cases of typhoid fever, although much smaller than last year, is greater than might have been expected, as the disease has appeared of late in an epidemic form on alternate years. The disease was of a mild type, and there were no fatal cases.

There were more cases of scarlet fever reported during the last year than for any year since 1877, and more cases of diphtheria than since 1881.

This latter increase was due chiefly to a slight epidemic which occurred in the Sewall Street region, in August and September.

The cases of diphtheria occurred in the following localities : —

Chestnut Street	1
Brookline Avenue	1
Sewall Place	4
Sewall Street	3
Juniper Street	1
Walnut Street, near Washington Street	3
Clyde Street	1
Sewall Avenue, corner St. Paul Street	1
Boylston Street, near High Street	2
Linden Place	1
Winchester Street	1

The number of deaths within the town was one hundred and nineteen, against one hundred and forty-one in 1883, one hundred and twenty-three in 1882, and one hundred and forty-one in 1881. Eight were from diphtheria, seven from whooping-cough, but none from either scarlet fever or typhoid fever. One was due to pneumonia following scarlet fever and accompanying whooping-cough.

Deducting the still-births, eleven in number, it leaves but one hundred and eight deaths during the year; or, in other words, a mortality of only about *twelve per thousand*,—about one-half the rate existing in the larger cities.

With improved sewerage and a better sanitary condition in certain localities, it may be hoped that the death-rate can still be lowered somewhat.

The Sewall Street region, where seven cases of diphtheria occurred, with four deaths, is in a deplorable condition, and, unless improved, many of the houses should be vacated.

On September 1st, it was voted to issue circulars, similar to those issued by the Boston Board of Health, relating to diphtheria, and distribute them wherever cases might occur. The following is a copy of the circular:—

DIPHTHERIA.

BOARD OF HEALTH,

BROOKLINE, August, 1884.

[*Copy of Circular issued by City of Boston.*]

The following circular is issued for the purpose of more widely extending the knowledge of a few well attested facts concerning diphtheria, and reminding all persons that greater care should be exercised to prevent the spread of this much-dreaded disease.

Diphtheria is contagious and infectious, and may be easily communicated, either directly or indirectly, from person to person.

It may be conveyed directly in the act of kissing, coughing, spitting, sneezing; or indirectly by infected articles used, as towels, napkins, handkerchiefs, etc.

The poison clings with great tenacity to rooms, houses, articles of furniture and clothing, and may occasion the disease, even after the lapse of months.

Diphtheria attacks all classes, at all ages, and at all seasons of the year. By preference it attacks children and those who are debilitated from exposure to filth, dampness, or foul air from whatever source.

When a case of diphtheria occurs in any family, the sick person should be placed in a room apart from the other inmates of the house, and should be nursed, as far as possible, by one person only.

The sick chamber should be well warmed, exposed to sunlight, and well aired; its furniture should be such as will permit of cleansing without injury, and all extra articles, such as window and table drapery, woolen carpets, upholstered furniture, and all hangings, should be removed from the room during the sickness.

The physician and nurse, as a rule, should be the only persons admitted to the room.

Visitors to the infected house should be warned of the presence of a dangerous disease therein, and children especially should not be admitted.

All clothing removed from the patient or the bed should be at once placed in boiling water or in a tub of disinfecting fluid (8 oz. sulphate zinc, 1 oz. carbolic acid, and three gallons water) by the nurse before being carried through the house or handled by any other person. They may be soaked in this fluid for an hour and then placed in boiling water for boiling.

It is better not to use handkerchiefs for cleansing the nostrils and mouth of the patient, but rather soft rags, which should be immediately thereafter burned.

All vessels for receiving the discharges of the patient should constantly contain some of the disinfecting fluid. (4 ounces of chloride of zinc to a gallon of water will be effectual and without odor.)

Water closets and privies in the house should be disinfected daily with a solution of copperas, — two pounds to a gallon of water.

Every kind and source of filth in and around the house should be thoroughly removed, and disinfectants freely used. Cleanliness tends both to prevent and mitigate the disease.

Drains should be put in perfect order and ventilated by a 4-inch straight pipe extended above the highest point of the roof of the house in every instance, terminating at a distance from any chimney or other ventilator.

Children in the family should not attend school or mingle with other children until the patient has wholly recovered, and all infected articles have been disinfected.

On the recovery or death of the patient the most thorough disinfection should follow. The room and all articles in it should be at once subjected to the fumes of burning sulphur, as follows: Close the room tightly and burn $2\frac{1}{2}$ pounds of sulphur to each thousand cubic feet of space.

After four or six hours open the room and expose it to the air and sunlight for a week. Anything that can be boiled without injury may be so treated. The walls and ceilings should be dry rubbed or lime washed, and the floors washed with soap and water to which may be added a little carbolic acid.

When death occurs the body should be immediately placed in the coffin, with disinfectants, and the coffin *tightly* and *finally* closed.

No public funeral should ever take place at the house where the patient died, nor elsewhere, unless the coffin remains hermetically sealed.

It will be observed that there were no less than seven deaths — nearly six and one-half per cent of the whole number — from whooping-cough.

At present, there is no regulation requiring children suffering from that disease to be kept apart from others, and they are usually allowed to mingle freely, and to attend school even, thus giving the disease every opportunity to spread. This should not be allowed.

The Board has issued thirty-seven orders for the abatement of nuisances. There have been four prosecutions for violation of town by-laws and for non-compliance with the orders of the Board. A number of houses have been examined, at the request of the owners or occupants, as to their sanitary condition, where it was suspected to be faulty.

On April 21st, Dr. G. K. Sabine was appointed physician to give the legal certificate in the case of the death of any person, without an attending physician.

On May 1st, a contract was made with Matthew Ryan for the removal of house-offal for the period of one year, said Ryan to receive no money consideration therefor. The contract required, like that of preceding years, that the offal shall be removed from all dwelling-houses, restaurants, meat, provision, and fish stores in the town every day except Sundays and legal holidays, during the months of May, June, July, August, and September, and three times a week during the remainder of the year.

On September 8th, Thomas Mahon was appointed inspector or assistant agent for the Board.

There have been eighteen licenses granted for the collection of grease, bones, etc.

J. D. Gutterson's license as funeral undertaker was renewed.

The following are some of the more important orders passed by the Board :—

OFFICE OF THE BOARD OF HEALTH.

BROOKLINE, September 1, 1884.

Whereas, the diseases designated as small-pox, scarlet fever and diphtheria are contagious and dangerous to the public health, and have been, and may easily be contracted at funerals from dead bodies or apartments which have been infected by such diseases, it is therefore *Ordered*, that, from and after this date, no public funeral shall be held over the remains of any person having died of small-pox, scarlet fever or diphtheria, without the written permit of the Board of Health; and under such regulations as may prevent the spread of either of said diseases.

Ordered, further, that the remains of persons dying of either of said diseases, shall at once be placed in a tight or sealed coffin, and shall not thereafter be exposed to view or disturbed except for burial.

By order of the Board of Health,

C. D. LINCOLN, *Secretary*.

March 31, 1884.

Ordered, That the manure from the livery and horse-car stables shall not be removed from the stables between the hours of sunrise and sunset.

Ordered, That no dead body of any person shall be carried to any cemetery, or from one place to another within the town in any public vehicle other than a hearse or undertaker's wagon provided for that purpose.

April 21, 1884.

Ordered, That from May 1st to November 1st no vaults shall be emptied by any other than the odorless process, nor by carts not of the Odorless Excavating Company, except permission be first obtained from the Chief of Police.

September 15, 1884.

Voted, That no child be allowed to attend school from any house where there is, or has been a case of scarlet fever or diphtheria, until the expiration of at least four weeks from the commencement of the last case.

As it is probable that the cities on the coast will be visited by cholera during the following summer, all towns in their neighborhood should guard against the disease; and as cleanliness is the best-known preventive of its spread, all premises should be put in the most perfect sanitary condition possible before the advent of warmer weather.

The Town Clerk's report on the vital statistics of the town is given hereafter, with the usual details.

THE SICK POOR — Mrs. Cabot and Mr. Whyte.

REPORT OF THE OVERSEERS OF THE POOR.

The Overseers of the Poor have the honor to submit the following report :—

ALMSHOUSE.

This has been satisfactorily carried on since our last report. Twenty-two inmates have been received there in the course of the year, but most of them only for a short time, as the following table will show.

There are at present eight inmates—four men and three women. The men are all either old and infirm, or sick and unable to support themselves. They are sometimes able to work, and are always employed on the place whenever it is possible. Thirty-one cords of wood have been cut and sawed by them from the lot belonging to the Almshouse, and have been sold at market price.

Of the three female patients, one is harmlessly insane, one is epileptic, and only one is able to work, so that we are sometimes obliged to hire assistance to carry on the work of the house.

We have attempted the care of several insane patients during the year, but on the appearance of symptoms of violence, have been obliged to return them to the asylums, as we have no means of caring for them properly. One insane woman only, who is quiet and harmless, has been in the Almshouse for more than a year, and is contented and comfortable.

The family of John Hayes (consisting of his wife and six children) has been thrown into the Almshouse a second time during his confinement in jail for drunkenness. They could not be refused admittance, as they were turned into the street; but we consider it an imposition, as his wife is an

able-bodied woman, and he is always able to earn good wages when he is sober. We still hope to recover something of his debt to the town.

Mr. and Mrs. Campbell remain as Superintendent and Matron of the Almshouse, and our longer acquaintance with them gives us every reason to value their services. Mr. Campbell is an excellent steward and farmer, and uniformly kind and wise in his treatment of the inmates. Mrs. Campbell manages her department equally well, and in some very trying cases of illness has shown herself attentive, efficient and considerate. We consider the satisfactory condition of the Almshouse largely owing to them.

OUT-DOOR POOR IN BROOKLINE.

Only six widows with children and five without are now receiving out-door relief in Brookline, and all pay for their own rent and fuel, receiving from the town only a certain weekly allowance in groceries. Those who are able sew in return for what is given them, making clothes for the inmates of the Almshouse and for the orphan children under our care, and a certain number of garments which are sold at market-price to pay for the materials.

In several instances the children in these families are beginning to support themselves and assist their mothers, who are gradually becoming independent.

Since our last report one family (the John Lynch family) has become self-supporting, and another (the John Cronan) voluntarily gave up the town relief, but the sudden illness of the eldest son obliged them to apply for it again.

OUT-DOOR POOR IN OTHER TOWNS.

One family (Quinn's) and three women are regularly relieved in other towns, as their friends there give them homes and assistance, leaving Brookline only responsible for a small portion of their support.

OCCASIONAL RELIEF.

The report shows also nine families and three single persons who have been temporarily relieved during the year in

cases of illness or destitution. Some of these expenses have been reimbursed by the State or by the towns responsible for them.

INSANE POOR.

This is necessarily a very large item of expense, and we see no means of diminishing it. Should we add to our Almshouse the necessary accommodations and attendants for the care of the insane, we are confident that the expenditure would be increased.

ORPHAN CHILDREN.

Twelve orphans remain under the care of the town; five girls and seven boys.

Barretts. 1 girl, Ellen, and 2 boys, Thomas and Patrick, deserted by their parents. Ellen is in an excellent place in the country. Thomas is also self-supporting, living on a farm, and is doing well. Patrick is too young to work, and is boarded in Brookline and goes to school regularly. His health has much improved.

McNamaras. 1 girl and 2 boys. They are still under the care of their step-mother. The girl has a good place. For the boys we pay \$1.00 per week, and they go to school.

Burkes. 3. These children are under the care of their uncle, Martin Costello, and are well cared for by their aunt. We pay \$10 per month for their board.

MacDonald, Mary, 8 years old, is boarded with Mrs. Thomas Moran, in Brookline, and goes to school. She is much improved in health.

Henry Thing. A boy of 5 years, deserted by his parents, we board in Wellfleet, where he has friends, and pay \$2.00 a week for him.

John McNamara. John is nearly 22 years old, and is still dependent on the town. He has always had much ill-health, and is seriously lame. He is learning shoe-making, and is, we hope, gaining physically, so that he will in time become independent.

One of our girls was sent back to us from an excellent place for bad conduct, and we placed her for some months in the Almshouse, under Mrs. Campbell's care. She was taught and trained by Mrs. Campbell, and is now doing well in another place, and has saved a little money.

We are hopeful that all these children are favorably situated, and likely to become self-supporting and respectable people.

EXPENSE.

We are glad to be able to report a still further diminution of expense compared with last year. Our weekly expense for the Almshouse, the out-door poor, the children, the insane, and the sick, is \$115.13. The weekly expense in 1883-84 was \$123.80. This estimate includes, in both cases, an allowance of 6 per cent, or \$15 per week, on the cost of buildings, etc. A large portion of this expense is owing to the large number of insane, of whom we have now eleven in asylums, whereas last year we had but eight.

We do not expect to reduce our weekly expenses below this rate, as it is hardly likely that the number in the Almshouse will remain so small through another year, but we are more than ever convinced that the establishment of the Almshouse does much to check the increase of pauperism in the town.

SUMMARY.

Fifty-three persons have received partial relief at some time during the year (the previous year the number was 143). Boston paid for four of these, Northbridge for four, and five were State paupers.

The number regularly receiving partial support at this date is 40. Boston pays for four.

The number at this date in insane asylums is 11, in the Almshouse 7, and in the Carney Hospital 2.

ACCOUNT.

We have expended for Almshouse	\$1,545 19
Out-door poor.	1,545 63

The following tables give the names of persons relieved :—

PARTIAL SUPPORT.

- 8 Cahill, Mrs. John, daughter of John Keenan, and seven children, living in Holliston. We furnished temporary relief from February 2d to April 15th, and from November 22d to January 10th. \$72.
- 5 Ball, Hezekiah, wife and three children. House burned, March, 1884; wife sick at the time. \$7.63.
- 2 Burke, Mrs. Patrick, and one child. Deserted by her husband. State pauper; relieved for two weeks; reimbursed by the State.
1. Corcoran, Margaret, widow of Michael, 75 years old. \$1 per week.
- 4 Coughlin, Ellen, widow of William, and three children. \$2 per week.
- 5 Cronan, Ellen, widow of John, and four children. \$1 per week until October. Relief resumed Jan. 28, 1885.
- 8 Conley, Mrs. Edward, widow, with seven children. \$2 a week, from Dec. 3, 1884, to Jan. 14, 1885.
- 3 Darragh, Mary, widow of James, and two children, living in Brighton. We have paid for her during the year \$33.80.

- 2 Denehy, Thomas and wife, living in Dedham. We have paid during the year \$39.65.
- 4 Desmond, Catherine, wife of John, insane, and three children. We allow her \$2 per week.
- 1 Flanagan, Michael. Sent to Carney Hospital, Jan. 8, 1884, where he died, January 17th. \$6.
- 6 Grush, John E., wife and four children; live in Somerville. We have paid during the year \$56.30.
- 1 Hall, Mrs. James, widow. We allow her \$1 per week.
- 8 Hayes, Mrs. John, and seven children; aided in Boston. \$25.35, and at Almshouse.
- 2 Hill, Eliza, widow of Thomas, and one daughter, who died Jan. 15, 1885; \$1.50 per week, and medical attendance, medicine, and milk.
- 4 Holdsworth, Ann, widow and three children. Settlement in North-bridge, which town has reimbursed us. Mrs. Holdsworth died June 19, 1884; and July 1, children went to the Dorchester Industrial School.
- 1 Lamb, Mary, widow of Lawrence. Settled in Boston. \$1 per week, which is repaid by Boston.
- 4 Lynch, Kate, wife of Deglon, and three children. Deserted by her husband, June, 1884. State paupers. \$8; reimbursed by the State.
- 4 Lynch, Mary, wife of John, and three children. Deserted by her husband. \$1 per week till May 21, 1884, when the family became self-supporting.
- 1 Laurie, William, son of Andrew and Margaret. Sent from Boston to City Hospital with "fracture of fibula," May 21, 1884. Paid for his care \$23.
- 1 McCarty, Julia, widow of Jeremiah, 68 years old. Boards with her son John, at Winchester, at \$5 per month.
- 4 Moran, Mrs. Thomas, widow, and three children. \$2 per week, and doctor's bill, \$6.
- 1 Mountain, Ellen, widow of Patrick. \$1 per week.
- 3 O'Hare, Ellen, widow of Michael, and two children. Settled in Boston. The city pays her rent, \$4 per month.
- 4 Quinn, Mrs. Lawrence, widow, and three children, living in Auburn. Mrs. Quinn is disabled with rheumatism. \$3 per week, and \$8.27 for clothing.
- 1 Reardon, Catherine. Lives in Boston; paid during the year \$77 on her account.
- 1 Sheehan, Hannah, widow, 65 years of age. \$1 per week till her death, September, 1884.
- 1 Simonson, Vandalia. State pauper at Carney Hospital from May 1 to June 10, 1884. Paid hospital \$11.71. Doctor's bill, \$2.00.
- 1 Thompson, Eliza, lives in Haverhill. \$2.00 per week.
- 6 Waldron, Mary, widow of Thomas, and five children. \$2.00 per week.
- 1 Welsh, Elizabeth, widow. Settled in Boston; relieved from Dec. 3 to 31, 1884. \$10.00. Sent to Massachusetts General Hospital.

FULL SUPPORT OF INSANE POOR.

- Baker, Ann M., daughter of James Mitchell. At Almshouse.
- Collins, Michael. At Worcester Lunatic Hospital until April 1, 1884.
- Cranwell, Mary. Sent from Almshouse to Danvers Lunatic Asylum, Feb. 6, 1884. We have paid for her during the year, \$154.97.
- Cronan, Stephen, son of Mrs. John Cronan. Committed to Worcester Lunatic Asylum, Dec. 18, 1884. \$3.25 per week.
- Cummings, Michael. Committed to Taunton Lunatic Asylum, March 1, 1884. We have paid for his support \$154.31.
- Desmond, John. At Almshouse until June 19, 1884, when he was re-committed to Worcester Lunatic Asylum. We have paid for him \$106.67.
- Dolan, Mary E., admitted to Almshouse, Nov. 11, 1884. Sent to Taunton Lunatic Asylum, Dec. 19, 1884.
- Hartnett, Ellen, wife of John, at Danvers. We have paid for her support and for articles destroyed, \$183.45.
- Hickey, Julia, wife of John, at Danvers. We have paid during the year, \$182.93.
- Lannon, Margaret, wife of John, at Danvers. We have paid during the year, \$179.86.
- Mahoney, Julia, wife of Patrick, at the Asylum for the Chronic Insane. Her husband has paid \$100 towards her support, and has secured the town by a mortgage note on real estate for the balance of indebtedness on her account.
- McNamara, Margaret, widow of John. Committed to Danvers, June 9, 1884. Her support has cost us \$95.64. As she has an undivided interest in the estate of John Dillon, her father, it is expected the town will be reimbursed.
- Trowbridge, Mary J., widow of William, at Danvers Lunatic Asylum. Her friends have paid the town \$1.25 per week for her support. Total cost, \$178.72; less receipts, \$65.00.

FULL SUPPORT OF OTHER THAN INSANE.

- 1 Munn, Mrs. Bridget, ill with cancer. Sent to Carney Hospital, Sept. 11, 1884. We have paid on her account \$46.00
- 1 Splaine, David. Sent from Almshouse to Carney Hospital, May 24, 1884, where he stills remains. We have paid the hospital \$70.71. and doctor's bill, \$14.00.

REPORT OF THE SCHOOL COMMITTEE.

The School Committee of Brookline respectfully submit the following as their annual report for the year closing January 31, 1885, as required by law.

The Board organized after the annual election, by the choice of the Rev. Leonard K. Storrs as chairman, and William T. R. Marvin as secretary, and subsequently the sub-committees were appointed, as shown on the preceding page.

The customary statements are here appended, showing the number of pupils in each school, the names of the teachers and their salaries, the special teachers and salaries, and the other annual statistics, financial, etc., arranged in tabular form, for convenience of reference.

In the second table it will be observed that the number of children between the ages of five and fifteen, as returned by the Board of Assessors, shows a falling off from that of the previous year. The difficulties experienced in obtaining accurate returns on this point are, no doubt, very great, as we have abundant reason to know; but when the number of those attending private schools in our own town, and of those children of citizens of Brookline attending public and private schools in Boston and elsewhere, is added to the average number of those actually in attendance in the Brookline public schools during the past year, the inaccuracy of the return is very apparent. Indeed, if we deduct from 1681 (the whole number of different pupils enrolled in all the public schools for the year, as shown in the second table), 190 (the number over 15 years of age on our rolls), we account for nearly 100 more in the schools maintained by the town than this return gives as the whole number of children in the town, of the ages specified.

STATEMENT CONCERNING THE SCHOOLS.

SCHOOLS.	Whole No. enrolled during the year.	No. enrolled for the week ending Jan. 17, 1885.	No. attending for week ending Jan. 17, 1885.	Average No. for the year	Percentage of attendance for the year.	TEACHERS, Feb. 1885.	Began Service.	Present Salaries.

Average number of pupils to each teacher in Grammar schools,	38
Average number of pupils to each teacher in Primary schools,	42
Number of teachers in High school	5
Grammar schools	16
Primary schools	18
Special teachers: drawing, 1; music, 1; sewing, 1	3

TEACHERS.

The changes in our corps of teachers during the year have been much less than last year. In the High school we have found it necessary, as was expected would be the case when the course of study was lengthened, to employ an additional teacher,—Miss Annie M. Johnson, formerly of Utica, a lady who has come to us with high recommendations, and who has had considerable experience in teaching the studies which have been placed in her care. She began her work at the end of the Thanksgiving vacation. This restores the number of teachers in this school to what it was several years ago. Strong efforts have been made to draw away Mr. George from us, to take charge as Principal of a similar school elsewhere, but we have been fortunate enough to retain him.

In the Piérce Grammar school we have to regret the loss of Miss M. D. Paul, who had been here nine years, discharging her duties eminently to the satisfaction of the Committee, and with marked fidelity and success. Her influence over the pupils was felt outside the school-room, and in their homes, in a very happy way. Her health, however, compelled her to seek a warmer climate, and she left Brookline at the close of the term in June. Mr. E. P. Sherburne, who came to us from Manchester, N. H., where he has been a successful teacher, was appointed to the vacancy, having in care the first and second classes in this school, and Miss McKenzie was retained as his assistant. It was thought that these two teachers would, for the present at least, be sufficient; and Miss Annie E. Edwards, who had been aiding in the instruction of these classes very satisfactorily, was temporarily assigned to the Ward school, and given charge of Miss Farmer's classes, who had resigned for family reasons. These are all the changes that have been made. It is by all means to be desired that a successful teacher should be a permanent teacher.

ENLARGEMENT OF SCHOOL ACCOMMODATIONS.

At an early meeting of the Board, after the requisite authority was granted by the town, a building committee

was appointed, to take charge of the enlargement of the High school, and plans and estimates were obtained. It had been in contemplation, during the winter, to make an addition, by throwing out wings on both sides of the old building; but, after careful consideration, the High School Committee concluded that it would be possible to defer building one wing a year or two, or until the necessity became more pressing, and the Board decided to make the addition on the southeasterly side, and asked for a smaller appropriation than had at first been thought necessary. This was successfully accomplished during the summer vacation, without interrupting the work of the school.

The partitions dividing the lower story were rearranged, so that there are now three well-lighted and convenient recitation rooms on this floor, either of which can be entered by scholars from the main hall above, without disturbing the occupants of the others, which it was impossible to do under the old plan. The room in front, on this floor, has also been considerably enlarged, and is conveniently arranged for the purposes of the classes in chemistry. A large corridor runs across the building, separated from the recitation rooms, and giving abundant space for hooks for clothing, etc., and divided in such a way that the boys have one portion entirely to themselves on one side, and the girls on the other. The main school-room, on the floor above, was enlarged by the full space of the addition, sixteen new desks were purchased, and on the morning after the school opened in the autumn, every seat was occupied, and some weeks before the close of the term it became necessary to add another row of seats, and these were soon filled; by the withdrawal of some of the pupils, who have left school for business life, and other unexpected causes, there are now a very few vacant seats; but more will be needed with the new year than we now have. As will be seen, the average attendance for this year, with an increased number of scholars, has been fully as high as for previous years.

In addition to the changes in the interior arrangements already mentioned, the alteration and enlargement of the floor below enabled us to make a great improvement also in

the "Master's room" behind the platform on the upper floor, which has been much enlarged; the cases and books of the reference library of the school have been placed there, together with a few settees, so that this can now be used either as a recitation room, if desired, for the members of the first class, or for the performance of clerical labor, the examination of exercises, and other work of a similar character requiring more freedom from interruption than is possible when recitations are going on in the same room. Communication with the Master by electric bells and speaking tubes from all the recitation rooms has been secured, with great advantage in saving of time; a handsome but not expensive tablet, commemorating the gift of EDWARD DEVOTION to the town, has been placed on the wall in the main hall, and the whole building thoroughly renovated and repaired without and within. It is believed to be now in better condition for the purposes for which it is designed than at any time since its completion. The items of expenditure will be found on another page.

That enlargement in the accommodations for the Grammar and Primary school pupils would soon be needed was plainly stated by the Committee in the last annual report; but as the special committee, appointed on our recommendation to consider this matter, has made one report on which action has already been taken by the town, and still has the subject in charge, it seems unnecessary for us to allude to this further at present, except to say that plans are in preparation for the enlargement of the Lawrence school, voted by the town, which it is hoped will be completed before the term begins in the fall, without seriously interfering with the work of the school.

HIGH SCHOOL.

The work in the High school has been generally satisfactory. We now have the largest number of pupils in attendance that we have had for many years, if not at any time in the history of the school, and, as will be seen by reference to the tables, the ratio of attendance has been remarkably good. It is possible that this increase in number has been somewhat affected by the law requiring the free supply of

text books. Every desk but one or two, is now occupied, and the addition of the other wing, as contemplated when the last addition was made, will be needed by the first of the coming year, should the admission be as large as we have reason to expect.

Of the pupils connected with the school last year, two have entered college—one entering Harvard without conditions, and gaining “honorable mention” in half the subjects in which he was examined; two entered the State Normal school; one has become a successful teacher, and nine have gone into stores. The addition to the teachers has already been mentioned. It is in contemplation to add the study of German to the course, for which we have competent instructors.

The present first class will be the first to graduate under the new course of study. This is now printed for the convenience of parents and others, who wish to know what is attempted.

COURSE OF STUDY.

FIRST YEAR.

ENGLISH COURSE.

Algebra, through Quadratic Equations.

Physical Geography, First Term.

Physiology and Hygiene, Second Term.

English Literature and Contemporaneous History.—Goldsmith, Campbell, Cowper, Gray and Dickens.*

Reading.—Scott's ‘Lay of the Last Minstrel,’ and ‘Ivanhoe.’ One hour a week through the year.†

Bookkeeping.—Method by Double Entry. Two hours a week, Second Term.

Drawing.—One hour a week.

Composition and Declamation.‡

CLASSICAL COURSE.

Latin.—Grammar: Jones's Latin Lessons.

The other departments the same as in the English Course, omitting English Literature.

In Latin, English Literature, and in what we have called Reading, the Committee look for and expect the personal comments and instruction of the teacher *outside of text books*—not so much in the form of *lectures* as of *conversations*, in which the ideas of the *scholar* should be brought out, rectified where necessary, and a freedom of thought developed and encouraged.

* With more attention to contemporaneous *History* than was formerly given; and this remark applies to the study through the course.

† Supplemented by comments on style, times, etc., thus being a collateral with English Literature through the course.

‡ Composition and Declamation (vocal exercise for girls in the recitation room) throughout the course, amounting to an exercise in each, on alternate weeks.

SECOND YEAR.

ENGLISH COURSE.

Geometry.—First Term: Two Books, — three hours a week. Second Term: through Book Fifth,—four hours a week. (Original demonstrations encouraged.)

Natural Philosophy.—With experiments, two hours a week.

English Literature and History.—Ancient Ballads; Addison, Moore, Pope, Burns, Byron, Hood, and Tennyson.

French.—First Term: the Article, the Partitive, the Numerals, the Auxiliary and Regular Verbs; Translation of twenty pages of Pylodet's Reader. Second Term: the Irregular Verbs, Adjectives, Pronouns; Translation of forty pages.

Reading.—Hawthorne's "Twice-Told Tales," once a week.

Bookkeeping.—Method by Double Entry. (Optional.)

Drawing.—One hour a week.

Composition and Declamation.

CLASSICAL COURSE.

Latin.—Grammar continued; Four Books of Caesar's Commentaries. Writing English into Latin. Reading Latin at sight.

Greek,—begun the Second Term,—Grammatical forms, and White's First Lessons.

The other departments the same as in the English Course, omitting Bookkeeping; and reducing the time given to Natural Philosophy the Second Term.

THIRD YEAR.

ENGLISH COURSE.

Chemistry.—First Term.

Astronomy.—Second Term.

English Literature and History.—Milton, Spenser, Bacon, Burke, Coleridge, Macaulay, and Thackeray.

French.—Souvestre, "Un Philosophe sous les Toits"; Feuillet, "Le Roman d'un Jeune Homme Pauvre"; Grammar continued.

Civil Government.

Reading.—Shakespeare's Merchant of Venice, Julius Caesar, and Hamlet.

Bookkeeping.—Method by Double Entry. (Optional.)

Plane Trigonometry and Surveying. (Optional.)

Drawing.

Composition and Declamation.

CLASSICAL COURSE.

Latin.—Virgil's Aeneid, five Books; Writing English into Latin. Reading Latin at sight.

Greek.—Grammar continued; Xenophon's Anabasis, two Books.

History.—Smith's Histories of Greece and Rome.

Reading.—Same as in the English Course.

French.—Exercises twice a week.

Composition and Declamation.

FOURTH YEAR.

ENGLISH COURSE.

English Literature. — Chaucer, and American authors.

Ancient History. — Smith's Histories of Greece and Rome.

Political Economy. — Fawcett's Political Economy.

Botany. — Gray's "How Plants Grow."

Mental Philosophy. — Two hours a week.

Logic and Rhetoric. — Two hours a week, First Term.

French. — Mme. de Sevigne's Lettres; one play by Molière, and one by Corneille or Racine; Chardenal's French Exercises.

Drawing. (Optional.)

Reading. — Selections.

Composition and Declamation.

CLASSICAL COURSE.

Latin. — Virgil's Eclogues; Books VI and VII of the Aeneid; Six Orationes of Cicero; reading Latin at sight; writing English into Latin.

Greek. — Anabasis, Books III and IV; Homer's Iliad, three Books; writing English into Greek.

English Literature. — As in the English course, as time allows.

French. — Exercises and Selections.

Composition and Declamation.

FIFTH YEAR.†

CLASSICAL COURSE.

Latin. — Virgil's Aeneid, Books VIII and IX; Georgics, one Book; two Orationes of Cicero and Senectute; reading Latin at sight; writing English into Latin.

Greek. — Herodotus, eighty pages; Book IV of Thucydides; reading Greek at sight; writing English into Greek.

Necessary Reviews.

Composition and Declamation.

Pupils, on their entrance into school, are allowed to choose the English or the Classical Course; at the close of the first year, if any desire to do so, pupils are allowed to substitute Latin for English Literature, retaining the other studies of the course at first selected, subject, however, to the approval of the Committee.

It has not yet been found expedient to carry out this programme in all respects, and it will be remembered that the High School Committee regarded it when adopted as in some measure experimental. We still consider it so. The instruction in some branches, in extent at least, will always and of necessity be governed by circumstances in such a school as

* Pupils who have completed three years of the English Course will be allowed in the fourth year to take classical studies of either class for which they are prepared, provided clashing of recitations is avoided.

† Some boys will be able to fit for college in four years; to such the course of study will adapt itself; others will find it for their advantage to spend five years in preparation for college, and for such this fifth year is arranged.

ours, which is forced to be at once an "English High," and a "Classical" school, and where not only the kind of instruction given but also the work devolving on the teacher must vary from year to year as the number of pupils in preparation for college varies. In our higher classes especially, very much will depend on these conditions. Some of the studies designated we have not attempted to take up. Others are taught orally, partly because of a lack of text-books which are free from criticism. Civil government, for instance, has been taught in this way, and very successfully; we know of no text-book that is exactly what is wanted for the classes who study this topic, though we have examined several. Much of the instruction in natural philosophy has been given in the same way, enlivened by experiments performed by the scholars themselves under instruction from the teacher; they are expected to take notes both of the teacher's words and of the phenomena of the experiments performed. This plan has many advantages, but it may be questioned whether a text-book, with at least an outline of the course, would not make the results of teaching more beneficial, especially in the direction of review, where absence or carelessness has prevented the pupil from taking proper notes.

In the matter of discipline, some changes in the plan heretofore used have been made. These changes are still on trial, and the advantages of monthly reports of the comparative standing in *conduct* as well as in *scholarship*, and frequent consultations of teachers as to the work and behavior of the pupils, on the one hand, with some disadvantages that have been found to exist, on the other, must be thoughtfully considered before it shall be finally adopted for the permanent method in the school. We believe that when pupils and teachers have become accustomed to it, the present plan will need little, if any, modification.

With reference to the work of the teachers we can say, as we have before, that to maintain the reputation of the school, and to do thorough work in teaching, are the aims each has in view; and while it is not to be expected that there is no room for criticism, we regard them all as disposed to carry

out loyally the wishes of the Committee, to the extent of their ability, and recognizing fully the high responsibilities of their position.

GRAMMAR AND PRIMARY SCHOOLS.

We append below the report of the Superintendent on the condition and work of the Grammar and Primary schools, and precede it with the reports of some of the sub-committees.

EXAMINATIONS.

A detailed report of the annual examinations in June last, was made by the sub-committee on examinations to the Board at its first meeting in September. The general results were, with few exceptions, very satisfactory. It is well to state that the standard of attainment has been raised five per cent, so that where formerly 60 per cent in some studies, and 65 per cent in general average, was required for promotion, now, by the additional 5 per cent, an average attainment of 65 per cent and 70 per cent is necessary. The result, of course, at first was, as we anticipated, to debar from promotion somewhat more than the usual proportion of pupils. But we are satisfied that, apart from this one fact, which is but an accident always attendant upon a new enterprise, in the long run an impulse to more conscientious and harder work on the part of both teacher and pupil will be given, which can but be beneficial to all concerned. In truth, the result of the semi-annual examinations just finished, abundantly proves the wisdom of thus raising our school standard. If examinations prove anything at all, it is well demonstrated by this that the condition of our schools, in all their different grades, was never better nor more satisfactory.

THE INDUSTRIAL VACATION SCHOOL.

The session opened July 8th and continued ten weeks, closing September 13th. The pupils were divided into three sections of ten each, each section having a daily lesson of two hours, — section one from eight to ten, A. M.; section two from ten to twelve, M.; and section three from two to four, P. M.

The work-benches were re-made, shortened to six feet, and arranged for two pupils to a bench. Such new tools as were needed to carry on the instruction were bought, and everything was done that seemed necessary to secure success, with proper attendance on the part of the pupils. To this end the Committee decided to offer prizes, as follows: For the best attendance, three dollars; for the second best, two dollars; and one dollar to each pupil who should attend forty lessons and over. The result was that five attended fifty-nine lessons; two, fifty-eight and one-half; and thirteen, forty and over. To these twenty pupils were paid thirty-two dollars. During the session twenty-two other pupils attended, varying from three to thirty-nine and one-half lessons. The age of the pupils ranged from ten to fifteen years, the average being about thirteen.

The teacher, Mr. S. C. Griffin, kept a daily record of the work done, which is herewith submitted, with the following brief summary. The aim was to teach the pupils how to use the tools, including grinding, whetting, and adjusting, as well as to work out the simpler forms and connections usually met with in carpentry and joinery.

The first five weeks were almost entirely devoted to teaching the pupils how to handle the tools, and during this preliminary course the stock was all used up, except samples of mortises and tenons. From the 6th to the 19th of August, besides other work, the jaws of the vises were made and fitted for the screws, and also ten bench drawers; from the 19th to the 23d, boxes with mitre joints and rabbets for bottom; from the 23d to the 30th, halved together joints, and mortise and tenon joints; to September 3d, an open dove-tailed joint, and a half-dove-tailed joint; from the 3d to the 5th, a section of a door with double mortise and tenon, and groove for panel; from September 6th to 8th, a half-dove-tailed joint, halved together at corner; also, sample square and mitre saw-cuts, blocked and unblocked.

The last week was spent in reviewing and making a large box, with half-blind dove-tailed joints. The work was left so that all parts could be examined, and was all done by the pupils, except the laying out for some of the joints. The

quality, and not the quantity, of the work was kept in view by teacher and pupils, and no attempt was made to do more than teach the simplest elements and manipulations.

At the end of the course many of the pupils were in a condition to begin to apply what they had learned, to more difficult forms, and to the making of simple but useful articles.

We are also glad to be able to say that in addition to the work which each pupil had to show, we saw a marked change in his temper and spirit, as well as interest; so marked as to convince us that this was by no means the least valuable result of the instruction.

Until the time comes to introduce this instruction in our public school course, we recommend that the Vacation school be continued, and that the sum of \$250 be appropriated for the next summer session.

Our thanks are due to Mr. Griffin for his faithfulness, skill as a teacher, and good temper — qualities which insured the reasonable success of the school.

At the close of the course the School Committee, with others, inspected the work, and were satisfied upon the whole with the results. The expenses of the Vacation school are reported with those of the other schools.

EVENING SCHOOL.

The Evening school opened on Monday evening, December 1st, with Mr. David Bentley in charge as principal, and Miss Nellie E. Shea as assistant, and has held its sessions continuously — four evenings each week — to the present time, Feb. 1, 1885, with a recess of two evenings at Christmas. The members of the school, as a whole, have shown a fair degree of interest in their studies, while the attendance of some has been very constant. The studies pursued include Reading, Spelling, Geography, Arithmetic, Penmanship, and Bookkeeping. The average attendance has been 27.

The Evening school is fast becoming a valuable aid in reaching a class of our young people whose circumstances prevent their attendance during the day. As such it commends itself to the care and support of our cities and towns.

SUPERINTENDENT'S REPORT.

To the School Committee of Brookline: —

My report for the year ending January 31, 1885, is herewith respectfully submitted.

It is sometimes said that school reports contain little direct information concerning individual schools or teachers. This cannot well be otherwise. To discuss the merits and demerits of each separate school and teacher would lead to comparisons, either expressed or implied, which might be extremely odious, and certainly would be out of place.

Any one desiring more definite knowledge regarding the schools, classes, or studies, can readily obtain additional facts, either from the Committee, superintendent, or teachers. I am happy, however, to state that the schools, as a whole, are in a prosperous condition, — perhaps never more so. I am confirmed in this belief from visits to schools in other cities and towns, and also from the unsolicited opinions of those well able to judge, who have visited our schools the past year. It must not be inferred, however, that every school in town is doing as good work as it ought. Wherever we fail to secure close, patient, persevering, and thoughtful application on the part of the pupils, the results in that particular school must be disappointing alike to Committee and teacher.

It would hardly be possible for the Committee to use greater care in the selection of teachers, making, as they do, inquiries as to health, character and preparation for their work, as well as of the experience and success of applicants. They also visit the schools, in order to learn something of the teachers' methods of instruction and discipline. The superintendent is also expected to keep a list of available teachers, together with such information as he is able to obtain from reliable sources.

In no other way can the schools be kept up to their present standard; and certainly in no other way can they become

more efficient than by employing the best talent to be found as vacancies shall occur.

It has never been the policy of the Committee, certainly not for many years, to experiment with inexperienced teachers; yet applicants are numerous, who have had little or no experience, and often with no professional training bearing directly upon the work which they propose to assume. I believe it to be the part of wisdom for any one intending to teach, to pursue a course of study with direct reference to the work. Normal schools afford this opportunity; they are not intended for general academic education. They are special, and give instruction in a direct line as a preparation for school work; and those will derive the most benefit from attending such schools who are the best prepared for the work on entering. They should, at least, have the equivalent of a good High school course, in order to be able to pursue successfully the course of study in the Normal school, but even that will not of itself guarantee success to the graduates.

Literary attainments alone will not make the teacher, as there is abundant evidence of ignominious failures on the part of those eminent in scholarship. Normal school diplomas are testimonials of literary qualifications, and afford evidence that the possessor has pursued a course of training with direct reference to teaching. No one can doubt for a moment that such training, continued for from two to four years, with the usual opportunity for practice under the eye of skilled instructors, is of very great value to the teacher,—as much so as the professional studies of the physician or the lawyer are to him. It enables the new teacher to start off upon his work with more confidence than he would otherwise possess, for he brings to his aid many points, more or less settled, which have entirely escaped the minds of those without the training. But all these advantages will not, of themselves, make the teacher; they are certainly great aid, but the real test of success is the *school work*.

Tact, temperament, judgment, health, cheerfulness, sympathy with children, enthusiasm, power to control and interest, correct lives,—these are *natural* qualifications, not

acquired, but they may be strengthened by study and thought. I ought to say, in this connection, that some of our teachers, who rank among the best, never attended a Normal school. The qualifications just enumerated, combined with earnestness, love for their work, experience, and a progressive spirit, make them so ; still the rule holds good, that the more thorough the preparation for the work, the better will be the results. But all teachers worth keeping, whatever their previous preparation, must be *students*, particularly in their line of work, or they will gradually but surely settle into educational ruts.

Discipline lies at the foundation of the teacher's success. By this, I do not mean military precision in all the movements of the pupil ; but such discipline as is necessary to secure an orderly and quiet school, in which all can attend to their own individual work without in any way interfering with or disturbing others. A quiet and orderly school indicates thoughtful and thorough work, while a restless, lounging school will do careless work. In a word, lax discipline saps the educational structure at every point, while firm, yet judicious discipline tends to give strength to every part. With correct discipline everything is favorable for concentration of thought.

No one can doubt that there is a limit to the mental capacities of children, and to the amount of work which they can properly accomplish, and that their minds are as unlike as their faces.

Teachers having charge of beginners need to exercise the utmost care. There is greater necessity for individual instruction in this grade than in any other, as the little children must have special direction how to do their work properly. If they are required to copy words or figures from the black-board, for example, without specific directions, some will be found beginning at the wrong end of the word, or making the figures in the most awkward way possible ; others, strange though it may seem, will make them up-side down, or with left-hand curves for right. All these forms, wrong in principle, must sometime be corrected ; if this is not done in the outset, to say nothing of the time

wasted, more time will be needed later in correcting the bad habit than ought to be given in teaching the correct forms at first.

The work now required in primary and grammar grades is so well understood by the teachers that there seems to be no good reason why all we attempt to do should not be well done; exceptional cases, of course, will arise. But new educational problems are constantly appearing, and there will never be a time when we can flatter ourselves that there is no further room for improvement. Many subjects, some of which are comparatively new, and others which a few years ago received little notice, are now pushed to the foreground and demand much attention, while nearly all branches ever found in the courses of study are still retained, although, in some cases, pursued in a modified form. This is the demand of the age in which we live. It is not peculiar to the schools. The same spirit pervades all our industries in every department of life.

Our methods may vary or change, to meet circumstances and the condition of classes, but fundamental principles are fixed. Teachers to be successful must understand child-nature and the laws regulating the development of the mind, that they may adapt their instruction to the age and capacity of their pupils. Every one who has had much to do with children must have observed how readily a child five years of age understands ordinary conversation. At that age he usually has at his command a vocabulary of several hundred words, which he can use in simple sentences, and to which he is unconsciously but constantly making additions. The words he uses and hears are familiar to his ear, but as yet they are strange to his eye. Many objects he readily recognizes in picture form, but words, either in script or print, are as meaningless to his eye as they would be to his ear if spoken in an unknown tongue.

All this seems to point unmistakably to the kind of work for children on entering school for the first time. Having in former reports entered somewhat into details as to the steps to be taken in teaching beginners, I will simply say that for the first three years, by far the greater part of the child's

time, should be spent in becoming familiar with words, in order to recognize them in all conceivable connections, as a preparatory step to enable him to gather information, unaided, from the printed page.

In connection with his reading he must be taught writing and spelling, and the construction of simple sentences. He should be able to spell the words of his own vocabulary, *i. e.*, the words he uses; but we should not look for a high degree of proficiency in words not in common use.

From the most reliable reports we have upon school attendance, it appears that more than one-half of all the children in the public schools of Massachusetts are attending to studies properly belonging to the primary grades, and not more than one-fifth of these pursue their studies to the end of the grammar school course. These facts show the necessity of making the grades where the masses receive their instruction as thorough and practical as possible.

There are now in the grammar and primary schools of Brookline thirteen hundred and sixty pupils, and classified as follows:—

1st year pupils	324
2nd " "	184
3rd " "	214
4th " "	164*
5th " "	138
6th " "	102
7th " "	111
8th " "	62
9th " "	61

A total of 755 pupils in the primary schools.

A total of 605 pupils in the grammar schools.

FREE TEXT-BOOKS.

An Act to provide free text-books and supplies was passed by the Legislature last winter. For five years previous to this Act text-books and school material had been furnished at cost price to pupils in the primary and grammar grades. The present plan differs in this respect: The town now pays for all school material which the Committee deem

* A portion of these are properly included in primary classes.

necessary to be used, thus relieving the parents as such from the burden which they have hitherto borne, and making education absolutely free to all pupils.

Our rules and regulations for the care and custody of books, the general plan for distribution of all school material, and the records kept, are simple and effective, and in brief are as follows :

All school material of whatever kind, purchased and distributed from the superintendent's office, is a matter of record, so that any one who wishes, can ascertain what has been bought, the price paid, and if not in the office, to what schools the same has been distributed. Teachers make written requisitions, specifying the number of each kind of text-book and other supplies needed. These orders, on being filled, are checked and filed, and at a convenient time the respective accounts of the teachers are debited with the articles ordered and delivered.

Teachers are expected to keep a duplicate of all orders. This plan is also adopted for the Evening school. At the close of the school year, and earlier if the Committee desire it, each teacher will be requested to account for all books and supplies furnished to him or her. The several accounts will then be examined and closed. Those articles which have been used up in the school work during the year will be charged off, and all those fit for further use will be carried to a new account.

If, on closing the accounts, it shall appear that any teacher has not accounted for all the text-books furnished, or has been too lavish in ordering supplies, an explanation will be required, and in case of missing articles, he will be expected to replace them, if lost through any neglect of his. Teachers are required, in turn, to keep an account of the books and other articles furnished each individual pupil. On receiving text-books from the Superintendent, and before loaning them to pupils, teachers are expected to paste on the inside of the cover, but not in school hours, a label, which, when properly filled out, will designate, not only the school building, but the room to which each book belongs. The label is as follows :—

PROPERTY OF THE
TOWN OF BROOKLINE.

This book is loaned to the pupil free of charge. It must not be marked upon with pencil or ink, and must be kept clean. If a pupil loses, or unnecessarily defaces or injures a book, he must pay for it. The book may be carried home for study, by permission of the teacher.

SUPPLIED TO THE.....

School......*Room.*.....

No......*188.*.....

Each book has its number. On distributing the various books to the pupils, the teachers will enter in their record-book, in the proper column, and opposite the pupil's name, the number of each separate book, which must correspond to the number on the label. By this simple record, the teacher can tell at a glance which pupil is responsible for any book that may be lost or damaged.

This is a brief outline of our method of distributing books and supplies, and of keeping records. The superintendent and teachers are supplied with record-books and blank forms suitable for the various purposes.

D. H. DANIELS, *Superintendent.*

HIGH SCHOOL ENLARGEMENT.

REPORT OF THE BUILDING COMMITTEE.

The sub-committee appointed by the Board to take charge of building the enlargement of the High school-house, advertised for proposals for the necessary work, in accordance with the specifications submitted by the architects, Messrs. Peabody & Stearns. Bids were received from a number of Brookline contractors, and having been examined in the full

Board, awards were made for the mason work to James Driscoll, and for the carpenter work, including the necessary alterations, to William Wood, both citizens of Brookline, who were the lowest bidders. The work was executed promptly, and to the entire satisfaction of the Board and within the estimates. The items of expenditure are herewith submitted. There still remain unpaid one or two bills, which we have endeavored to obtain in season to include in this year's account, but they have not yet been rendered. The amounts are small, however, and the appropriation will not be exceeded. A full account of the changes in the building having been given on a previous page of the report, we do not think it necessary to give further particulars in that direction.

EXPENDITURES.

Wm. Wood, building contract	\$3,361 63	
James Driscoll, foundation and labor on furnaces . .	304 90	
Kenrick Bros., new furnace, hot-air pipes, ventilating pipes, etc.	418 10	
John Cook, extra plastering and blackboards	40 92	
J. H. Boody, painting, tinting walls, etc.	201 42	
C. A. Pons, window shades, etc.	54 85	
A. G. Whitcomb, school furniture	115 20	
E. F. Allen, gas fixtures and labor	12 95	
Peabody & Stearns, architects	208 63	
L. E. Newcomb, sundry labor	25 19	
W. A. Goodwin, sundry labor	78 12	
Ginn, Heath & Co	10 40	
Seth W. Fuller & Holtzer, bells, etc.	64 05	
	<hr/>	\$4,896 36

We recommend that the unexpended balance, \$103.64, be reappropriated, as it will be needed for payment of the bills mentioned above, and the purchase of a few additional seats and desks.

In behalf of the Building Committee.

W. T. R. MARVIN, *Chairman.*

APPROPRIATIONS.

To carry on the schools as they are now organized, with the addition of two rooms at the Lawrence school, will require the following appropriations : —

For Salaries	\$35,000 00	
Sewing teacher	600 00	
Music teacher	600 00	
Drawing teacher	250 00	
Clerk at Superintendent's office	200 00	
Truant officer	400 00	
Care of school-rooms	1,700 00	
Fuel	2,300 00	
Sundry expenses	1,450 00	
	<hr/>	\$42,500 00
For furnishing free text-books and supplies to pupils		2,500 00
Evening school		500 00
Industrial school		250 00

TWENTY-EIGHTH ANNUAL REPORT
OF THE
TRUSTEES OF THE PUBLIC LIBRARY.

The twenty-eighth annual report of the Board of Trustees, accompanied by the reports of the Treasurer and the Librarian, is herewith submitted :—

By the report of the Treasurer it will be seen that the income of the Gardner Fund and of the Hall Fund have been fully paid in. The capital is securely invested, and has somewhat increased by advance in values.

The report of the Librarian gives an outline of the work accomplished during the year, and an account of the present condition of the library. The present number of volumes is 29,519. The number of volumes added since the last annual report by gift or purchase is 1,457. The average daily circulation during the year has been 144. The total circulation for the year has been 49,308.

The library is indebted to the thoughtfulness of Hon. Theodore Lyman and Hon. John W. Candler for a large number of congressional and other public documents.

Through the consideration of the family of our late and much-esteemed townsman, Hon. Ginery Twichell, the library has come into possession of an important addition to its collection of government publications, among which may be mentioned a complete set of the Congressional Globe, in 113 volumes.

This department of public documents, including the annual reports of our own commonwealth, is increasing so fast, that the trustees have decided to shelve the room above the reference library for its accommodation. The improved facilities for the arrangement of books when this work shall be completed will greatly relieve the alcoves of the main book hall, which will hereafter be devoted exclusively to books for circulation.

By the death of Mr. John L. Gardner, the library loses a most generous patron and long-time friend. The timely gift which established the Gardner Fund has been the means of raising the standard of our library to a point which it would have been unable to attain by the town appropriations alone, liberal as they have always been. We trust the present, as well as coming generations, will always bear in mind that the name of Gardner Hall, over the doors of the reading-room, is there to perpetuate the memory of one who nobly endowed the Brookline Public Library with the power of steadily enriching itself with a high order of literature.

The work of the library in its various departments has been conducted in a manner that meets the unqualified approval of the Trustees, and it is hoped that the frequenters of the building have always found courtesy where they looked for it, and aid where they have asked it.

SECURITIES ON HAND.

Hall Fund:	
Mortgage, D. Hagan, East Cambridge.....	\$2,500 00
Mortgage, Geo. Rogers, Brookline	2,500 00
	<u>\$5,000 00</u>
Gardner Fund:	
Mortgage, Hotel Beacon, Swampscott.....	\$8,000 00
25 Shares Old Colony R. R.....	2,500 00
	<u>\$10,500 00</u>

BROOKLINE, Feb. 2, 1885.

This certifies that I have examined the foregoing account with vouchers, find the same to be correct, and the cash balance on hand to be the sum of four hundred and fifty-six dollars and twelve cents, and the evidence of investments as stated.

R. G. F. CANDAGE, *Auditor.*

LIBRARIAN'S REPORT.

BROOKLINE, Feb. 2, 1885.

To the Trustees of the Brookline Public Library:

GENTLEMEN, — I beg to present, in my thirteenth annual report, the customary library statistics for the official year 1884-5.

An uneventful year has passed with little, apparently, to mark its progress save the quiet round of daily library duties, yet its summing-up shows a creditable amount of work, and a satisfactory condition of affairs in which funds have been ample, purchases heavier, and gifts both numerous and valuable.

The circulation of books has not only risen to the general average, but continues to show signs of improvement in quality, and has been marked by increased patronage, as shown by the registry of over two hundred new-comers within the year.

It has always been the policy of the library to seek healthful rather than rapid growth, hence each year adds more to the value than to the number of our collection, which we aim to keep in the best possible condition for constant use, and it may be safely said that few public libraries of twenty-eight years' standing have such well-preserved books and property as our own.

CONDITION.

Although constant usage leaves its impress upon all the popular books, I think we may justly claim that their general condition is all that could be reasonably expected, and of the 29,519 volumes upon our shelves not over one hundred are likely to be withdrawn in the coming year, while only 41 volumes were worn out and replaced during the past year.

Quite a large number of books have been rebound since the last report, the schedules showing 381 volumes; but this is not a disproportionate number when we consider the unusually small schedules of the previous year, and the continual service which certain books render.

ACCESSIONS.

General prosperity has marked the year, and its close finds the library richer by the accession of 1,457 volumes, made up from purchases (911 vols.), gifts (408 vols.) and bound magazine (138 vols.), besides 260 pamphlets and 223 numbers of miscellaneous periodical literature.

Among the purchases are new sets of the works of Scott, Thackeray, Ainsworth, Lever, Cooper, and Dumas, which will eventually supply the places of old copies rapidly wearing out in the service.

Besides these works of standard novelists we have added many other important publications to the various departments of the library, including much of the popular current literature of the year.

Our accessions are invariably augmented by the generosity of individuals, and the statistics of the present report show an exceptionally favored year in this respect. Among the noteworthy examples may be named the continuations of the series of "Official Records of the War of the Rebellion," and of the "Tenth Census Reports," through Hon. John W. Candler; the recent publications of the U. S. government, from Hon. Theodore Lyman; Massachusetts legislative documents, 1883-4, from Capt. Candage and Mr. B. F. Baker; eight volumes of "Contested Election Cases," from Mr. George Griggs; "Hunt's Merchants' Magazine," 1839-59 (unbound), from Mr. J. C. Abbott; and a supply of naval literature, once forming a portion of the library of Com. Hull, and presented by the Rev. C. D. Bradlee—in memory of John Etheridge.

We have also received, quite recently, a full set of the "Congressional Globe" (113 vols.), and numerous other congressional documents (49 vols.), from the private library of the late Hon. Ginery Twichell. Through the kindness of his widow and daughter other books are to follow as soon as the librarian can spare time to select from a mass of public documents those which are desirable for the library. This gift becomes a fitting memorial of one who was for many years closely identified with the town of Brookline.

CIRCULATION.

The record of circulation shows a falling off in home reading and a gain in the use of books at the library; these fluctuations are, however, common to all libraries, and therefore need excite no comment, especially as our figures do not go below the yearly average.

The register claims 308 working days, with a delivery of 44,199 volumes for home use, at an average of 144 per day and 5,109 volumes for reading and reference in the library, making the aggregate demand for books to be 49,308.

The extremes of daily issue were 342 volumes on April 5th, and 11 volumes on June 17th, the latter date, with its insignificant circulation, seeming to point a holiday moral.

The pernicious habit of defacing and mutilating books still continues, and accidental injuries sometimes occur, but for the most part the penalties incurred are sufficient to prevent repetition by the same persons.

Fines for the detention of books amount to \$139.85; for damage to books, \$13.68, making the gross receipts from these sources, \$153.53.

GENERAL LIBRARY WORK.

It has always been my pride to report all work finished to date, but the enormous quantity which literally poured in upon us within the last ten days, by gift and purchase, has been quite beyond my ability to complete, and in spite of every effort, the cataloguing of all the accessions since the January bulletin must be carried over to the new year's work.

I believe all the other duties and requirements in each department to have been fully and promptly met, and it gives me pleasure to record my appreciation of the fidelity which the library staff has invariably shown under all circumstances.

If the work of the year, as now reported, proves equally satisfactory to the Trustees and to the public, our highest aim will have been happily realized.

MARY A. BEAN, *Librarian*.

WATER BOARD.

ORGANIZATION, 1884-5.

FRANCIS HUNNEWELL Term expires 1885.

OLIVER WHYTE Term expires 1886.

WILLIAM J. GRIGGS Term expires 1887.

OLIVER WHYTE, *Chairman.*

CHARLES D. LINCOLN, *Registrar.*

FAYETTE F. FORBES, *Supt. of Works.*

REPORT OF THE WATER BOARD.

The Water Board herewith present their ninth annual report to the town.

At the annual town meeting, held March 17th, 1884, William J. Griggs was re-elected as one of the Water Board for three years. The board organized April 1st, 1884, by the choice of Oliver Whyte as chairman. There has been no change in the officers or regular employees connected with the works, except that the fireman at the pumping station, who has been employed for a number of years, having left, a new man has been hired to fill the place.

STREET-MAINS.

Mains have been laid the past season in the following streets and places, as shown by the Superintendent's report herewith annexed: Sewall Avenue, Sewall Place, Sullivan Road, Kent, Irving and St. Paul Streets.

SERVICE-PIPE.

During the year there have been put, in different parts of the town, fifty-seven service pipes, making the whole number laid since the introduction of the water, 1191.

METERS.

Of late years there has been a constantly increasing request by the citizens for the placing of water meters on their premises, but these requests come mostly from those who, while having a large number of fixtures to be assessed, use comparatively a small quantity of water, while in the localities where there is the largest waste of water the use of the meter is ignored. There are now in town eighty-one set meters, eighteen having been placed the past year.

FILTERING GALLERIES.

It was the intention of the Water Board to have continued the work of extending the spur filtering gallery, which was commenced in 1883, during the past summer, but owing to the numerous rains, and the season proving very wet, it was not practicable; but the work will be carried on as soon as the season will allow. During the spring months, or when by excessive rains the river overflows its banks, the water stands on the low lands, and, becoming discolored by the soakage of leaves, a portion finds its way into the galleries through the leakage of the wooden conduit connecting the two galleries, and has caused considerable complaint. The Water Board have this year caused to be built a dam across the meadow, and have filled up the low places where the surface-water collects, and they are in hopes that this will prevent any further trouble; but should this not prove effectual, the only thing to be done is to take up the old conduit and replace it with iron pipes. The cost of this, were it done, is estimated at \$2800.

BUILDINGS AND MACHINERY.

With the exception of some painting in and about the engine-house, very few repairs have been needed to either machinery or buildings. This year the engineer's dwelling will require painting. The engines will be taken apart, and some few minor parts renewed, but otherwise no extensive repairs are anticipated.

PIPES FOR NEW STREET MAINS.

Several estates in the town have during the past year been laid out into house-lots, roads are being built, and the lands are now offered for building purposes. There will be, without doubt, calls for water-mains in many of the streets. The rule of the town is, that upon the receipt of a petition for a main in any street, the Water Board shall, if they think it advisable to have the work done, ask leave of the town at the next town meeting to lay said pipes; this being granted, the pipes are ordered at the foundry, and when received they are laid. This causes much delay, even if the town meeting,

which grants the request, is held within a short time. It often happens, however, that the Board have to wait some months before receiving the pipes from the foundry ; therefore the Water Board ask that they may order a quantity of pipe, say 4,000 feet of six-inch and 1,000 feet of eight-inch, amounting to about 91 tons, to be stored at the pipe-yard and used as circumstances may require. The cost of this pipe is estimated to be about \$3,000, and the Water Board have asked for that amount in the list of appropriations for the extension of water works.

In connection with the above, the Water Board would call the attention of the town to the inconvenience builders and others are often put to by the delay in having pipes laid to supply their premises. Many cases occur where, if the Water Board could use their discretion in the matter of laying a few hundred feet, parties could be supplied with water immediately on application, who are by the present rule of having all applications acted upon in town meeting, often delayed for months.

The Water Board will offer the following vote : —

Voted, That upon the petition of any party desiring the immediate use of the town water, and where the same can be supplied by a short extension of the street main, the Water Board shall have authority, if they think advisable, to extend said main, provided the expense of so doing shall not exceed \$500.

APPROPRIATIONS.

The estimated appropriations required for the Water Works for this year will be as follows : —

For maintenance of main works	\$9,500 00
Maintenance of high service	1,800 00
	<hr/>
	\$11,300 00

For extension of works :

Main in Irving Street	\$625 00
Main in Sewall Place, and adjoining street . . .	1,000 00
Main in place off Cypress Street	500 00
Service pipe, etc	1,200 00
Extension of filtering gallery	500 00
Pipe to be on hand for use as may be required . .	3,000 00
	<hr/>
	\$6,825 00

The following statistics are compiled from the books of the Water Registrar : —

WATER-TAKERS.

Families	1475
Public boarding-houses	4
Hotels	3
Stores and shops	70
Public stables	10
Private stables	183
Greenhouses	36
Bakeries	2
Gas-house	1
Halls	2
Railroad stations	4
Town buildings	10
Churches	6
Printing office	1
Saloons (common victuallers)	2
Private school	1
Laundries	2
Manufacturing establishments	3

REVENUE COLLECTED, 1884.

From private consumers	\$17,183 23
rent of engineer's house	200 00
rent of old engineer's house	135 00
sale of material	17 75
	<hr/> \$17,535 98

Charged to Town of Brookline in the various department accounts :—

Fire department	\$4,267 00
Watering streets	4,200 00
Highway department	276 00
Town Hall	79 00
School-houses	78 00
Police department	42 00
Public Library	18 00
Poor department, Almhouse	11 00
Walnut Hills Cemetery	10 00
Old Cemetery	5 00

The cash water receipts, rents, and sales of old material for the eight years since the introduction of water are shown below : —

1876	\$6,600 78
1877	8,877 13
1878	10,816 24
1879	11,884 41
1880	13,105 72
1881	14,199 04
1882	15,383 57
1883	16,884 72
1884	17,535 98

CONSTRUCTION ACCOUNT.

Expended to Feb. 1, 1884, (see last report)	\$636,196 88
Expended from Feb. 1, 1884, to Feb. 1, 1885, as follows :	
On account of street-mains	\$3,850 24
service-pipe	1,295 75
hydrants and gates	283 03
filtering gallery and canal	85 53
furnishing workshop and stable	12 17
engineer's house	139 50
miscellaneous	25 07
Appropriation, \$5,700.	<hr/> \$5,691 29
Total to date	\$641,888 17

MAINTENANCE ACCOUNT.

From Feb. 1, 1884, to Feb. 1, 1885.

Pumping expenses, wages, oil, etc	\$2,583 37
Fuel	2,601 63
Salaries	1,898 91

service-pipe	22 97
engine house and engineer's house	299 43
street-mains, hydrants and gates	756 25
telegraph line and telephone	86 40
Miscellaneous	405 41
Appropriation, \$9,500.	<hr/> \$9,487 13

HIGH SERVICE.

In June last the Water Board, having been empowered by the town to enter into contract for the construction of the high service of water works, according to the plans submitted by them, first entered upon their duties by placing the plans proposed by their engineer in the hands of M. M. Tidd, C. E., a gentleman who has had experience in the construction of water works in several cities and towns, for his opinion, whether the works, as intended to be carried out, could be changed or improved to advantage. Upon a favorable report from him, immediate steps were taken to obtain the necessary site for the stand-pipe, and also the right of

way over the estate of Walter C. Cabot. After some delay, owing to the absence of different parties from town, satisfactory arrangements were made for placing the stand-pipe on the land of Theodore Lyman, and a lot of land, one hundred feet square, suitable for that purpose, was purchased of him at a cost of \$1000. The Water Board also obtained the easement of a strip of land about eleven hundred feet long by eight feet wide, across the estate of Walter C. Cabot, for the sum of \$1500, for the purpose of laying the water pipes to connect the pumping engine with the stand-pipe.

On the 1st day of October a contract was made with the Whittier Machine Company for the construction of an iron tank, or stand-pipe, fifty feet in diameter and thirty feet high, capable of holding some 450,000 gallons, at a cost of \$6,650. Work was promptly commenced by the contractors, and finished about the 15th of December in a satisfactory manner, so far as can be judged by the appearance; but twenty per cent of the contract amount is retained by the town until the tank is filled with water, and is proved free from leaks or imperfections. The level of the water in this tank when filled will be 364 feet above mean high water, or 104 feet higher than the summit of Corey Hill, and 55 feet above the highest point of land in town, with the exception of the hill on which the stand-pipe is situated.

Plans and specifications were prepared by Geo. Moffett, Jr., architect, for the erection of a building, consisting of dwelling for engineer, engine-room and boiler-room, to be situated on land owned by the town on Newton Street, adjoining the school-house lot. Proposals were issued for the building of the same above the foundations, which had been prepared by day-work, and on December 1st the contract was awarded to Morton & Chesley for the sum of \$9,492. As the work was commenced at so late a time in the year, the weather has delayed the work somewhat, but at this date, February 1st, the building is covered and ready for slating, and will be in condition to receive the pumping machinery as soon as that is completed. On the 17th day of October, two bids were received for furnishing a duplex condensing engine of a pumping capacity of one and one-half million gallons in twenty-

four hours, and after a careful consideration of the subject both by consultation with experts and by visiting several places where similar pumps are at work, it was decided to award the contract to the Geo. F. Blake Manufacturing Company, they being the lowest bidders, to supply engine, boiler, etc.,—the engine being guaranteed to give a duty of fifty million foot-pounds to 100 pounds coal,—for the sum of \$6,985. This engine is in a state of forwardness, and is expected to be ready to be tested on or before the first of June, 1885. Proposals were also issued for the furnishing of some 800 tons of iron-pipe of different sizes, and on the 7th of October the contract was awarded to the Camden Iron Works of New Jersey, for the sum of $\$29\frac{42}{100}$ per ton for pipe, and $\$59\frac{36}{100}$ per ton for special castings, these being the lowest of the four bids received. This pipe is to be delivered in Brookline during the month of April next.

When the original report of the Water Board was made, it was the intention to lay the mains through Boylston, Cypress and Tappan Streets, Gardner Road, and across the estate of T. B. Griggs, to reach Summit Avenue on Corey Hill. But since then plans have been matured for laying out the estates on Fisher's Hill, and it seems desirable that the pipes should be carried over that locality on the way to Corey Hill rather than by the route first proposed, as the cost will be no greater, and the pipes thus laid will be available for supplying the large territory opened up by the building of streets, as shown by the plans, while by the Boylston and Cypress Streets route there is no call, as these streets are fully supplied with water by the mains already laid, and it is thought best to alter the original plan so far. In this way the pipes will, on leaving Boylston Street, pass through Fisher Avenue, and through several streets not yet built, coming out on Tappan Street, opposite a street lately built over the Aspinwall Land Company's estate, one branch passing up that street to supply the summit of Aspinwall Hill, and one branch through Tappan and Beacon Streets to Summit Avenue on Corey Hill.

It is expected that by the month of September the water works high service will be completed so far as to be able to

supply water at the highest points of Brookline, Aspinwall, and Corey Hills, and the Water Board will then make to the town a report in detail, as this may be considered the completion of the plant of the high service system, and any pipes laid thereafter will be considered as extension of the works.

OLIVER WHYTE,
FRANCIS HUNNEWELL,
W. J. GRIGGS,

Brookline Water Board.

BROOKLINE, Feb. 2, 1885.

SUPERINTENDENT'S REPORT.

To the Brookline Water Board:—

GENTLEMEN, — I have the honor to present herewith the annual report of the Superintendent for the year ending Jan. 31st, 1885.

EXTENSION OF STREET-MAINS.

The streets in which the water-mains have been laid the past year, with cost of each, is as follows:—

SIX-INCH MAINS.

- Sullivan Road, from Gardner Road, a distance of 1,190 feet. Total cost, \$1,148.17.
- Sewall Avenue, from pipe as before laid, to house occupied by A. S. Young, and from St. Paul Street to Kent Street, a distance of 1,462 feet. Total cost, \$1,547.20.
- St. Paul Street, from Sewall Avenue towards Beacon Street, a distance of 209 feet. Total cost, \$202.48.
- Kent Street, from junction Kent and Francis Streets southerly, a distance of 308.5 feet. Total cost, \$312.21.
- Irving Street, from High Street towards Pond Avenue, a distance of 185 feet. Total cost, \$230.10.
- Sewall Place, from Cypress Street, a distance of 188 feet. Total cost, \$312.06.

SERVICE-PIPE.

The number of service-pipes laid the past year was 57, costing \$711.20; making total number to date 1,191. Of these 1,147 are now in use, and 44 shut off.

Cement-lined wrought-iron pipe has been used for most of the services. It would seem from the experience in cities and towns where pipes protected in this manner have been in use for quite a number of years, and also from the condition at the present time of pipes of this kind laid in Brookline ten years ago, that there is no better way to protect wrought-iron pipes from rusting for use under ground than by lining them with cement. In order to insure the greatest success every joint should be carefully cemented when the pipe is laid. These pipes are lined at the water-works workshop, and therefore escape the liability of injury to the cement lining by rough handling during transportation.

RESERVOIR AND GROUNDS AROUND PUMPING STATION.

During the past season it has not been necessary to draw the water from the reservoir for the purpose of cleaning it. The water has been kept at high-water mark nearly all the time. The reservoir and all its connections appear to be in very good condition.

The usual amount of labor has been expended on the grounds around the pumping station in way of maintenance. No new work has been done.

FILTERING GALLERIES.

The filtering galleries have furnished all the water consumed by the town, and recourse to water filtered from the river has not been necessary.

A dam has been built across that arm of the swamp adjoining the easterly filtering gallery, and through a part of which the conduit connecting the two galleries is located, for the purpose of excluding the river water from this swamp, which is overflowed during high water. The brush and trees have been cut away and some of the low places filled up. The coming season the work of filling over this swamp should be continued.

HYDRANTS.

All the hydrants have been re-painted in the usual manner, and three valves renewed; this, with frequent inspections, has been the only outlay on them.

GATE-BOXES.

A large part of the wooden gate-boxes have now been replaced with the style of box spoken of in last report, and those yet remaining will be taken out as they show signs of decay.

LEAKS.

The number of leaks for the past year has been much smaller than for any other year since the works were built. Not counting two breaks in a two-inch main and two in service-pipes, caused by sewer excavation, the number is as follows:—

One in street-main, costing for repairs	\$2 57
One in service-pipe, costing for repairs	7 48
Total	<u>\$10 05</u>

CONSUMPTION.

The consumption of water for the past year shows an increase greater than what should be due to the additional fixtures, taking into consideration the wet season, and this greater consumption is traceable to leakage in water fixtures. So much work has come on the employees from the high service that not as much time as usual could be given to inspection of water fixtures.

HIGH SERVICE.

In regard to progress, etc., on high service, it would seem better to defer making a report till the work is completed, when a full account of this whole subject will be given.

I subjoin the following tables, the record of consumption, location of gates, hydrants, etc.

All of which is respectfully submitted.

F. F. FORBES, *Superintendent.*

LIST OF HYDRANTS.

Number set, as per last report, 169. The following have since been set in 1884:—

- One on Sullivan Road, about 1,200 feet from Gardner Road.
- One on Sewall Avenue, near house of A. S. Young.
- One on Sewall Avenue, near house of Gordon Plummer.
- One on Sewall Avenue, near house owned by Charles H. Stearns.

Total number to date, 173.

LIST OF STOP-GATES SET IN 1884.

- One 6-inch gate, corner Gardner Road and Sullivan Road.
- One 6-inch gate, corner Sewall Avenue and St. Paul Street.
- One 6-inch gate, corner Sewall Avenue and Kent Street.
- One 6-inch gate, corner Francis Street and Kent Street.
- One 6-inch gate, corner Sewall Place and Cypress Street.
- One 6-inch gate, corner High Street and Irving Street.

WATER-CART FEEDERS.

Number set, as per last report, 30. The following have since been set in 1884:—

- One on Clyde Street, opposite L. W. Hastings.
- One on Boylston Street, near entrance to H. M. Whitney's.
- One on Chestnut Street, opposite Cypress Street.
- One on Gardner Road, opposite Sullivan Road.
- One on Washington Street, corner Gardner Road.
- One on Alton Place, corner Harvard Street.

Total number to date, 36.

DRINKING-FOUNTAINS NOW SET.

- One in Harvard Square.
- One on Boylston Street, near Duffy's shop.
- One on Boylston Street, corner Chestnut Hill Avenue.
- One on Play Grounds, Cypress Street.
- One corner Aspinwall Avenue and St. Paul Street.

Total, 159,163 feet, or $30\frac{763}{230}$ miles.

ENGINEER'S REPORT.

PUMPING STATION, BROOKLINE WATER WORKS,
WEST ROXBURY, FEB. 5, 1885.

To the Brookline Water Board:—

GENTLEMEN,—I have the honor to present the report of the Engineer for the year ending February 1st, 1885.

Only the ordinary repairs have been made on the machinery during the year. Engine No. 1 has been in operation 4,046 hours, or 1,328 hours more than last year.

As the pumping time will probably increase every year, and as more time for making repairs on the engine will be required the longer it is kept running, I respectfully call the attention of the board to the fact that a duplicate engine will soon be needed.

One of the greatest authorities on pumping-engines says,—
“If we look at records it will appear that, for sundry practical reasons, no well appointed water works relies upon an engine for more than forty per cent of its capacity, a duplicate engine being needed before that point is reached.”

Engine No. 2 was not intended for a duplicate engine, but it can be made to do the duty of one by connecting a condenser to it. This condenser would answer for a new engine, should one be put in. The cost of condenser connected to engine would be about \$600.

I would also respectfully recommend that the injection water be taken from the river instead of taking it from the galleries. This would effect a saving of 75,000 gallons of gallery water per day during the summer months, when the supply is least, and can be done at a cost of \$150.

I am now putting the engines in thorough order, as the demand for water is least this month. The expense for repairs will probably not exceed \$125.

The boilers have been inspected and are in first-class condition. The fire-brick lining of furnace No. 1 has been repaired. Furnace No. 2 needs relining. The screens in screen-chamber are worn out and require renewal.

Cumberland coal has been used during the past year. It has given nearly as good results as Anthracite.

The duty of the engines is about the same, while the cost of pumping is somewhat less than last year.

The following tables show the pumping expenses, engine record, etc.

Respectfully submitted.

RICHARD J. FLINN, *Engineer*.

PUMPING EXPENSES.

Salaries, supplies, etc	\$2,583 37
10 tons coal at \$6.60	66 00
15 tons coal at \$6.50	97 50
358 $\frac{2032}{2200}$ tons coal at \$5.48	1,966 90
Total	<u>\$4,713 77</u>

Cost of pumping one million gallons to reservoir :—

1883	\$23 12
1884	22 28

PARK COMMISSIONERS.

ORGANIZATION, 1884-5.

HENRY M. WHITNEY Term expires 1885.
CHARLES S. SARGENT Term expires 1886.
FRANCIS W. LAWRENCE Term expires 1887.

FRANCIS W. LAWRENCE, *Chairman*.
CHARLES D. LINCOLN, *Clerk*.

REPORT OF THE PARK COMMISSIONERS.

The Park Commissioners herewith present their fifth annual report.

In March, 1884, the Hon. Theodore Lyman resigned the office of Park Commissioner, owing to his necessary absence in Washington, and in April Mr. Henry M. Whitney was elected to fill the vacancy.

During the past year we have purchased for the "Riverdale Park" 833,810 square feet of land, at a cost of \$13,056.72, making the total amount of park lands, now owned by the town, 1,035,533 square feet, the total cost of which has been \$17,833.87.

There still remain to be bought, or taken under the statutes, about 142,500 feet. 50,000 feet of this lies on Brookline Avenue, and is divided among some fourteen small estates, which are held at prices which make their purchase improbable, although we are still negotiating for some of them. Of the remainder, 45,000 feet belong to the city of Boston, and will probably cost us nothing.

We are of the opinion that we have acquired nearly, if not all, the land which can be had at private sale, and that the remainder must be taken under the Park Act. We are therefore ready to commence the preliminary work of construction whenever the Boston Park Commissioners are in a position to co-operate with us, but it is impossible for us to say at present when that time will come.

The details of our expenditures will be found under the heads of "Public Park Loan," and "Muddy River Improvement," in the Treasurer's report.

We ask for an appropriation of \$1000, for current expenses for the coming year.

Respectfully submitted.

FRANCIS W. LAWRENCE,

CHARLES S. SARGENT,

HENRY M. WHITNEY,

Park Commissioners.

TRUSTEES OF WALNUT HILLS CEMETERY.

ORGANIZATION, 1884-5.

LEONARD K. STORRS	Term expires 1885.
DESMOND FITZGERALD	Term expires 1885.
CHARLES H. STEARNS	Term expires 1886.
CHARLES S. SARGENT	Term expires 1887.

ALFRED D. CHANDLER, *Chairman ex-officio.*

BENJ. F. BAKER, *Clerk.*

REPORT OF TRUSTEES OF WALNUT HILLS CEMETERY.

The Trustees of Walnut Hills Cemetery herewith present their annual report for the year ending January 31, 1885.

During the past year fifteen burial-lots have been trenched and graded, and one hundred and fifty-nine feet of avenues have been made, opening up a desirable part of the grounds. In addition to these improvements, the grounds have been kept in good order, and the lots and graves have received attention and care in accordance with the conditions on which they are sold and purchased. Twelve burial-lots and five single graves have been sold the past year.

The work of improvement is shown in detail by the following table :—

Whole number of lots trenched and graded	170
“ “ “ sold	112
“ “ single grave-lots trenched and graded	69
“ “ “ “ sold	56
Total number of interments	258
“ “ “ past year	40
“ “ “ in single graves	5
“ “ “ in private lots	33
“ “ “ in public lot	2
“ removals from other cemeteries	17
“ deposits in receiving-tomb	4

A number of monuments and headstones have been erected. The general expenses, including improvement and care of grounds, have been as follows :—

DR.

To cash balance in treasury from last year	\$442 81	
for interments	118 00	
for deposits in receiving-tomb	30 00	
for foundations for monuments	18 00	
from sale of wood	40 00	
from sale of trees	9 00	
from sale of posts	4 80	
from sale of grass	12 00	
for care of flowers	3 50	
from interest	8 84	
from sale of lots and graves	1,731 00	
	<u> </u>	\$2,417 95

By cash paid for labor and materials in care of lots	324 75	
Balance in treasury	<u>400 50</u>	

The Trustees desire to urge upon any persons who may contemplate purchasing burial lots or graves to examine these grounds, because they feel assured that those who have not already done so will be very agreeably surprised to find so beautiful a cemetery in the town.

By the resignation of Hon. Theodore Lyman the Board of Trustees lost a valuable member, who had been on the Board since its organization ; and by the resignation of Mr. Walter C. Cabot and the death of Mr. Willard A. Humphrey, two other members have been lost who had been on the Board for a number of years.

The interest shown by these gentlemen in the development and improvement of the grounds has contributed largely to their success.

REPORT OF THE SUPERINTENDENT OF STREETS.

OFFICE OF THE SUPERINTENDENT OF STREETS,
TOWN HALL, BROOKLINE, Feb. 2, 1885.

To the Honorable Board of Selectmen:—

GENTLEMEN, — I respectfully submit my ninth annual report of the work done, and the expense incurred in the Highway department, for the year ending January 31st, 1885.

The amount appropriated at the annual meeting for the support of highways, including removing snow from sidewalks, was \$20,000. There was received for sundry work done for private parties, the sum of \$59.38. The amount expended was \$20,060.63. The details of this expenditure are as follows:—

Aspinwall Avenue: slopes filled out with material from School Street Brook Sewer	\$55 56
Avon Street: gravelled and repaired	106 24
Beacon Street: gravelled and repaired	917 36
Boylston Street: repaired in sundry places; macadamized from Chestnut Hill Avenue to Walnut Street	1,545 55
Carlton Street: gravelled	96 68
Chestnut Hill Avenue: drain built at Dr. Channing's driveway	29 20
Cleaning gutters, streets, and sidewalks	2,183 61
Cleaning street-crossings	194 78
Coal and other supplies for crushers, including repairs on old crusher	255 53
Cottage Street: repairing walls; building and repairing culverts	122 10
Crossings: labor and materials for new crossings; repairing old crossings	360 27
Crushing stone, not elsewhere charged	422 74
Crusher: cash paid for new stone-crusher	725 00
Cutting grass and weeds, etc.	151 66
Cypress Street: repaired in sundry places	118 74
<i>Amount carried forward</i>	<i>\$7,285 12</i>

<i>Amount brought forward</i>	\$7,285 12
Dudley Street: gravelled in part and repaired	64 72
Essex Street: gravelled	48 01
Fencing: new fences built and old fences repaired.	302 73
Francis Street: gutter paved and sundry repairs	70 87
Gardner Road: stone-bounds set	79 82
Goddard Avenue: new culvert built; gravelled in part, and sundry repairs	468 39
Gravel: cash paid for gravel and stone	625 42
Grove Street: repaired	21 12
Guide-posts and "Private Way" signs	98 76
Harvard Street: gravelled in part and repaired	498 31
Heath Street: new catch-basin and drain at Heath Place; sun- dry repairs	141 61
High Street: gravelled in part, and slopes filled out with ma- terial from School Street Brook Sewer	85 32
Horses and stable: care and maintenance	2,562 22
Cash paid for new horse	275 00
Ice: picking and removing ice from streets and gutters	346 13
Ivy Street: gravelled	72 37
Longwood avenue: graded and put in order after horse rail- road track was built	425 67
Loose stones picked off	46 81
Marion Street: gravelled in part	74 18
Miscellaneous work not included in other streets	428 65
Mountfort Street: gravelled	20 37
Newton Street: gravelled and repaired	475 25
Pond Avenue: wash-outs filled, etc	20 12
Pound Lane: macadamized and gravelled	243 37
Prescott Street: gravelled and repaired	78 94
Preparing material in gravel-pits, not elsewhere charged . . .	374 46
Pruning trees	51 55
Repairing sundry streets, not elsewhere charged	484 39
Repaving gutters in sundry places	193 18
School Street: repaired	30 25
Sewall Avenue: street and sidewalks gravelled	106 45
Snow: removing snow from sidewalks, etc	1,473 84
Sundry work in winter: sanding sidewalks, opening gutters, etc.	539 90
Summit Avenue: gravelled	164 75
Tools: repairs and sharpening: new tools, etc	328 38
Walnut Street: gutters repaved and macadamized in part . . .	133 12
Warren Street: new catch-basin and drain built, and sundry labor at corner of Clyde Street; walls built, culvert ex- tended, and street widened near Dudley Street; sundry other repairs	281 73
Washington Street: macadamized on the bridge, in the village, and near Gardner Road; patched with stone, and sundry other repairs	920 34
Water pipe, gas-pipe and sewer trenches repaired	119 01
Total amount expended	\$20,060 63

Linden Place, Harvard Avenue, Aspinwall Avenue, and Harvard Street, in which sewers were built by contract, were put in order after the sewers were completed, and the cost was charged to the appropriations for building the sewers. The earth remaining in the public streets after the completion of the School Street brook sewer was used for highway purposes, and the cost of its removal was charged to the highway department.

The sewers in Boylston Street and Carlton Street were built by this department, under the direction of Mr. A. H. French as engineer, and the cost was charged to sewer assessments.

In May last a 10 x 7 Blake Improved Challenge Crusher was bought, after a satisfactory trial, for the sum of \$725. As this machine weighs only four tons, and can be easily moved from place to place, it is now possible to make most of the repairs with broken stone. Our experience with gravel during the past year, more especially in the Longwood district, has very conclusively shown the folly of trying any longer to keep up such travelled streets, as most of ours are, with gravel alone. The greatest difficulty is to get a sufficient supply of suitable stone for the northerly and easterly sections of the town.

Just before the hearing on the petition of the Metropolitan Horse Railroad Company for a location of their tracks on Longwood Avenue, the planking on the bridge over Muddy River was found to be dangerously rotten in many places. There was only a single course of planking, and the risk of accident was so great, that after consultation with the Boston authorities, it was decided to replank the bridge, using two courses of 3-inch plank. Heavy tarred paper was placed over the stringers, and between the courses of planks, and it is thought that no further repairs will be needed until the making of Riverdale Park renders a new bridge necessary. The fences leading to the bridge were rebuilt, and the steps on the north side repaired, the whole expense, amounting to \$626.91, being charged to contingencies.

The fences in many parts of the town are in poor condition, and must be rebuilt during the coming season. I desire,

also, to call your attention to the great need of extending the paved gutters on such streets as Goddard Avenue, Gardner Road, and other places where there is a large quantity of surface water, and no way to dispose of it.

There are now ten horses in the stable, mostly in good condition; one is quite old, and was kept last season for light work, instead of being traded off, as has usually been the case when a new horse has been bought. One horse is needed almost all the time in the work of cleaning catch-basins, and the time of more than one horse is taken up in collecting ashes, so that we have less than eight horses with which to do the work of the Highway department, and such other work as we are called on to do.

NEW STREETS.

Sewall Avenue, from St. Paul Street to Charles Street, accepted as a public way at the annual meeting, was put in order at an expense of \$106.45, which was charged to Highways.

Charles Street, from Sewall Avenue to Beacon Street, accepted as a public way at the annual meeting, has had nothing done to it.

STREET CROSSINGS.

Such repairs as were necessary were made on the street crossings, and new crossings of North River stone were laid in the following places: Kent Street, at Francis Street; Essex Street, at Cottage Farm Railroad Station; Chestnut Hill Avenue, at Fisher Avenue; Heath Street, at Pound Lane; Heath Street, at Heath school-house.

WATERING STREETS.

After advertising for proposals, the contract for watering streets was awarded to the same parties who had done the work for the last few years, Messrs. James McBurney, Philip S. Allen, James Driscoll, and Francis Mealey, and later in the season Mr. Patrick Byrnes was employed. The streets sprinkled were as follows:—

By James McBurney: St. Paul Street, from Brighton Avenue to Browne Street, and from Sewall Avenue to Francis Street: Browne Street, from

St. Paul to Pleasant Street; Pleasant Street, from Harvard to Freeman Street; Harvard Street, from Beacon Street to the town line; Beacon Street, from Harvard to Kent Street; Kent Street; Colchester Street, from Kent to Hawes Street; Longwood Avenue, Sewall Avenue, and Charles Street.

By Philip S. Allen: Harvard Street, from School Street to Beacon Street; Aspinwall Avenue, from Harvard Street to beyond Mr. Tous-saint's house; Toxteth Street, from Aspinwall Avenue to Francis Street; Perry Street; St. Paul Street, from Aspinwall Avenue to Francis Street; Francis Street; Alton Street; Harvard Avenue; Vernon Street; Marion Street; Park Street; Winchester Street, as far as the coach stable; Beacon Street, from Harvard Street to rear of Mr. S. A. Robinson's house.

By James Driscoll: Washington Street, from School Street to Brighton line; Beacon Street, from rear of Mr. S. A. Robinson's house westerly to town line; Englewood Avenue; Tappan Street; Gardner Road; Gorham Avenue; Davis Avenue, from Gorham Avenue to Cypress Street; Cypress Street, from Davis Avenue to Chestnut Street; Chestnut Street, from Cypress Street to town line; Boylston Street, from Kerrigan Place to top of Bradley's Hill; Walnut Street, from Cypress Street to Irving Street; Irving Street, from Walnut Street to High Street, on both sides of church; High Street, from Chestnut Street to Irving Street; Edge Hill Road; Morss Avenue; Juniper Street; Flora Street; Walter Avenue; Brookline Avenue; Pearl Street, from Brookline Avenue to Emerald Street.

By Francis Mealey: Boylston Street, from top of Bradley's Hill to westerly line of estate of Henry Lee; Walnut Street, from Cypress Street to Boylston Street; Chestnut Street, from Walnut Street to Chestnut Place; Warren Street; Dudley Street; Clyde Street, from Warren Street to near the old entrance to Clyde Park.

By Patrick Byrnes: Chestnut Hill Avenue; Boylston Street, from westerly line of estate of Henry Lee to Pound Lane; Heath Street, from Boylston Street to near entrance to William Taffe's.

Three double teams of the fire department sprinkled the following routes:—

Steamer team: Harvard Square, the Bridge and approaches to the Railroad Station; Washington Street from the bridge to Tremont Street, (B. H.); Pearl Street, from Washington to Emerald Street; Emerald Street; Boylston Street, from Washington Street to Kerrigan Place; Walnut Street, from Washington to Irving Street; High Street, from Irving to Washington Street.

Hook and Ladder team: Harvard Street, from Harvard Square to School Street; Pierce Street; Holden Street; Prospect Street; School Street; Washington Street, from Davis Avenue to Cypress Street; Cypress Street, from Washington Street to Davis Avenue; Davis Avenue, from Cypress Street to Harvard Square; Thayer Street.

Chemical Engine team, Longwood: Beacon Street, from Kent Street to Boston line; Colchester Street, from Hawes to Carlton Street; Carlton Street; Monmouth Street and Court; St. Mary's Street; Ivy Street; Prescott Street; Mountfort Street, from Prescott to Essex Street; Essex Street.

To sprinkle the above mentioned streets for six months, at present rates, will require an appropriation of \$8,000. This will allow nothing to be expended in the first half of the month of April, and allows only \$400 with which to sprinkle after the 15th of October, and to put in additional hydrants, make repairs, etc.

SIDEWALKS.

The amount appropriated at the annual meeting for sidewalks was \$4,000. An additional appropriation of \$1,500 was made at the special meeting held June 4, 1884. It was all expended in the following manner:—

Edgestones were reset in many places, and new edgestones were set on —

Kent Street	233 feet.
Francis Street	355 "
Walter Avenue	676 $\frac{4}{12}$ "
Morss Avenue	238 $\frac{3}{12}$ "
Sundry places in short pieces	68 "
Total	1,571 "

New concrete walks were laid on—

Francis Street	270 sq. yds.
St. Paul Street	180 "
Aspinwall Avenue	208 "
Harvard Street	15 "
Summit Avenue	12 "
Kent Street	175 "
Walter Avenue	107 "
Boylston Street	16 "
Total	983 "

The concrete walks were skim-coated on—

Francis Street	64 sq. yds.
St. Paul Street	27 "
Longwood Avenue	81 "
Total	172 "

Repairs not included above were made on the concrete walks in many places.

New plank walks were laid on—

Gardner Road,	40'' wide	1,975 feet.
Beacon Street,	40'' "	273 "
Heath Street,	20'' "	2,770 "
Warren Street,	40'' "	2,274 "
Warren Street,	30'' "	323 "
Goddard Avenue,	30'' "	1,477 "
Goddard Avenue,	20'' "	1,045 "
Clyde Street,	30'' "	1,100 "
Sewall Street,	40'' "	350 "
Harvard Street,	40'' "	1,567 "
St. Paul Street,	40'' "	805 "
Monmouth Street,	20'' "	150 "
Ivy Street,	20'' "	200 "
Pound Lane	20'' "	1,085 "
Total		15,394 "

The expenditure for sidewalks was as follows :—

Repairing plank-walks	\$ 858 62
New plank-walks	2,409 15
Edgestones, etc	1,136 95
New concrete-walks	521 97
Repairing concrete-walks	75 26
Repaving brick-walks	42 05
Gravel-walks and sundry labor	456 00
Total	\$5,500 00

The price paid for plank-walks during the past year was 15 cents per linear foot, or $41\frac{1}{4}$ cents per square yard; the cost of concrete-walks was 65 cents per square yard. After two or three years' service, the plank-walks require constant mending to keep them in proper condition for public travel, while the concrete-walks last from nine to twelve years without repairs, and can then be put in good order for a similar term of service for 35 cents per square yard. The plank-walks are useful in the long stretches of unimproved territory in many parts of the town, but I submit that in crowded localities like the Kimball farm, and on streets like Boylston Street, where there is little danger of the walks being destroyed by building operations, the concrete-walks are better, cheaper, and safer.

CARE OF SEWERS.

The main sewer in Washington Street, Brookline Avenue, and across the Play-ground to the foot of Brook Street, was

cleaned, as was also the Brook Street sewer from Aspinwall Avenue to its junction with the main sewer. The village sewer was cleaned, from where the work was suspended last year, to the opening in the yard of the Brookline Gas-Light Company. Three hundred and fifty-seven cubic yards of material, dredged from the bed of the Charles River, were placed on the pile structure at the end of the main sewer, and the usual work of cleaning out the catch-basins, drains, etc., was done. The number of sewers and catch-basins has so increased in the last few years, that the usual appropriation of \$1,500, is no longer sufficient to take proper care of them. The smaller sewers should be examined at regular intervals, and those which are not flushed by rain storms through the catch-basins, should be flushed by means of the hydrants. Many of the catch-basins nearly fill with street wash after one or two heavy showers in the dry season, and to keep them in good working condition, they should be promptly cleaned out. Some years ago, when there was much less work to be done, the town appropriated \$2,500 to \$3,000 yearly for the care of sewers, and I am sure that to keep them as they should be kept, will require at the very least \$2,500.

The amount expended was as follows :—

Main Sewer	\$179 86
Brook Street Sewer	31 50
Village Sewer	86 63
Catch-basins, etc.	1,119 73
Drain Pipe, Castings, etc.	279 71
Total	<hr/> \$1,697 43

CARE OF PUBLIC GROUNDS, AND SUNDRIES.

The usual work on the public lots, and around the public buildings, was done at a cost of \$314.38, which amount was charged to contingencies. The fence around the Cypress Street play-ground was removed, and the appearance of the lot was thereby much improved. Some grading is necessary on this lot, especially along the line of the fence, and stationary seats should be provided to replace the settees bought some years ago, which are now in poor condition.

The Holden Street side of the Pierce Primary school yard was concreted as far as the appropriation (\$200) made for that purpose allowed.

The space between the sidewalk on Walter Avenue and the Lincoln school building was concreted, and the cost, \$89.85, charged to contingencies. The grounds around the building have been filled with ashes and street cleanings, and can now be put in good order at a very small outlay.

A good cellar, with cart-way, was built under Almshouse stable, at a cost of \$216.68. The tank at the Bath-house was cleaned out at a cost of \$70.75. Sundry other work was done for the various departments of the town, and the cost was charged to the proper accounts.

COLLECTING ASHES.

The cost of collecting ashes and dry dirt weekly throughout the town was \$1,300.84, exclusive of the value of the labor of the horses employed, which were kept at the expense of the Highway department. We are at present collecting more than one hundred loads a week, most of which, to save hauling, is given to individuals owning low lands near where it is collected.

The customary schedule of property belonging to the department is on file in this office.

Respectfully submitted.

MICHAEL DRISCOLL,

Superintendent of Streets.

REPORT ON SEWER CONSTRUCTION.

To the Honorable Board of Selectmen of Brookline:

GENTLEMEN:— I beg leave to submit the following report on the sewer construction of the past year.

The details of location, length, cost, etc., of sewers built are given in the table appended.

The practice inaugurated several years since of the town furnishing material for construction has been continued with satisfactory results as to price and quality. The labor, excepting that on the sewers in Boylston Street and Carlton Street, which was done under the direction of the Superintendent of Streets, has been done by contract after duly advertising the same as the by-laws require.

The sewers in Linden Place and Harvard Avenue were built by Johnson Brothers, of Brookline; the School Street brook sewer by Henry H. Pike, of Cambridge.

All the lateral sewers built have been laid in accordance with the plan for the drainage of the town designed by Messrs. Shedd and Sawyer. In the construction of the School Street brook sewer, however, their plan has been departed from, in that it called for the trunk sewer for that part of the town being located in School Street and Washington Street. The placing of this sewer on the line of the brook, from fifty to two hundred feet north of its intended location, will not impair the character or efficiency of the drainage system.

A thirty-eight-inch by fifty-seven-inch branch was built into the new brook sewer in the rear of the church lot owned by Mr. James H. Beals, so that by crossing the intervening private land it will furnish an outlet for the sewer of that size which is to be built in Cypress Street. Provision was made for connecting with the new sewer at Park Street the twenty-six-inch by thirty-nine-inch sewer, which is to be laid in Washington Street, from Park Street to Beacon Street.

In order to prevent the too free circulation of sewer air at the end of the sewer at the westerly side of Park Street, a trap, with a water-seal of six inches, was constructed, and at the same time the end of the sewer was so built that it is capable of being extended without any excavation being made in Park Street, and without any change in the existing work which will involve more than a very small cost.

A ten-inch stone-ware pipe, jointed with oakum, which will admit water, but exclude sand and gravel, was laid beneath the sewer for the purpose of disposing of the ground-water during construction, and for the under-drainage of the adjoining land, as a permanent arrangement. At several points it was connected with the invert of the sewer. It has had a very marked effect in lowering the level of the ground-water, as shown in the removal of water from wells, one of which was 250 feet distant from the sewer. The effect of thus lowering the ground-water must, of necessity, improve the healthfulness of the thickly settled area on School and Harvard Streets if the house-connections are properly made.

In my judgment the balance unexpended of the appropriation for the brook sewer should be reappropriated to cover the cost of land damage, grading and fencing. The lateness of the season, when the sewer was completed, prevented the work of grading and fencing being finished.

A carefully prepared blank sewer contract and specification has been printed in order to facilitate the letting and execution of future sewer construction.

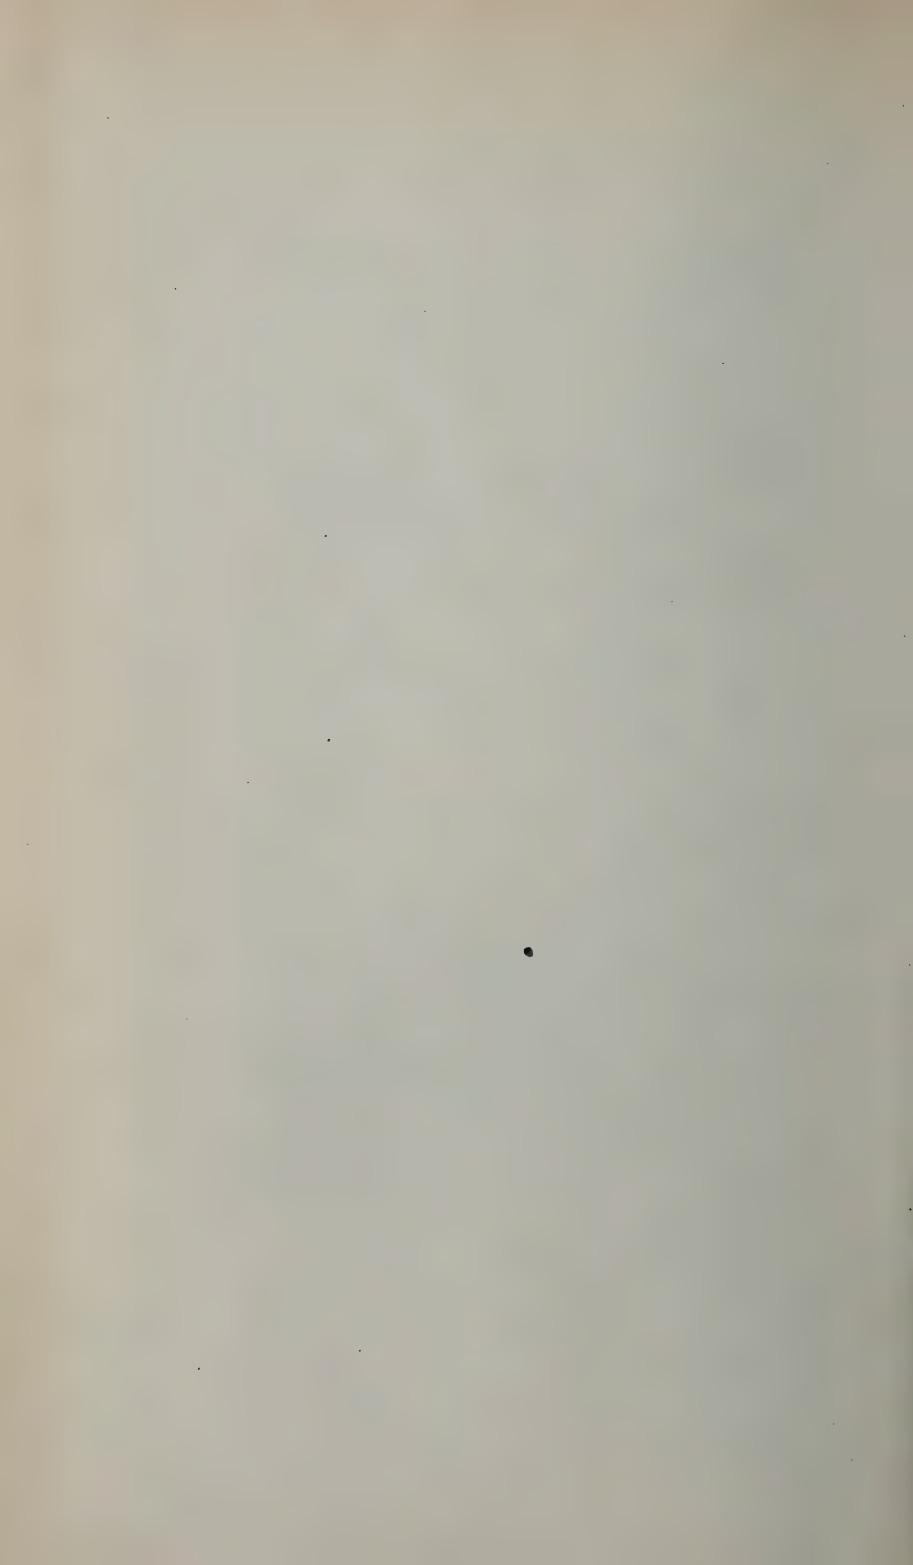

Respectfully,

ALEXIS H. FRENCH, *C. E.*

BROOKLINE, February, 1885.

REPORT OF THE CHIEF OF POLICE.

OFFICE OF CHIEF OF POLICE,

BROOKLINE, Jan. 31, 1875.

To the Selectmen: —

GENTLEMEN, — I have the honor to submit my ninth annual report of the Police Department, for the year ending Jan. 31st, 1885.

The organization of the Department remains the same as last year.

SOME OF OUR WORK FOR THE YEAR.

Number of persons arrested, 395.

Males	356	Non-Residents	205
Females	39	Of American birth	230
Minors	110	Of Foreign Birth	165
Residents of Brookline	190		

CAUSES FOR ARREST.

Assault	31
Contempt of Court	1
Disorderly conduct	26
Disturbance of the peace	26
Defaulter	1
Drunkenness (simple)	132
Drunkenness (common)	3
Drunkenness (2d offence)	14
Drunkenness (3d offence)	8
Cruelty to animals	2
Embezzlement	2
Evading railway fares	5
False pretenses	1
Insane persons committed to asylums	4
Robbery, highway	1
Larceny	24
Malicious mischief	10
Non-support of minor children	2
Profanity	3
Stubborn child	1
Stealing a ride	2
Tramps	2

Trespass	20
Truancy	4
Vagrancy	19
Violation of Town by-laws	17
Violation of by-laws of Board of Health	4
Violation of liquor laws	19
Violation of Sunday law	3
Violation of bird law	2
Arrested for police of other places	6

Number committed for non-payment of fines and costs	61
Number committed by sentence	28
Number of residents of Brookline arrested for drunkenness	52
Number of persons arrested for drunkenness, and released on becoming sober	25
Amount of fees earned and paid to the Town Treasurer	\$1,369 42
For expenditures of Police Department, see Treasurer's Report.	

The number of persons applying at this station for lodging the past year has been 848. Males, 808; females, 40. Number in 1883, 741. Number in 1882, 399.

NATIVITY OF PERSONS LODGED.

MISCELLANEOUS WORK.

Accidents reported and assistance rendered	24
Alarms reported	13
Amount of stolen property reported	\$1,325 00
Amount of stolen property recovered	\$831 00
Amount of property taken from persons arrested and returned to them, as per receipts on file	\$1,494 55
Buildings found open at night and the owners notified	35
Cases and complaints investigated	209
Disturbances suppressed without arrest	35
Defects in streets and sidewalks reported	177
Defective hydrants and leaks in street water-pipes	18
Water running to waste reported	17
Gas leaks reported	9
Fires extinguished without alarm	4
Number of stray animals running at large and taken care of	30
Number of sick and disabled persons cared for	27
Number of lost children found and cared for	15
Number of lost teams recovered or cared for	13
Number of nuisances reported	32
Number of dead animals reported to proper authorities for burial	27

Number of dangerous places on streets and sidewalks on which lanterns were placed at night	53
Number of orders sent to contractors for cleaning vaults and cesspools	153
Number of grease licenses endorsed, and teams inspected monthly	18
Number of sewer permits taken up	31
Number of Town Reports and documents distributed	15,000
Number of street-lamps reported unlighted	442
Gas	363
Kerosene oil	79
Number of furnished houses reported temporarily vacant, and especial police protection asked for	95
Number of officers off duty reported at the station on alarms of fire	58
Number of street-lamps reported broken	156
Number of runaway-teams caught by officers	17
Number of officers detailed, by request of citizens, for private parties	73
Number for public occasions	26
Number of complaints of dangerous dogs	10
Number of complaints of dangerous buildings	4
Number of telegraph wires reported down	7
Number of stray cattle cared for, and reported to owners	25
Number of dogs reported at the station as lost or stolen	52
Number of dogs found, and owners notified	37

Our records show some fifty disturbances suppressed by officers without arrests. These are mainly quarrels of a domestic nature, or between different persons and families in tenement houses.

There is a notable decrease in the number of arrests from last year. In many instances persons have been brought to the station charged with comparatively light offenses, the law or by-law has been read to them, a reprimand administered, with the assurance that if repeated, prosecution would follow, and they have been allowed, with the approval of the arresting officer, to go without prosecution, generally with good result. Nineteen prosecutions have been made for illegal sales of intoxicating liquors. - Twenty-nine search warrants have been issued by the Court. Two hundred and fifty-three gallons of various kinds of liquors have been seized, condemned and disposed of according to law. A large proportion of the number arrested for drunkenness have been non-residents.

There has been a largely increased demand for police service from the south part of the town, Newton and Clyde Streets and vicinity, the past year. The services of the mounted officers have been valuable in that part of the town the past summer and autumn. Two good saddle horses are constantly employed in this department.

Two dwelling houses only have been burglarized the past year. No other crimes of a serious nature have been committed. Our aim has been by constant vigilance to prevent crime. During some eight months in the year we have to contend against the great overflow of the disorderly element from the large city which nearly surrounds us, — a great annoyance to our citizens. The recent extension of horse-railroad accommodations will not tend to decrease this annoyance, but will add to the duties of the police.

The officers have done a great amount of extra work the past year, especially on Sundays. The work and discipline of the force has been very good ; the officers have responded promptly to all calls of duty, and in a manner and spirit worthy of praise.

With thanks to the Board of Selectmen and to the Committee on Police,

Respectfully submitted.

ALONZO BOWMAN, *Chief of Police.*

REPORT OF THE PROBATION OFFICER.

BROOKLINE, January 31, 1885.

To the Board of Selectmen:—

GENTLEMEN,—I have the honor to submit my fifth annual report.

The whole number taken on probation, for the year ending January 31st, 1885, was forty-three; thirty-nine males and four females. Nineteen were under seventeen years of age. They were arrested for the following offences:—

Drunkenness	10	Vagrancy	4
Disturbance of the peace	11	Breaking and entering	1
Malicious mischief	6	Larceny	3
Violation of bird-law	1	Trespass	5
Railing and brawling	1	Assault	1

The result of the above cases was as follows: Twenty-seven were discharged, having complied with the terms of their probation; six were surrendered for violation of the terms, and ten are now on probation.

Respectfully submitted.

GEORGE F. DEARBORN,

Probation Officer.

REPORT OF THE INSPECTOR OF MILK.

BROOKLINE, Jan. 31, 1885.

To the Selectmen : —

GENTLEMEN, — The following persons have been licensed to sell milk in Brookline the past year, — fifty in all.

Herbert E. Jones, Waltham.	J. F. Schworer, Newton.
J. & R. English, West Roxbury.	Peirce & Richards, Brookline.
Hugh Bennigan, Brookline.	James Lynch, “
E. W. Packard, “	Margaret Roach, “
Wm. Wyman, Waltham.	Jacob Morlock, “
Peter Cleary, Boston:	Thomas H. Dyer & Co. “
Daniel Gaffy, Brookline.	Nelson Bros. “
Herbert S. Wilson, Dover.	Margaret Hurley, “
Barney McDonald, Brookline.	E. W. White, “
John Garrity, Brookline.	Head & Willis, “
John W. Stearns, Waltham.	Eben W. Reed, “
Munhall & Cater, Somerville.	Hugh Murray, “
Reed Bros., Brookline.	Edward Holleran, “
Henry C. Mills, Medway.	Johanna Conway, “
Andrew White, Brookline.	Margaret Donovan, “
James McElvery, Brighton Dist.	Wm. J. Griggs, “
James Love, Brookline.	Wm. Finney, “
John Kane, Highlandville.	C. A. McDonald, “
Mrs. B. Maloney, Brookline.	David B. Merrill, “
Miss Julia Hayes, “	Daniel H. Rogers, “
Wm. Kenny, Brighton District.	James Shillady, “
Frank A. Dow, Brookline.	John Smith, “
Thos. T. Robinson, “	Geo. Kormatis, Jamaica Plain.
Alex. McCullough, “	P. Edwards & Co., Chapel Station.
Michael Mealy, “	James McIntosh, Needham.

The quality of milk sold in Brookline, so far as my knowledge extends, is good. All tests for gravity have been quite satisfactory, and no complaints of poor quality of milk have been made at this office.

Respectfully submitted.

ALONZO BOWMAN,

Inspector of Milk.

REPORT OF THE FIRE ENGINEERS.

ENGINEERS' OFFICE,

BROOKLINE, Feb. 2, 1885.

To the Honorable Board of Selectmen:—

GENTLEMEN, — As required by the provisions of the Fire Ordinance, we respectfully submit our annual report for the year ending Jan. 31, 1885, — showing the condition of the department, a record of all fires and alarms that have occurred, with the loss and insurance recovered upon the same, the number of officers and members in the department, the number of hydrants and reservoirs, and other information of interest to your honorable body and the citizens generally.

During the year there have been fifteen alarms of fire, twelve of which have been for fires in town, and three for fires out of town. The loss upon buildings and contents was three thousand eight hundred and thirty (\$3,830) dollars, that amount being recovered by insurance. A detailed statement of fires and alarms is appended.

The department now consists of forty-eight officers and members, as follows: One Chief Engineer and two Assistant Engineers; two hose companies of eleven men each; one hook and ladder company of fifteen men; one chemical-engine company of three men; one engine-man and assistant engine-man for steam fire-engine; also, five drivers, permanently employed.

APPARATUS.

Hose Carriage No. 1 is in good condition, but being too heavy for one horse to draw when loaded, the Board of Engineers would recommend the purchase of a hose-wagon to take its place.

Hose Carriage No 2, and Hook and Ladder No. 1, have been in service nine years, and are still in good condition, with the exception of paint and varnish.

The Chemical Engine is in good condition, and with a few slight repairs will last the town for years.

BUILDINGS.

The house at corner of High and Washington Streets, occupied by Hose 1 and Steam Fire Engine, and the house on Washington Street, occupied by Hose 2 and Hook and Ladder 1, are in fair condition, and with oiling and painting and some repairs in stables, will need no general repairs for some time to come.

CHEMICAL ENGINE HOUSE.

The building now used as a house for the Chemical Engine at Longwood is considered unsafe and dangerous, and the Engineers would recommend that immediate steps be taken to procure a more suitable place for this valuable property. Two years ago, when the town voted to purchase a chemical engine, and have it located at Longwood, the very important question of finding a suitable building was then discussed; but through the kindness of Dr. William R. Lawrence, the town was allowed the free use of the rooms adjoining the club stables, previously occupied by the Lawrence Hose Company. This building was fitted up at a small expense, and by continual repairs was made to answer all requirements until the present time, when it has become wholly unfit for use.

After giving close attention to the matter of providing better accommodations for the department in Longwood, there are two proposals we desire to present to the town.

The first is, that the town procure a suitable lot of land in the vicinity of the present location, and erect thereon such a building as may be required for all future wants by the Fire Department in that portion of the town. We find that the expense of such a lot of land, with the buildings, would be about thirteen thousand dollars.

The second proposition is, that the town lease, for a term of years, one-half of the so-called club stable building, in Longwood, which is of brick, and have it fitted up to answer the present requirements, such as a stable room for horses, suitable room for the apparatus, and a tenement for the

driver. This fitting up could be done at an expense of about twenty-five hundred dollars (\$2,500). The tenement, of which the town would have control, could be rented to pay about six per cent on the investment.

While the second proposition would supply the wants of the department in Longwood for some time, we think it would be for the best interest of the town to adopt the first plan, namely: The purchase of a suitable lot of land and the erection of a building for an engine house with a tenement for the driver connected, and we therefor recommend that the first proposition be accepted by the town.

HORSES.

There are in the department at present eight horses, six of these also being used in summer in watering the streets of the same three districts as last year.

HOSE.

We have at present 3950 feet of cotton hose, in good condition, and 450 feet in fair condition to be used only under light pressure.

HYDRANTS.

With the addition of four new hydrants during the past year, we now have one hundred and eighty hydrants and nine reservoirs, all of which are in good condition as far as known.

FIRE-ALARM TELEGRAPH.

We feel again compelled to call your attention to the very unsatisfactory method of giving fire-alarms, and the delay consequent upon the same. In our judgment the time must soon come when a telegraphic fire-alarm must be substituted for the present clumsy method, and we ask the earnest attention of your honorable board and the citizens in general to this matter.

APPROPRIATIONS.

The Engineers would recommend that the following amount be appropriated for the current expenses of the fire department, watering three districts, and care of two horses, viz: Ten thousand dollars; also for new hose wagon, four hundred dollars.

In conclusion, we take this opportunity of thanking the Chief of Police and the men under his charge for maintaining order at fires ; also, to the Committee on Fire Department our thanks are due for their support in our efforts to make the Fire Department efficient, and last but not least, to the officers and members of the several companies in the department, for the prompt, able and willing manner with which they have responded to all alarms of fire.

Respectfully submitted.

G. H. JOHNSON,

J. H. ALLEN,

J. F. HUTCHINS,

Board of Engineers.

FIRES AND ALARMS, FROM FEB. 1, 1884, TO FEB. 1, 1885.

March 1, 1884. Alarm for a fire at Binney Street, Boston.

March 8. Slight fire in house on Pearl Street, owned by John Kelly, and occupied by J. Sweeny. Damage small.

March 10. Partial burning of the dwelling-house of Ignatius Sargent, Warren Street. Loss upon building and contents, \$2,400. Insurance recovered, \$2,400.

May 19. Slight fire on the roof of house owned and occupied by Edward Maley, Kerrigan Lane. Loss on building, \$25. Insurance recovered, \$25.

May 28. Slight fire in house, owned by J. C. Abbott, and occupied by — Rice. No damage.

July 4. Alarm for a fire in Boston.

July 24. False alarm of fire.

August 12. Partial burning of a stable, owned and occupied by E. I. Thomas, Harvard Avenue. Loss on building and contents, \$1,600. Insurance recovered, \$1,600.

October 20. Burning of rags in a house, owned by J. Glynn, Kerrigan Lane, and occupied by James Curry. No damage.

December 21. False alarm from A. W. Blake's house, Washington Street.

December 26. Alarm caused by burning of shavings in the cellar of the house owned and occupied by H. Little. No damage.

January 9. Fire in stable owned and occupied by M. Quinlan, Walnut Street. No damage.

January 30. Alarm caused by the burning of a chimney in the house owned and occupied C. P. Gardner, Clyde Street. Damage slight.

Number of still-alarms of fire, 12.

REPORT OF THE COMMITTEE ON MEMORIAL TABLETS.

The Committee appointed at the town meeting, held March 26, 1884, to erect tablets in the Town Hall in memory of the Brookline soldiers and sailors "who lost their lives in the War of the Rebellion," could find in existence no complete and accurate list of those who entered the service from Brookline, nor of those who died in the service. The first duty of the Committee was, therefore, to ascertain what names should be enrolled on the tablets. In order to obtain information a printed circular, containing as full a list of names as could be compiled from all available sources, was sent generally to the citizens of Brookline, and to others outside of the town, and was also reprinted in the newspapers, with a request for further information. From the answers received, and from a careful examination by Maj. Rice of the rolls of Massachusetts volunteers at the State House, a list was finally prepared, which is supposed to contain the names of all Brookline men who died in the United States service during the war.

The Committee had under consideration the names of several soldiers who died shortly afterwards, of disease contracted during service, but decided that by the vote constituting the Committee, they were limited to those who died before the war closed.

The list, as thus ascertained, includes the names of seventy-one soldiers and sailors. Of these, a few were non-residents or substitutes credited to the Brookline quota, but most of them were natives of the town, or resided here at the time of their enlistment. So far as space would allow, the record of their service and death has been given in the inscription. It is a noteworthy fact that an unusually large proportion were killed, or died of wounds received in action.

There was much difficulty in deciding where to put the tablets. The Committee were limited to the Town Hall, but found the wall-space so broken up by doors and windows, as to leave only two places large enough for suitable tablets, unless they were to be divided into two or more portions, which was thought undesirable. The most prominent place was the wall back of the stage in the main hall, but as any tablets which could be procured for the money appropriated, would look lost in so large a space, and would not be readable from the floor, it was decided to place them in what finally appeared to be the only available position, on the landing of the main stairway, under the large front window.

A sub-committee, consisting of Messrs. Cabot and Rice, after carefully examining different materials and plans for tablets, selected slabs of reddish Tennessee marble on a background of black marble, in the form shown by the accompanying engraving.

The appropriation for the tablets was \$1,000. The expenditure has been —

For printing and postage	\$20 00
Tablets and cutting	576 70
Setting up	55 27
Total	<u>\$651 97</u>

—leaving an unexpended balance of \$348.03.

Respectfully submitted.

EDWARD C. CABOT.

L. FRED'K RICE.

CHARLES STORROW.

B. F. BAKER, *Town Clerk.*

REPORT ON SUITS TO WHICH THE TOWN IS A PARTY.

FEBRUARY 12, 1885.

Alfred D. Chandler, Esq.

Chairman Selectmen of Brookline :—

DEAR SIR,—We make the following report of the suits in which we have been counsel for the town, to wit :—

FIRST,—

TOWN OF BROOKLINE *vs.* JOHN SHERMAN.

This is an action of replevin to recover certain furniture removed from the engine house of the town on the night of April 21, 1882. As stated in our last report the case was referred to an auditor, who made a report in favor of the town. The case was tried at the last September term of the Superior Court, at Dedham, before Judge Bacon, without a jury, who found in favor of the town. The defendant alleged exceptions, which will come up for argument before the Supreme Court, in March next.

SECOND,—

WILLIAM J. HANNA *vs.* TOWN OF BROOKLINE.

Petition to enforce a mechanic's lien upon the new school house and lot of land on Walter Avenue. This case was settled before entry in Court, without expense to the town except our charge.

THIRD,—

ANDREW F. LEATHERBEE
vs.

ISAAC MCLEAN, (TOWN OF BROOKLINE AND OTHERS, TRUSTEES.)

This case was settled by the parties before entry in Court, without expense to the town except our charge.

FOURTH,—

CATHERINE FOSTER *vs.* TOWN OF BROOKLINE.

This is an action of tort brought to recover damages for injuries alleged to have been received by a fall on the plank

sidewalk on Boylston Street (Bradley's Hill). The plaintiff claims that the walk was out of repair. The case was entered at the December term of the Superior court at Dedham, and will come up for trial at the coming April term.

FIFTH, —

This was a claim of \$496.09 paid by the town for the support of an insane woman at the asylum. The husband of the insane woman paid \$100 on account of the bill, and gave a mortgage on real estate owned by him to secure the payment of the balance.

SIXTH, —

We have been unable as yet to collect anything on the claim of \$396 against Thomas Feeley referred to in our last report, not having been able to ascertain his residence, or to find any property to attach.

Very respectfully,

M. & C. A. WILLIAMS.

REPORT OF THE COMMITTEE ON TREES.

BROOKLINE, January 27, 1885.

To the Selectmen of Brookline:—

GENTLEMEN, — The undersigned, appointed at the adjourned annual meeting, held April 7th, 1884, to consider the subject of planting trees in the streets, met to-day and voted to address to the Representative of the town in the General Court a communication, of which they annex a copy ; all of which is respectfully submitted by

C. S. SARGENT.

CHARLES H. STEARNS.

FRED'K LAW OLMSTED.

B. SCHLESINGER.

BROOKLINE, January 27, 1885.

Clement K. Fay, Esq., State House, Boston:—

DEAR SIR,—The undersigned respectfully ask you to introduce an order in the House to give to the town of Brookline the power to appropriate money for planting and taking care of trees on the highway, to the extent of one dollar for each ratable poll.

We are yours truly,

(Signed)

C. S. SARGENT.

EDWARD ATKINSON.

CHARLES H. STEARNS.

B. SCHLESINGER.

F. L. OLMSTED.

As a result of the above the Legislature has since passed the following Act, giving to the town of Brookline the desired powers :—

Commonwealth of Massachusetts.

In the Year One Thousand Eight Hundred and Eighty-five.

AN ACT

To authorize the Town of Brookline to make Annual Appropriations for Shade Trees, Shrubs or Vines.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows :

SECTION 1. The town of Brookline may, at an annual meeting, by a vote of two-thirds of the legal voters present and voting thereon, appropriate

a sum not exceeding one dollar, for each of its ratable polls in the preceding year, to be expended by a committee of three, to be chosen by ballot, in setting out and maintaining shade trees, shrubs or vines, upon the public squares and highways of said town, or in premiums, or in any other way which they may deem most effectual to encourage the planting of shade trees, shrubs or vines upon said public squares or highways by the owners of adjoining real estate, or upon said adjoining real estate, at a distance not exceeding twenty feet from said public squares, or highways, for the purpose of shading or ornamenting the same.

SECT. 2. Any appropriations made by said town in pursuance of this act, shall be in lieu of and not in addition to the moneys which towns are allowed to appropriate by section twelve, chapter twenty-seven, and section nine, chapter fifty-four of the Public Statutes.

SECT. 3. This act shall take effect upon its passage; but shall become void unless accepted by two-thirds of the voters of said town, present and voting at an annual meeting within two years from the passage hereof.

REPORT OF THE COMMISSIONERS OF THE SINKING FUND.

The Commissioners of the Sinking Fund of the Town of Brookline herewith submit their annual report.

The commissioners have paid town notes amount-	
ing to	\$548,308 00
The estimated value of the investments now con-	
stituting the fund is	176,912 99
	<hr/>
	\$725,220 99
The amount of appropriation for the Sinking Fund to this	
date is	635,807 25
	<hr/>
Showing an increase of	\$89,413 74

The present investments of the Sinking Fund are as follows. The estimated values are the bidding-prices for the securities Jan. 1, 1885:—

BROOKLINE, January 31st, 1885.

(E. and O. E.)

CHARLES D. HEAD,

Treasurer of Commissioners of Sinking Fund.

REPORTS

OF THE

TOWN TREASURER AND COLLECTOR,

OF THE TREASURER OF THE

TRUSTEES OF WALNUT HILLS CEMETERY,

AND OF THE TREASURER OF THE

WARREN FUND FOR PLANTING TREES,

FOR THE YEAR ENDING FEBRUARY 14, 1885.

As the drafts from the several departments on the Town Treasury for the January expenses are never made until the following month, the Treasurer's books cannot be closed until nearly the middle of February. Nothing has been paid, however, which the town did not receive the equivalent of before February 1st.

*General Summary of the operations of the Town Treasury
for the Year ending February 14, 1885.*

[FULL DETAILS IN SUBSEQUENT PAGES.]

	Total payments	\$690,248 83

STATEMENT OF MONEY BORROWED.

IN ANTICIPATION OF TAX RECEIPTS.

The Treasurer was authorized to borrow in anticipation of the Taxes of the current year	\$200,000 00
and for defraying the cost of the School Street Brook Sewer, building certain Sidewalks and Watering Streets, in anticipation of the Taxes of 1885	25,124 00
In all	<u>\$225,124 00</u>

Only \$110,000 was borrowed, viz:—

April 1. Of Com. of Mass., payable Oct. 16, '84, \$50,000 at $3\frac{7}{8}\%$ per annum.	
June 26. Of N. E. Trust Co., " " 26, '84, \$60,000 at $4\frac{1}{2}\%$ per annum.	

When the last amount was negotiated there was a stringency in the money market, but the rate secured was $\frac{1}{2}\%$ below the ruling prices, a neighboring city having paid 5 % at the same time.

TO BUILD HIGH-SERVICE WATER WORKS.

Two hundred and fifty copies of the following circular were mailed to the principal Banking firms and Savings Institutions in New England, and supplemented by advertisement of the same in the principal daily and weekly Boston papers:—

TOWN OF BROOKLINE.

WATER SCRIP.

3.65 % AVERAGE $5\frac{1}{2}$ YEARS.

OFFICE OF THE TOWN TREASURER,
January 3d, 1885.

Sealed proposals will be received until Monday, the nineteenth day of January, 1885, at noon, for any amount not exceeding one hundred thousand dollars, of the Water Scrip of the Town of Brookline, authorized by an act of the Legislature of Massachusetts, approved March 26, 1884, entitled "An Act to authorize the Town of Brookline to issue additional Water Scrip" (Chapter 105, Acts of 1884), and accepted by the Town April 14, 1884.

The Scrip will be coupon, of the denomination of \$1,000 each piece, bearing three and sixty-five one-hundredths per centum per annum interest, payable semi-annually at the First National Bank of Boston, on the first days of February and August of each year.

The Scrip will be dated February 1st, 1885, and payable

\$10,000 February 1st, 1886.	\$10,000 February 1st, 1891.
10,000 " " 1887.	10,000 " " 1892.
10,000 " " 1888.	10,000 " " 1893.
10,000 " " 1889.	10,000 " " 1894.
10,000 " " 1890.	10,000 " " 1895.

The population of Brookline is 9,000.

The assessed valuation for the tax levy of 1884 was \$26,646,500, exclusive of corporation stocks, assessed by the State at over \$4,000,000.

The total debt of the town, this date, is \$1,189,950, of which \$591,000 is for water, thus leaving the municipal debt \$598,950, being only $2\frac{1}{4}\%$ per cent of the valuation of taxable property in the town.

The value of securities in the sinking fund, this date, is \$176,679.

The right is reserved to reject any or all bids.

Proposals must be endorsed, "Proposals for Brookline Water Scrip," and addressed to

GEO. H. WORTHLEY,
Treasurer of Brookline, Mass.

The loan was taken by Messrs. Blake Bros. & Co., of Boston, at par and $\frac{1}{100}$ per cent premium, or \$1,001 $\frac{4}{100}$ for each \$1,000 bond, that being the highest bid. This is the lowest interest-bearing bond in the State.

The Total Debt, at the beginning of the year, was\$1,318,950 00
This included \$23,300 which was borrowed in 1883 for one
year, in anticipation of the Taxes of 1884.

There was Borrowed this year in anticipation of taxes.. 110,000 00
so that from June 26th to July 16th the debt aggregated..\$1,428,950 00

The Payments have been the entire amounts borrowed
last year and this in anticipation of taxes..\$133,300 00
and of the Funded Debt, the following :—

Notes to N. E. Mutual Life Ins. Co., borrowed					
July 16, 1873, at $6\frac{1}{2}\%$	\$49,000 00				
Com. of Mass. borrowed Dec. 20,					
1870, at $6\frac{1}{2}\%$	30,000 00				
N. E. Mutual Life Ins. Co., borrowed					
May 24, 1872, at $6\frac{1}{2}\%$	35,000 00	114,000 00	247,300 00		
				\$1,181,650 00	

For building the High-Service Water Works there was
issued Feb. 2, 1885, Water Scrip 100,000 00

Leaving the Debt \$1,281,650 00

— a net decrease of \$37,300, and a practical refunding of \$100,000 from a
 $6\frac{1}{2}\%$ to a $3\frac{6}{10}\%$ rate of interest. The detail is as follows :—

On the 22d July, 1884, five parcels of real estate were sold by the Collector, at auction, for the taxes assessed on them for the year 1882.

On the 22d September, 1884, one parcel of real estate was sold at auction by the Collector for an assessment laid thereon for sewers, Sept. 24, 1883. As no purchaser appeared on the day advertised, or subsequently, the sale was postponed from day to day, as provided by the statute, and the property was finally taken by the Collector for the town, according to law.

There are now no over-due Sewer Assessments.

(E. & O. E.)

BROOKLINE, February 14th, 1885.

GEO. H. WORTHLEY,

Treasurer and Collector.

REPORT OF THE AUDITORS.

The Auditors have examined the accounts of Moses Withington, Treasurer, to July 1st, 1884, when he resigned his office; and of George H. Worthley, who was appointed by the Selectmen to fill the vacancy for the unexpired term, as Treasurer of the Town of Brookline, of the Warren Tree Fund, and of the Walnut Hills Cemetery Fund. They find the same correctly cast, and with the proper warrants and vouchers. They have also examined the accounts of the Treasurer of the Sinking Fund and the securities in his possession, and find them as reported by him to the town. They have also examined the accounts of the Water Registrar, and find the same correctly entered and properly vouched.

An entry on the Treasurer's books, under date of March 5th, 1884, shows that Moses Withington, the retiring Treasurer, was paid the sum of one hundred dollars to rectify an error made at the close of the fiscal year preceding, in crediting the amount of fines received from the Brookline Police Court. This entry was approved upon the books of the Treasurer, in writing, by Charles H. Drew, Esq., Trial Justice, (by whom the fines were paid into the treasury,) and also by Mr. Worthley, as Auditor. In balancing the books on the day the original entry was made Mr. Withington found there was a shortage of \$100 in his cash-account, and he promptly made it good from his private purse. The cause for this shortage was not discovered until the books had been reopened for the new year, when the amount was withdrawn by him as stated. While the Auditors have no doubt of the equity of this transaction, they believe the manner in which the account was adjusted to have been irregular. The fiscal year in which the error occurred having passed, and the books

having been closed and audited, a bill should have been presented to the Board of Selectmen, and they should have drawn a warrant upon the treasury for the amount of the claim.

The attention of the Auditors has been directed especially to the matter of interest-charges on over-due taxes. A town by-law requires that interest shall be charged upon all taxes other than poll remaining unpaid after the tenth day of October, — the interest to be charged from that date. It transpires, however, that in several instances heavy taxpayers, having neglected to pay their taxes within the prescribed time, have disregarded the interest-charge and remitted by check amounts covering the face of the tax-bills only. The Auditors recommend that the payment of the interest on over-due taxes be enforced by the Collector in all cases, unless the same be abated by the Board of Assessors.

Very respectfully,

WM. E. LINCOLN,
C. A. W. SPENCER,

Auditors.

BROOKLINE, March 2, 1885.

REPORT OF THE ASSESSORS.

The Assessors, having completed their duties, beg to present the following report: —

There has been an increase in the valuation of real estate over last year of \$465,100, largely due to the erection of new and expensive dwelling houses — and an increase of personal estate (including \$600,000 increase of corporation and bank stocks) of \$1,015,000, making a total increase over last year of \$1,480,000. This is evidently owing to a large accession of property holders, attracted, we may suppose, by the favorable rate of our taxation in addition to the natural advantages of our beautiful town. The large number of first-class houses now building, the preparations now making for a still more extensive building in the coming spring, and the increasing demand for real estate, with the addition of two new lines of horse railroad to Boston, altogether are most gratifying indications of our prosperous condition, and warrant the anticipation of a still larger increase in the coming year.

If the spirit of prudence which has governed the expenditures of the town in the years last passed shall continue to prevail, we may expect to see a still more rapid increase of taxable property, and a consequent steady reduction of our tax rate in the near future.

We present herewith a condensed statement of the taxation of the town, with a table of aggregate of expenditures, debt, valuation and rate, up to the present time.

WILLIAM LINCOLN,
J. ANSON GUILD,
R. G. F. CANDAGE,

Assessors of Brookline.

CONDENSED STATEMENT

OF THE TAXATION OF THE TOWN OF BROOKLINE FOR THE YEAR 1884.
